My husband & I have owned our home (2/3 acres) for 20 years and are approx 1/2 mile from the proposed power lines which would be behind 107th St.

We are very concerned about the decrease in property values & possible health concerns due to the proximity of these High Voltage lines with their magnetic fields.

Surely a route that doesn't negatively impact so many of the very citizens the Public Utility is mandated to serve would be more appropriate.

Thank you -

Barbara P. Hempe
