Subject: Power lines thru Sun Lakes

from Arnold E. Eigenhuis

It is imperative that the power lines be placed underground thru the Sun Lakes community. My backyard is on the 14th fairway which will be the pathway for the power lines. I have a PACEMAKER and the above ground power lines may potentially affect it. I am on a fixed income and cannot afford to move. The above ground power lines may be LIFE THREATENTNG for me. 5948 LK Buena Vista Way Banning, Ca. 92220.

- C49-1** Please see Draft EIR Section D.7 (Hazards and Hazardous Materials) for a discussion of issues related to cardiac pacemakers. Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative.
