Leona Valley has such an old town feel that's wonderful. My children are in school here and I love it. You just can't beat the incredible view down the valley. These power lines can't come through here, it would destroy everything people's homes, their lives, their health.

I was told it was to power Santa Clarita Valley. Well let it go through there, not the Antelope Valley especially not beautiful Leona Valley.

D.73-1 Thank you for submitting your opinion on the Project. A number of alternative routes were identified during the Scoping process to avoid the impacts of SCE’s proposed Project. See General Response GR-4 regarding the alternatives identification process for the Project. Also, see General Response GR-3 regarding EMF health concerns.
