Comment Set D.68: Daniel P. Fierro

CALIFORNIA PUBLIC UTILITIES COMMISSION
Public Meeting Comments

Proposed Antelope-Pardee 500-kV Transmission Project

Date: 9-15-06
Name*: DANIEL P. FIERRO
Affiliation (if any):* ____________________________
Address:* 30425 AGUA DULCE CYN. RD.
City, State, Zip Code:* AGUA DULCE, CA 91390
Telephone Number:* 661-268-8906
Email:* Opposition to Alternative 5

To: CAL Public Utilities Commission and USDA Forest Service
I find this project both detrimental and unsafe to the health, safety, and welfare of all the citizens of our lovely community. To my horror I discovered only scant days ago (as did most of my fellow townspeople) of this project! All of our legal rights were nullified.
Please extend the comment period.

Please enter into the environmental impact report (EIR) my name and objections.
This project will negatively impact over 1200 families with:
Possible/very real Property Devaluation
Impacts of Noise, Safety and Health not only to Humans but all the intrinsic biota and unique Wild Life!

*Please print. Your name, address, and comments become public information and may be released to interested parties if requested.

P.S. I AM AFFECTED, I WILL USE MY ELECTRICITY FREE TO THANK YOurs, DANIEL FIERRO
Response to Comment Set D.68: Daniel P. Fierro

D.68-1 On September 13, the CPUC and the Forest Service formally extended the public review period for the Draft EIR/EIS to October 3, 2006. Please see General Response GR-5 on notifying procedures and Draft EIR/EIS review period.

D.68-2 Please see General Response GR-1 regarding potential effects on property values. The proposed Project and each of the alternative routes would result in impacts to a number of issue areas that include biological resources (Section C.3), public health and safety (Section C.6), and noise (Section C.10), which are discussed in the aforementioned sections of the Draft EIR/EIS.
