CALIFORNIA PUBLIC UTILITIES COMMISSION

SAFETY AND ENFORCEMENT DIVISION

APPLICATION PACKET

CHARTER-PARTY CARRIER

OF PASSENGERS
October 2, 2014

Subject: Senate Bill 611 – Livery Plates

On September 30, 2014, Governor Edmund G. Brown, Jr., signed Senate Bill (SB611) an urgency statute, eliminating the special license plate program administered by the Department of Motor Vehicles. In accordance with SB611, the California Public Utilities Commission, Safety and Enforcement Division (SED), License Section will immediately discontinue issuing letters to limousines for charter party carriers who operate limousines.

Per the Department of Motor Vehicle (DMV), existing Livery license plates will remain valid. However, new entrants who seek authority to operate limousines operating for hire will be issued commercial license plates by the DMV. If you have questions about commercial license plates, contact your nearest DMV office.

SED will continue to issue decals in accordance with Public Utilities Code Section 5385.5 states:

For motor vehicles designed to carry not more than eight passengers, including the driver, the commission shall issue a suitable decal for purposes of Section 5385, for each vehicle registered with the commission and operated by a charter-party carrier of passengers holding a valid permit or certificate of public convenience and necessity. The decal with an identifying symbol shall be a minimum size of two and one-half inches by six inches, and shall be affixed to the lower right hand corner of the rear bumper of the vehicle.

With the elimination of the special license plate program, SED anticipates a heavy volume of new requests of decals for vehicles that meet the above referenced description.

In the interim, SED has notified law enforcement about this change and has advised them not to issue citations related to livery plates and/or decals.

SED will notify you when new decals will be available.

If you have any questions, please contact the License Section at licensing@cpuc.ca.gov or 1-800-877-8867.

Very truly yours,

[Signature]
Denise Tyrrell, Director
Safety and Enforcement Division
California Public Utilities Commission
Dear Applicant:

Herein you will find the necessary information and forms you need to apply for a charter-party carrier of passengers certificate or permit from the California Public Utilities Commission. Before you begin completing any forms, it is important that you read and understand the information on the following pages, including Basic Information for Passenger Carriers and Applicants immediately following this letter. That document is (1) an introduction and guide to help you decide which type of operating authority (if any) you need, (2) to guide you throughout the application process and tell you what to expect, and (3) a reference for you to keep and use after your authority is issued, to help you keep it in good standing.

Once you decide to apply, you will find a checklist, immediately preceding the application, listing the forms you must complete to obtain the requested certificate or permit. (Forms should be attached to the application in the order shown on the checklist.) Instructions and examples are provided to assist you in filling out some of the more complicated forms.

It is your responsibility to accurately complete and submit all required attachments. We will begin processing your application upon receiving the 5-page Application Form itself (PL739) with the required fee. However, we strongly recommend that you complete and submit as many of the required attachments together with the application as possible, as this will greatly speed up the process. Your authority will not be issued until you send all required attachments. You should not submit an application unless you are committed to meeting all requirements for issuance, and beginning operation, within 3 months. After about that much time, the License Section will deny an application if the applicant has not completed all requirements. Incomplete applications and/or incorrect information will delay issuance of your authority, and may cause denial. FILING FEES ARE NOT REFUNDABLE.

The most common cause for a delay in certificate/permit approval is the lack of insurance certification. You should pay special attention to the section devoted to that subject in the Basic Information for Passengers Carriers and Applicant that follows this letter.

Before returning your application, make a copy of the completed application and attachments for your records. If any problems arise it will be easier to resolve them if you have your own copies for reference.

License Section
Safety and Enforcement Division
Who should read this information?
If you will transport passengers over California public streets and highways, and are not sure if you need any kind of permit or certificate (authority) from the CPUC, or what kind you need, the answers to your questions are probably here. You will also find information to get you off to a good start if you do decide to apply. Also, keep it for your reference after you have your authority, as there is information to help you keep your authority in good standing. Please read all of this information before you begin filling out an application, and before you contact the CPUC License Section with questions. Thank you!

Will you perform California intrastate transportation?

California intrastate transportation is transportation that begins and ends in California, and does not cross any state line in between. Note that the CPUC has jurisdiction only over transportation that moves over public highways and streets. If transportation is conducted only on private property, then no CPUC authority is required.

If you will perform any California intrastate transportation, even occasionally, then you may be one (or more) of the types of passenger carriers regulated by the CPUC, described below. The following information is designed to help you determine whether you need CPUC authority, and if so, what kind you need.

