

Southern California Edison
Circle City and Mira Loma-Jefferson PTC A.15-12-007

DATA REQUEST SET A1512007 ED-SCE-01

To: ENERGY DIVISION
Prepared by: DeShawn Spencer
Title: Engineer
Dated: 01/04/2016

Question 01:

Project Description

Confidential - Regional System Maps - the following response will be confidential because it contains Critical Electrical Infrastructure information.

Confidential - Regional System Maps - the following response will be confidential because it contains Critical Electrical Infrastructure information. Provide regional system maps showing all relevant information about substations, transmission lines, subtransmission lines and distribution circuits for the area encompassed by both the Mira Loma - Jefferson Study area and the Electrical Needs Area shown on Figure 1-1 of the PEA.

Response to Question 01:

The question notes that the requested maps would be considered "Confidential" and/or "CEII." SCE has determined that they are not Confidential or CEII and has provided them without such designation.

Please see the following attachments.

The map attached as "Attachment 1--A1512007 ED_SCE_01 Transmission_Subtransmission Regional Map" is a geographical representation of the relevant transmission and subtransmission lines encompassed by the Mira Loma - Jefferson study area and the Circle City Electrical Needs Area shown on Figure 1-1 of the PEA.

The map attached as "Attachment 2--A1512007 ED_SCE_01 Substation_Circuit Regional Map" is a geographical representation of the relevant distribution substations encompassed by the Circle City Electrical Needs Area shown on Figure 1-1 of the PEA. Additionally, this maps illustrates the area of coverage for the circuits that originate from the existing distribution substations encompassed by the Circle City Electrical Needs Area.
