Dear Mr. Rosauer,

We have been residents of Mission Viejo for 23 years. We also live in the area that will be directly affected by the installation of new power lines. We have MAJOR health issue concerns as well as aesthetics. Our property values will certainly suffer should these lines be installed. In speaking with other neighbors we also learned that Edison did not follow the proper procedure for this project.

21-1

Please consider all these issues as if it were your own neighborhood.

Thank you,

Mike and Sheila Kelly