If you will not perform any California intrastate transportation, then you do not need CPUC authority. Read the section immediately below about interstate transportation. The rest will not apply to you.

Will you perform interstate transportation?

Interstate transportation is transportation that crosses a state line, even if the trip begins and ends in one state, like California. Interstate transportation is not under the jurisdiction of the California Public Utilities Commission (CPUC) but may require authority from the federal government. If you will perform any interstate transportation, ask the Federal Motor Carrier Safety Administration (FMCSA—part of the U.S. Department of Transportation) whether you will need federal authority:

**Mailing Address:**  
FMCSA  
1200 New Jersey Avenue SE  
Washington, DC 20590

**Phone:** (800) 832-5660 TTY: (800) 877-8339

Will you perform both interstate and intrastate transportation?

If you will perform both interstate and intrastate transportation, you may need both federal and CPUC authority. Ask the FMCSA whether you require federal authority, and read the information below to determine whether your intrastate transportation requires CPUC authority.

Everything that follows assumes that you will perform at least some California intrastate transportation of passengers. In doing so, you may be one (or more) of the following types of carriers, requiring CPUC authority:
1. A passenger stage corporation (PSC). These require a “certificate of public convenience and necessity” (certificate).
2. A charter-party carrier of passengers (TCP). There are several types of charter-party certificates and permits, described in detail below.
3. A private carrier. These are required to register annually with the CPUC.

The information on the following pages will help you determine which of these three types of passenger carriers you will be, if any. As you will see, this can be a complicated question, so please read all of the information. Also, you may intend to perform more than one type of transportation that may require more than one type of authority. IMPORTANT NOTE: Certain types of transportation are specifically exempt from regulation as passenger stage or charter-party transportation, even though they may otherwise fit the definition. If you think you may be a PSC or TCP carrier, don’t make up your mind until you read everything below.

General Information About Vehicles
As part of the application process, charter-party and passenger stage carriers must provide the License Section with a list of all vehicles to be operated, including their license plate numbers, VIN numbers, and seating capacities. Thereafter, they must report to the License Section within 10 days of adding or deleting any vehicle from their fleet. The form for this purpose (PL 664) is included in the application packet, and may be downloaded from our web site.

Will I need separate authorities for each vehicle I will operate?
No. Whether you are a passenger stage corporation, a charter-party carrier, or a private carrier, you may operate any number of vehicles under one certificate, permit, or registration. If you have more than one type of authority, you may also use the same vehicle to operate under all authorities you have (except that a vehicle seating 16 or more, including the driver, may not be operated under a charter-party “P” permit). For example, you could operate as a passenger stage corporation on one trip, and use the same vehicle on another trip as a charter-party carrier.

Do I need to have a vehicle before I apply?
No, but unless you plan to contract with other charter-party subcarriers to provide all of your transportation services, you'll need to have a vehicle before we'll issue your authority. You should not apply for a charter-party authority until you’re absolutely sure you'll have a vehicle and will be ready to operate within 3 months. You’ll have somewhat more time if you apply for a passenger stage corporation certificate.

Seating Capacity
With the exception of a charter-party “P” permit, all the authorities below allow you to operate a vehicle of any seating capacity. Under a “P” permit, you may not operate a vehicle seating 16 or more, including the driver. Other things to be aware of:

1. If you operate a "bus" (a vehicle seating 11 or more, including the driver) you must undergo and pass a CHP bus safety inspection before your authority is issued, and every year thereafter (Vehicle Code Section 34505.1). As part of your application, you will fill out a “Terminal Inspection Fee Statement” and pay an additional $15 per bus. We will forward this to the CHP, along with other information you provide. The CHP will contact you to schedule an inspection. If you fail your CHP inspection, the CHP may recommend denial of your application to the Commission. The License Section is required by law to deny your
application upon receiving such a recommendation from the CHP. This would require you to refile and pay the application fee again.

2. The seating capacity of your largest vehicle will determine the level of public liability and property damage insurance you will be required to maintain on file with the CPUC, through your insurer. Refer to Commission General Order 101 Series (passenger stage), 115 Series (charter-party), or 160 Series (private carriers) for these limits. General Orders are available on line at www.cpuc.ca.gov/PUC/documents/go.htm.

