**Subject:** Power lines Sunlakes Country Club

To whom it may concern,  
We believe that the proposed line upgrade through the Sunlakes development should be accomplished using buried plant technology and procedures as opposed to the existing aerial option.

- C48-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative.
