J. Index

Agriculture (Land Use and Public Recreation)
See Section C.9

Air Quality (Section C.2)
Affected Environment.................................. C.2.1
Impact Analysis of the Proposed Project...... C.2.5
Impact Analysis of the Alternatives .......... C.2.6
........................ C.2.7, C.2.8, C.2.9, C.2.10
Impact and Mitigation Summary ............ C.2.12

Alternatives
Section B.4 of the EIR/EIS is devoted to describing the alternatives.
Appendix 1 of the EIR/EIS describes the alternatives screening process.
Sections C.2 through C.15 present analysis of each alternative by issue area.
  Description of the Alternatives: Section B.4
  Screening of the Alternatives: Section B.3 and Appendix 1
  Alternatives Considered but Eliminated: Section B.3.4
  Comparison of the Consequences of the Alternatives: Sections D.3 and D.4
  Environmentally Superior Alternative: Section D.5

Archaeological Resources
See Section C.4, Cultural Resources

Biological Resources (Section C.3)
Affected Environment................................ C.3.1
Impact Analysis of the Proposed Project...... C.3.5
Impact Analysis of the Alternatives .......... C.3.6
........................ C.3.7, C.3.8, C.3.9, C.3.10
Impact and Mitigation Summary ............ C.3.12

California Public Utilities Commission

Climate and Meteorology
See Section C.2, Air Quality

Construction
See Section B.2.2

Cultural Resources (Section C.4)
Affected Environment............................. C.4.1
Impact Analysis of the Proposed Project...... C.4.5
Impact Analysis of the Alternatives .......... C.4.6
........................ C.4.7, C.4.8, C.4.9, C.4.10
Impact and Mitigation Summary ............ C.4.12

Cumulative Effects
The last Section (13) in each issue area of Sections C.2 through C.15 of the EIR/EIS is devoted to cumulative effects (i.e., C.2.13, C.3.13, etc.).

Economics
See Section C.12, Socioeconomics

Comparison of Alternatives
See Section D

Endangered Species
See Section C.3, Biological Resources

Electric and Magnetic Fields (EMF)
See Section C.6, Public Health and Safety

Environmental Analysis
Section D.1 of the EIR/EIS describes approach and methodology. Each part of Section D.4 describes methodology specific to the discipline addressed.

Environmental Justice
See Section E.2.12

Forest Management Activities (Section C.7)
Affected Environment............................. C.7.1
Impact Analysis of the Proposed Project ...... C.7.5
Impact Analysis of the Alternatives .......... C.7.6
........................ C.7.7, C.7.8, C.7.9, C.7.10
Impact and Mitigation Summary ............ C.7.12

Geology, Soils, and Paleontology (Section C.5)
Affected Environment............................. C.5.1
Impact Analysis of the Proposed Project ...... C.5.5
Impact Analysis of the Alternatives .......... C.5.6
........................ C.5.7, C.5.8, C.5.9, C.5.10
Impact and Mitigation Summary ............ C.5.12
Growth-Inducing Effects
See Section E.1.4

Historic Sites
See Cultural Resources, Section C.4

Hydrology and Water Quality (Section C.8)
Affected Environment .................................... C.8.1
Impact Analysis of the Proposed Project .... C.8.5
Impact Analysis of the Alternatives .......... C.8.6
...................... C.8.7, C.8.8, C.8.9, C.8.10
Impact and Mitigation Summary ............ C.8.12

Land Use and Public Recreation (Section C.9)
Affected Environment .................................... C.9.1
Impact Analysis of the Proposed Project .... C.9.5
Impact Analysis of the Alternatives .......... C.9.6
Impact and Mitigation Summary ............ C.9.12

Mitigation Measures
Each part of Section C presents mitigation measures, as required.
See Mitigation and Monitoring Plan, Appendix 9

No Action Alternative
See Section B.4.6

Noise (Section C.10)
Affected Environment .................................... C.10.1
Impact Analysis of the Proposed Project .... C.10.5
Impact Analysis of the Alternatives .......... C.10.6
...................... C.10.7, C.10.8, C.10.9, C.10.10
Impact and Mitigation Summary ............ C.10.12

No Project Alternative
See Section B.4.6

Operation and Maintenance
See Section B.2.3

Paleontological Resources
See Geology, Soils, and Paleontology, Section C.5

PdV Wind Energy Project
See Section E.3

Permits
See Section A.5

Public Health and Safety (Section C.6)
Affected Environment .................................... C.6.1
Impact Analysis of the Proposed Project .... C.6.5
Impact Analysis of the Alternatives .......... C.6.6
...................... C.6.7, C.6.8, C.6.9, C.6.10
Impact and Mitigation Summary ............ C.6.12

Public Participation and Notification
See Section F

Public Services (Section C.11)
Affected Environment .................................... C.11.1
Impact Analysis of the Proposed Project .... C.11.5
Impact Analysis of the Alternatives .......... C.11.6
...................... C.11.7, C.11.8, C.11.9, C.11.10
Impact and Mitigation Summary ............ C.11.12

Purpose and Need for the Project
See Section A.3

Recreation
See Land Use and Public Recreation, Section C.9

Scoping
See Section F.2

Significant Unavoidable Impacts
See Section E.1.2

Irreversible and Irretrievable Commitment of Resources
See Section E.1.3

Socioeconomics (Section C.12)
Affected Environment .................................... C.12.1
Impact Analysis of the Proposed Project .... C.12.5
Impact Analysis of the Alternatives .......... C.12.6
...................... C.12.7, C.12.8, C.12.9, C.12.10
Impact and Mitigation Summary ............ C.12.12

Soils
See Geology, Soils, and Paleontology, Section C.5

Tehachapi Collaborative Study Group
See Section A.3.2 (page A-11)

Threatened and Endangered Species
See Biological Resources, Section C.3

Transportation and Traffic (Section C.13)
Affected Environment .................................... C.13.1
Impact Analysis of the Proposed Project .... C.13.5
Impact Analysis of the Alternatives .......... C.13.6
...................... C.13.7, C.13.8, C.13.9, C.13.10
Impact and Mitigation Summary ............ C.13.12
Utilities and Service Systems (Section C.14)
   Affected Environment.......................... C.14.1
   Impact Analysis of the Proposed Project. C.14.5
   Impact Analysis of the Alternatives ....... C.14.6
   Impact and Mitigation Summary............. C.14.12

USDA Forest Service
   See Section A (pages A-1, A-3, A-4, A-12, A-13, A-14, A-17) and Section C.7 (Forest Management Activities)

Visual Resources (Section C.15)
   Affected Environment.......................... C.15.1
   Impact Analysis of the Proposed Project. C.15.5
   Impact Analysis of the Alternatives ....... C.15.6
       ............. C.15.7, C.15.8, C.15.9, C.15.10
   Impact and Mitigation Summary............. C.15.12

Water Quality
   See Hydrology and Water Quality, Section C.8