General Information About Drivers

Drivers of passenger stage and charter-party vehicles must be licensed as required under the California Vehicle Code, and must comply with the driver provisions of Title 13, California Code of Regulations. They must also be the permit or certificate (CPUC authority) holder or under the complete supervision, direction and control of the operating carrier, and must be (A) an employee of the authority holder, or (B) an employee of a sub-carrier, or (C) an independent owner-driver who holds charter-party carrier authority and is operating as a sub-carrier.

DMV Pull Notice

All applicants for charter-party carrier and passenger stage corporation authority must enroll in the DMV Employer Pull Notice Program (EPN). The EPN provides employers and regulatory agencies with a means of promoting driver safety through the ongoing review of driver records. Through EPN, employers of drivers are notified of any of the following on the driving record of any employee driver: convictions, failures to appear, accidents, driver license suspensions or revocations, and any other actions taken against the driving privilege. Even if you are an owner operator (a sole proprietor with no employee drivers) you must enroll. As part of your application, you will be required to provide the License Section with a copy of your EPN contract with the DMV, which will include your Requester Code, assigned by the DMV. You should apply to the DMV for a Requester Code Number immediately. Your certificate/permit will not be approved without this number, and it may take DMV several weeks to issue it to you, so we recommend that you enroll as soon as you decide to apply for CPUC authority. To enroll in EPN, contact the DMV at (916) 657-6346 or visit this web page, which contains links to forms and frequently asked questions: www.dmv.ca.gov/vehindustry/epn/epngeninfo.htm.

Controlled Substance and Alcohol Testing Certification Requirements

All applicants for charter-party carrier and passenger stage corporation authority must provide for a drug testing program which includes educational materials for their drivers, training for supervisors and specified testing of drivers for use of controlled substances and alcohol, in accordance with General Order 157 Series (TCP) and General Order 158 Series (PSC). If you will employ only drivers who will operate vehicles with a seating capacity of 16 persons or more, including the driver, you will be exempt from this requirement if you certify to this effect, and comply with federal drug testing regulations. In selecting a drug and alcohol consultant to establish a drug and alcohol testing program for your company, you must select one that has been accepted and approved by the License Section. You will find a list of approved drug and alcohol consultants on our website, and this will also be included in your application packet.

Public Utilities Commission Transportation Reimbursement Account (PUCTRA) Fees

Charter-party carriers and passenger stage corporations are required to file either annual or quarterly revenue reports (depending on revenues) and to pay a $25 annual or $10 quarterly administrative fee plus a percentage of their gross operating revenues. Once your authority is
issued, you will receive the necessary forms and instructions by mail. Failure to file these reports by the deadlines shown on them will result in penalties, and suspension and revocation of authorities.

**TYPES OF PASSENGER AUTHORITY ISSUED BY THE CPUC**

The Commission issues two basic types of for-hire passenger carrier authorities, passenger stage corporation (PSC) and charter-party carrier of passengers (TCP), both of which are described in detail below. (A third type of carrier discussed below, private carriers, must register with the Commission. This is not referred to as an “authority”.) The application filing fees for these types of carriers are shown in the table below. No application will be accepted or processed without the correct filing fee. **FILING FEES ARE NOT REFUNDABLE.** Public Utilities Code §407 allows refunds of fees paid by charter-party carriers only where the fee was collected in error. If you file an application, then later change your mind about whether you want authority, or which kind, or which type of legal entity to apply as (see pp. 15-16), that is not “collected in error”. You will not receive a refund.

<table>

</tr>
</tbody>
</table>

*The term “refile” refers to an application, where an earlier application from the same legal entity was denied for any reason, or where the operating authority has expired before the renewal application was received. Refile fees are the same as New Application fees.

1. **Passenger Stage Corporations (PSC)** (The primary PUC sections governing PSC’s are §226, and §1031 through §1045.)

“Classic” PSC
Carriers charging individual fares are presumed to be PSC’s, except for round-trip sightseeing services, a type of charter-party carrier, discussed below. PSC’s provide scheduled service, over fixed routes, between fixed termini (points), such as regularly scheduled bus service. However, regularly scheduled bus service operated by a publicly owned transit system is not “passenger stage” service, and is not under CPUC jurisdiction.

