

**APPENDIX B:
LIST OF PREPARERS**

THIS PAGE IS INTENTIONALLY BLANK

PROPONENT – SOUTHERN CALIFORNIA EDISON COMPANY

This section lists those individuals who either prepared or participated in the preparation of this PEA.

Contributors

Dave Lowerison
SCE Project Manager
BS, Quantitative Analysis and Business Computer Methods, California State University, Long Beach
MBA, University of Phoenix
JD, Western State University

Ted Heath, PE
SCE Project Manager
BS, Engineering with an emphasis in Ocean Engineering, California State University, Long Beach
Certificate, Project Management, University of California, Irvine

Robert Franzo
SCE Transmission Planner III

Daniel Gamboa
SCE Substation Engineer
BS, Electrical Engineering, California State University, Los Angeles

Heather Neely
SCE Technical Specialist/Scientist III
BS, Physiology, California State Polytechnic University, Pomona
MBA, Business with an emphasis in Marketing, University of La Verne
MS, Environmental Science (candidate), California State University, Fullerton

Charles Kim, PE
SCE EMF Sr. Engineer
BS, Electrical Engineering, University of California, Irvine

Maija Benjamins
SCE Biologist
BS, Biology, Binghamton University
MS, Ecology, College of Environmental Science and Forestry

Thomas T. Taylor
SCE Manager, Natural and Cultural Resources
BA, Anthropology/Archaeology, California State University, Fullerton
MA, Anthropology/Archaeology, California State University, Fullerton

Philippe Lapin MA, RPA
SCE Archaeologist
BA, Anthropology, University of California, Irvine
MA, Anthropology, California State University, Fullerton

Arnel L. Wilson, QEP, CPP
SCE Air Quality Technical Specialist/Scientist
MS, Environmental Engineering, University of Florida

Robert Dowser
SCE Project Construction Manager
BS, Business Management, University of Phoenix

Consultant Team

This PEA was prepared for Southern California Edison Company by EPG, Inc. (Environmental Planning Group) of Phoenix, Arizona under the direction of SCE Environmental Health and Safety. The following EPG staff contributed to this report:

EPG, INC. (ENVIRONMENTAL PLANNING GROUP)

Contributors

Michael Siegel, AICP
EPG Principal-In-Charge
BA, Psychology, University of California, Los Angeles
MCRP, City and Regional Planning, I.I.T.

Cary Roberts
EPG Project Manager/ Senior Environmental Planner
BS, Ecology and Evolutionary Biology, University of Arizona
MS, Environmental Management, Duke University

Kevin Duncan, AICP
EPG Environmental Planner
BS, Urban Planning, University of Utah

Emily Belts
EPG Environmental Planner
BA, Landscape Architecture and Business, Arizona State University

Marc Schwartz
EPG Visual Resource Specialist
BS, Forestry, Northern Arizona University
MLA, Landscape Architecture (candidate), University of Arizona

Linda Garbereno
EPG Visual Resource Specialist
BS, Geography and GIS Certificate, Arizona State University

Jeremy Parker
EPG Visual Resource Specialist
BS, Environmental Design, Auburn University
MLA, Landscape Architecture, Auburn University

Eric Stitt
EPG Biologist
BS, Biology, California State University, Sacramento
MS, Wildlife Ecology, University of Arizona

Locana deSouza
EPG Biologist
BS, Wildlife Ecology, University of Arizona

Robert Rowe, RPA
EPG Archaeologist
BA, Anthropology/Geology, Metropolitan College of Denver
MA, Anthropology, University of Denver

Joe Dickinson
EPG GIS Specialist
BS, Geography (candidate), Arizona State University

Jeff Barber
EPG GIS Specialist
BS, Applied Geography, Northern Arizona University

Skip Przywara
EPG Graphic Designer
Courses in Typography, Visual Communication, and Graphic Design

Ben Kulas
EPG Editor
BA, Interdisciplinary Studies, Wesleyan University
MA, History, University of Arizona

Kristie James
EPG Document Production

EPG Subcontractors

Danny Kringel
ERM Air Quality Program Director
BA, Mathematics, University of Southern California

Ramon Nugent
Acentech Supervisory Consultant
BS, Engineering Science, Iowa State University
MBA, California Lutheran University

Rose Mary Su
Acentech Consultant
BS, Electrical Engineering, Bucknell University
MS, Engineering Acoustics (candidate), Penn State University
