Telephone Number*: 661-270-0840 661 618-5494

Email*: ngian@msn.com

I understand the necessity of the power lines to reach other areas, however, I do not believe that doing so at 5 will cause more harm than good. It is not cost effective nor is it the safest alternative. It will disrupt many family lives. There is not much land like Lonesome Valley. It’s a rural community and yet not far from town. I’m not worried about spoiling the view or anything like that, just concerned about health and safety. Please consider another alternative to RT 5 or modify RT 5 so it bypasses the homes and families in our communities.