**Door-to-door Shuttle Service**
Another type of PSC provides on-call service, for example, door-to-door airport shuttle service where all transportation begins or ends at a single terminus, such as an airport. Many vehicles used in the airport shuttle industry are not owned or operated by a PSC, but are charter-party carriers working as subcarriers (subcontractors) for a PSC. If you intend to operate as a subcarrier for a PSC, apply for a charter-party carrier permit or certificate, choosing from the list below (most airport shuttle subcarriers have a “P” permit). If you are not a subcarrier, you will need your own PSC certificate. IMPORTANT: having a valid PSC certificate does not guarantee that you will be allowed to pick up passengers at a given airport. Many airports have restrictions against admitting new carriers due to high traffic volume and limited curb space. Before you apply, check with the airport(s) at which you intend to operate to be sure you know what they will and won’t allow you to do there.
Note that a passenger stage corporation does not have to be a “corporation”. Just as with charter-party authority, or private carrier registration, you may apply for PSC authority as an individual, a general partnership, a limited liability company, or a limited partnership.

**Rates and Tariffs**

Passenger stage corporations must file tariffs containing rates to be assessed to the public, and all scheduled carriers must file timetables, in accordance with General Order 158-A, Part 8. The tariff is for the information and use of the general public; as such, they are available to any member of the public upon request.

**Vanpooling**

If you will provide transportation of persons between home and work locations, or of persons having a common work-related trip purpose, when the ridesharing is incidental to another purpose of the driver, you may or may not be a PSC. Read Part III below entitled, “Rideshare Registration”.

**Are you a Passenger Stage Corporation?**

If, after reading all of this information, including the section on “Charter-party Carriers”, below, you decide to apply for a PSC certificate, you may obtain a sample application packet in any of the following ways:

- **Download it from the CPUC web site:**  
  [http://www.cpuc.ca.gov/PUC/transportation/Forms/](http://www.cpuc.ca.gov/PUC/transportation/Forms/)

- **Request by email:**  
  licensing@cpuc.ca.gov

- **Request by mail:**  
  CPUC License Section  
  505 Van Ness Ave.  
  San Francisco, CA 94102

You should also read the information in the section below, entitled, “You’ve decided to apply. Now what?”

**II. Charter-party Carriers (TCP)**

As you read the following, you will find that there are many exceptions and conditions involved in determining whether a particular type of transportation is “charter-party carrier” transportation, and which type. Do not conclude that you are or are not a charter-party carrier, or which type you are, until you’ve read and understand this entire section.

Generally, charter-party transportation is **chartered** by a party (person or group) called the “chartering party”. Usually, the chartering party is also taking the transportation, but the chartering party may also arrange the transportation on behalf of another person or group, such as an employee or client, or parents chartering a limousine for a minor son or daughter’s prom night. With the exception noted below in the Section, “Round-trip Sightseeing”, the chartering party has control over the transportation, that is, when and where the trip originates and ends, and the itinerary in between. Also with the exception noted in “Round-trip Sightseeing” below, TCP carriers must charge fares based on vehicle mileage, or time of use, or a combination of the two, and may **not** charge individual fares.
TCP and Taxicabs Distinguished

Based on the information above, it may seem that there is little or no difference between a charter-party carrier and a taxicab. In fact, the two are separate and distinct types of transportation. A charter-party carrier may not operate as a taxi, or advertise as to indicate that it provides taxicab service. Taxis are licensed and regulated by cities and counties, while charter-party carriers operate under authority from the CPUC, subject to the Public Utilities Code and CPUC regulations. Taxis have meters and top lights; charter-party vehicles do not have either one. The most important operational difference is that TCP transportation must be prearranged. Taxis may provide transportation “at the curb”, that is, a customer may “arrange” taxi transportation by simply hailing a cab from the sidewalk. All transportation performed by charter-party carriers must be arranged beforehand, and the driver must have a completed waybill in his or her possession at all times during the trip, showing, among other things, the name and address of the person requesting or arranging the transportation (the chartering party), the time and date when the charter was arranged, and whether it was arranged by telephone or written contract, the number of persons in the charter group, the name of at least one passenger, and the points of origin and destination.

