Comment Set D.84: Allen and Jeannine Nachowitz

We are completely opposed to the proposals of the transmission project. There are only negative, impact issues when these Valley residents. The main reason we bought our homes, higher utility rates & the willingness to commute hours to our jobs is because we are environmental enthusiasts who specifically wanted to live away from any contamination in a quieter, cleaner, safer community with the natural wildlife, raising our families & pets.

Our property values would take a nose dive based on increased power lines.

Environmentally, what happens to our wildlife, who wants to risk their health, have a shorter life span?

1. Explain to our kids how deprivations happen to their pets.

The best goes on on. With your negatively impacting our community if this project is approved.

Please do not let it happen. Thank you.