Expiration and Renewal

All charter-party permits and certificates expire after 3 years. If the carrier completes and submits a renewal application with enough time for the License Section to process its application, and for the CHP to inspect any buses the carrier operates, the authority will be renewed for another 3 years and there will be no lapse in authority. The expiration date of your authority will appear on the permit or certificate itself. We will send you a renewal application approximately 120 days prior to your expiration date. You are required (by Commission General Order 157-D) to complete and return this to us no less than 3 months prior to expiration. The filing fee for renewal applications is $100 for all types of permits and certificates. General Orders are available on line at www.cpuc.ca.gov/PUC/documents/go.htm. Applying late for renewal can have severe consequences, starting with the fact that your authority may expire before the renewal process is completed, forcing you to cease operations until your authority is renewed. This is especially common if you operate a bus (see p. 16). Every bus operator must undergo a CHP inspection in order to renew, which can take many weeks. If we receive your renewal application even 2 months or more before expiration, your authority may expire before it is renewed. If the License Section receives your renewal application after your authority has already expired, even if you mailed it before expiration, your renewal application will not be accepted, and you must submit a “refile” application. As the table on page 4 shows, the fee for a refile is the same as for a new application: $1,000, or $1,500 for an “A” certificate. Filing too close to your expiration date can cost you an additional expense of $900 or $1,400, in addition to loss of revenue as a result of the expiration of your operating authority.

Transferring authorities

The charter-party A, B, and C certificates described below may be transferred from one carrier (legal entity) to another for a fee of $300. If, for example, your certificate is issued to you as an individual and you later decide to form a corporation, you may transfer the certificate to your corporation. Also, if you decide to sell your business to another party, your certificate can be transferred to that party. The transferee (the legal entity to which the certificate is transferred) will have a new TCP number. Charter-party permits (P, S, and Z) cannot be transferred. For example, if you are an individual permit holder and decide to form a corporation, you would
have to apply for a new permit under the corporation and pay the new application filing fee of $1,000.

**The types of charter-party carrier authority**
There are six types of TCP authority, described below. And again, even if you read one of these descriptions and think it fits the transportation you plan to perform, don’t conclude that you are a charter-party carrier until you’ve read the section below entitled, “Charter-party Exemptions”. (The “PUC §” numbers below are the sections of the California Public Utilities Code that define and describe the various types of TCP authority.)

**“A” Certificate:** PUC §§5371.1 and 5383.
**What an “A” certificate allows:**
- Chartered service
- May operate vehicles of any seating capacity
- May operate from any point to any point within California
- May also conduct round-trip sightseeing (like an “S” permit) and may charge individual fares in doing so. See section below on “Round-trip Sightseeing”.
- Except for round-trip sightseeing, charges must be based on vehicle mileage, time of use, or combination.
- May be transferred (fee: $300)

**“B” Certificate:** PUC §§5371.2 and 5383.
**What a “B” certificate allows:**
- Chartered service
- May operate vehicles of any seating capacity
- May not pick up passengers more than 125 air miles from the carrier’s home terminal. This mileage restriction applies only to vehicles seating 10 or fewer, including the driver.
- Charges based on vehicle mileage, time of use, or combination.
- May be transferred (fee: $300)

**“C” Certificate:** PUC §§5371.3 and 5383.
**What a “C” certificate allows:**
- Provide transportation services incidental to commercial balloon operations, commercial river rafting, or skiing where no additional compensation is provided for the transportation. (If you will perform transportation that is incidental to a business other than these three, a “Z” permit, below, is the appropriate authority.)
- Commercial balloon operators: see exemption (m) under the “Charter-party Exemptions” section, below.
- May operate from any point to any point within California
- May be transferred (fee: $300)

**“P” Permit:** PUC §5384(b).
**What a “P” permit allows:**
- Chartered service
• May operate only vehicles seating fewer than 16, including the driver. If you will operate even one vehicle 16 or more, even occasionally, you may not do so with a “P” permit.
• May operate from any point to any point within California
• Charges based on vehicle mileage, time of use, or combination.
• May not be transferred.
• NOTE: Even if you do not intend to operate any vehicle seating 16 or more in the near future, if you think you may do so later, consider applying for a “B” certificate. This would save you having to apply again, and paying the filing fee, if you later decide to operate a vehicle seating 16 or more. Read the description of “B” certificates, above. If the mileage restriction on “B” certificates for vehicles seating 10 or fewer, including the driver is not a concern to you, think about applying for a “B”.
• See discussion below on “Transportation Network Companies”

“S” Permit: PUC §5384(c).
What an “S” permit allows:
• This is for carriers conducting “round-trip sightseeing service.” See section below on “Round-trip Sightseeing”.
• May operate vehicles of any seating capacity
• May operate from any point to any point within California
• May charge individual fares. May also base charges on vehicle mileage, time of use, or combination. (The “A” certificate is the only other type of TCP authority that allows individual charges, only when conducting round-trip sightseeing service.)
• May not be transferred.

“Z” Permit: PUC §5384(a)
What a “Z” permit allows:
• These are “specialized carriers”, who do not hold themselves out to serve the general public, but only:
  a) provide service under contract with industrial and business firms, governmental agencies, and private schools OR
  b) transport agricultural workers to and from farms for compensation OR
  c) conduct transportation services, which are incidental to another business. (However, note that if the transportation is incidental to either commercial balloon operations, commercial river rafting, or skiing, the appropriate authority is a “C” certificate, above.)
• May operate vehicles of any seating capacity
• May operate from any point to any point within California
• May not be transferred.

Round-trip Sightseeing
Round-trip sightseeing operations may be conducted under either a charter-party “S” permit or “A” certificate. This is where the carrier itself provides a vehicle, driver, and tour guide (who may also be the driver) to take a group of passengers from a point of origin to one or more other points within California to see a sight or sights, and return to the point of origin. This is the only type of transportation that may be conducted by a charter-party carrier in which the carrier, not the chartering party, has control over the transportation, that is, when and where
the trip originates and ends, and the itinerary in between. This type of operation is also the exception to the general rule about fares. Charter-party carriers conducting round-trip sightseeing operations under an “S” permit or “A” certificate may (but are not required to) charge individual fares.

If a tour operator not affiliated with the charter-party carrier charters the trip, and directs the itinerary, and the carrier only provides the vehicle and driver to go where the tour operator directs, then the charter-party carrier would not specifically require “A” or “S” authority (but would require either “A”, “B” or “P”). But if the carrier itself directs the tour and provides a tour guide (who could also be the driver) this would specifically require “A” or “S” authority.

**Transportation Network Companies (TNC)**

A sub-type of charter-party “P” permit, TNC’s provide prearranged transportation services for compensation using an online-enabled application or platform (such as smart phone apps) to connect drivers using their personal vehicles with passengers. If you wish to drive your own vehicle for a TNC, you will not need to apply for your own charter-party permit. Contact the TNC, and complete its process for enrolling as a driver.

If you wish to apply as a TNC, operate the online-enabled application or platform, and administer and oversee drivers operating under your own TNC authority, download and read “BASIC INFORMATION FOR TRANSPORTATION NETWORK COMPANIES AND APPLICANTS” from the Commission’s web site at:

http://www.cpuc.ca.gov/NR/rdonlyres/1788F1F1-EA38-4B68-B221-4116994F2252/0/TNC_App_Instrctns.pdf

**Senate Bill 611 (SB611)**

On September 30, 2014, Governor Edmund G. Brown, Jr., signed Senate Bill (SB611) an urgency statute, eliminating the special license plate program administered by the Department of Motor Vehicles. In accordance with SB611, the California Public Utilities Commission, Safety and Enforcement Division (SED), License Section will immediately discontinue issuing letters to limousines for charter party carriers who operate limousines.

Per the Department of Motor Vehicle (DMV), existing Livery license plates will remain valid. However, new entrants who seek authority to operate limousines operating for hire will be issued commercial license plates by the DMV. If you have questions about commercial license plates, contact your nearest DMV office.

SED will continue to issue decals in accordance with Public Utilities Code Section 5385.5 states:

For motor vehicles designed to carry not more than eight passengers, including the driver, the commission shall issue a suitable decal for purposes of Section 5385, for each vehicle registered with the commission and operated by a charter-party carrier of passengers holding a valid permit or certificate of public convenience and necessity. The decal with an identifying symbol shall be a minimum size of two and one-half inches by six inches, and shall be affixed to the lower right hand corner of the rear bumper of the vehicle.
With the elimination of the special license plate program, SED anticipates a heavy volume of new requests of decals for vehicles that meet the above referenced description.

The License Section will issue you a Temporary Acknowledgement of Vehicle Added Letter in lieu of DECALS. It is important to keep a copy of this letter in each vehicle to show evidence that the CPUC has added your vehicle. The CPUC will notify you when the DECALS are available.

**Vehicle Registration**

Before the License Section will process your request to add a vehicle, you must provide us with a copy of the vehicle’s registration, which must show that the vehicle is registered “commercial” or “limousine”. In addition, the registration must show the registered owner or lessee to be the following and as listed on the Statement of Information (SOI) if your entity is a Corporation or LLC:

<table>
<thead>
<tr>
<th>For this type of entity</th>
<th>the registered owner or lessee must be</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individual</td>
<td>The Individual</td>
</tr>
<tr>
<td>General Partnership</td>
<td>One or more of the partners</td>
</tr>
<tr>
<td>Corporation</td>
<td>The Corporation or Corporate Officer</td>
</tr>
<tr>
<td>LLC</td>
<td>The LLC or Manager Member or Member</td>
</tr>
<tr>
<td>LP</td>
<td>The LP or a general partner</td>
</tr>
</tbody>
</table>

**Charter-party Exemptions**

As provided in PUC §5353, the following specific types of transportation are outside the definition of a charter-party carrier. To meet one of these exemptions, all (100%) of the transportation you provide must meet that exemption, as described below. Otherwise, you will require authority to perform the portion of transportation you perform that does not meet any exemption. If you do meet one (or more) of these exemptions, you are not a charter-party carrier. See Part IV on “Private Carriers”, below. If you need further clarification of any of the following exemptions, contact the License Section.

(a) Transportation service rendered wholly within the corporate limits of a **single city** or **city and county** and licensed or regulated by ordinance (“city and county” here specifically refers to the city and county of San Francisco).

(b) Transportation of **school pupils** conducted by or under contract with the governing board of any school district entered into pursuant to the Education Code.

(c) Common carrier transportation services between fixed points or over a regular route which requires a **passenger stage** certificate.

(d) Transportation services occasionally afforded for **farm employees** moving to and from farms on which employed when the transportation is performed by the employer in an owned or leased vehicle, or by a nonprofit agricultural cooperative association organized and acting within the scope of its powers under Chapter 1 (commencing with Section 54001) of Division 20 of the Food and Agricultural Code, and without any requirement for the payment of compensation therefor by the employees.

(e) Transportation service rendered by a **publicly owned transit system**.

(f) Passenger vehicles carrying passengers on a **noncommercial enterprise basis**.
(g) **Taxicab** transportation service licensed and regulated by a city or county, by ordinance or resolution, rendered in vehicles designed for carrying not more than eight persons excluding the driver.

(h) **Rideshare exemption**—See Part III below entitled, “Rideshare Registration”.

(i) Vehicles used exclusively to provide **medical transportation**, including vehicles employed to transport developmentally disabled persons for regional centers established pursuant to Chapter 5 (commencing with Section 4620) of Division 4.5 of the Welfare and Institutions Code. (NOTE: this has been interpreted to include visits to a doctor or dentist, or transportation of persons to or from hospitals, clinics or doctors’ offices for medical care, treatment or diagnosis, even when they do not have ambulatory problems and are physically capable of using other means of transportation, and also to include transportation of persons in wheelchairs or gurneys and those accompanying them, even if the transportation has no apparent medical connection, provided the vehicle is being used *solely* for this purpose.)

(j) Transportation services rendered *solely within the Lake Tahoe Basin*, comprising that area included within the Tahoe Regional Planning Compact as set forth in Section 66801 of the Government Code, when the operator of the services has obtained any permit required from the Tahoe Basin Transportation Authority or the City of South Lake Tahoe, or both.

(k) Subject to Section 34507.6 of the Vehicle Code, transportation service provided by the operator of an **automobile rental business** in vehicles owned or leased by that operator, without charge other than as may be included in the automobile rental charges, to carry its customers to or from its office or facility where rental vehicles are furnished or returned after the rental period.

(l) Subject to Section 34507.6 of the Vehicle Code, transportation service provided by the operator of a **hotel, motel, or other place of temporary lodging** in vehicles owned or leased by that operator, without charge other than as may be included in the charges for lodging, between the lodging facility and an air, rail, water, or bus passenger terminal or between the lodging facility and any place of entertainment or commercial attraction, including, but not limited to, facilities providing snow skiing. Nothing in this subdivision authorizes the operator of a hotel, motel, or other place of temporary lodging to provide any round-trip sightseeing service without a permit, as required by subdivision (c) of Section 5384.

(m) Transportation of **hot air balloon ride passengers** in a balloon chase vehicle from the balloon landing site back to the original take-off site, provided that the balloon ride was conducted by a balloonist who meets all of the following conditions:

   (A) Does not fly more than a total of 30 passenger rides for compensation annually.

   (B) Does not provide any preflight ground transportation services in their vehicles.

   (C) In providing return transportation to the launch site from landing does not drive more than 300 miles annually.

   (D) Files with the commission an exemption declaration and proof of vehicle insurance, as prescribed by the commission, certifying that the operator qualifies for the exemption and will maintain minimum insurance on each vehicle of one hundred thousand dollars ($100,000) for injury or death of one person, three hundred thousand dollars ($300,000) for injury or death of two or more persons and one hundred thousand dollars ($100,000) for damage to property.

   (NOTE: Commercial balloon operators may not provide any round-trip sightseeing service without a TCP “S” permit or “A” certificate.)

(n) Transportation services incidental to operation of a **youth camp** that are provided by either a nonprofit organization that qualifies for tax exemption under Section 501(c)(3) of
the Internal Revenue Code or an organization that operates an organized camp, as defined in Section 18897 of the Health and Safety Code, serving youth 18 years of age or younger. To meet this exemption, you must comply with all of the following requirements:

(A) Register as a private carrier with the commission pursuant to Section 4005. (See Part IV, below.)

(B) Participate in a pull notice system for employers of drivers as prescribed in Section 1808.1 of the Vehicle Code.

(C) Ensure compliance with the annual bus terminal inspection required by subdivision (c) of Section 34501 of the Vehicle Code.

(D) Obtain the following minimum amounts of general liability insurance coverage for vehicles that are used to transport youth:

   (i) A minimum of five hundred thousand dollars ($500,000) general liability insurance coverage for passenger vehicles designed to carry up to eight passengers. For organized camps, as defined in Section 18897 of the Health and Safety Code, an additional two hundred fifty thousand dollars ($250,000) general umbrella policy that covers vehicles.

   (ii) A minimum of one million dollars ($1,000,000) general liability insurance coverage for vehicles designed to carry up to 15 passengers. For organized camps, as defined in Section 18897 of the Health and Safety Code, an additional five hundred thousand dollars ($500,000) general umbrella policy that covers vehicles.

   (iii) A minimum of one million five hundred thousand dollars ($1,500,000) general liability insurance coverage for vehicles designed to carry more than 15 passengers, and an additional three million five hundred thousand dollars ($3,500,000) general umbrella liability insurance policy that covers vehicles.

Are you a charter-party carrier?

After reading all of this information, if you’ve decided to apply for a TCP certificate or permit, you may obtain a Charter-party Carrier Information and Application Packet in any of the following ways:

   Download it from the CPUC web site: [http://www.cpuc.ca.gov/PUC/transportation/Forms/](http://www.cpuc.ca.gov/PUC/transportation/Forms/)

   Request by email: licensing@cpuc.ca.gov

   Request by mail: CPUC License Section
   505 Van Ness Ave.
   San Francisco, CA 94102

You should also read the information in the section below, entitled, “You’ve decided to apply. Now what?”

III. Rideshare Registration

If you will provide transportation of persons between home and work locations, or of persons having a common work-related trip purpose, when the ridesharing is incidental to another purpose of the driver, read the exemption in Public Utilities Code §5353(h) immediately below. Note that one condition of the exemption is that your primary purpose can not be to make a profit (although you are allowed to recover actual costs incurred in owning and operating the
If you do not meet the exemption for that reason, or any other reason, then you must obtain PSC authority.

(h): transportation of persons between home and work locations or of persons having a common work-related trip purpose in a vehicle having a seating capacity of 15 passengers or less, including the driver, which are used for the purpose of ridesharing, as defined in Section 522\(^1\) of the Vehicle Code, when the ridesharing is incidental to another purpose of the driver. This exemption also applies to a vehicle having a seating capacity of more than 15 passengers if the driver files with the commission evidence of liability insurance protection in the same amount and in the same manner as required for a passenger stage corporation, and the vehicle undergoes and passes an annual safety inspection by the Department of the California Highway Patrol. The insurance filing shall be accompanied by a one-time filing fee of seventy-five dollars ($75). This exemption does not apply if the primary purpose for the transportation of those persons is to make a profit. "Profit," as used in this subdivision, does not include the recovery of the actual costs incurred in owning and operating a vanpool vehicle, as defined in Section 668\(^2\) of the Vehicle Code.

If you do meet this exemption, you will not require PSC or TCP authority (but you may require private carrier registration—see Part IV, below).

Note that if you will use a vehicle seating fewer than 16 passengers, including the driver, in performing this type of service, then you meet the exemption, meaning you are not a charter-party carrier. If you operate a larger vehicle, you can also meet the exemption if you do all of the following:

1. Register for the exemption with the CPUC, certifying that you meet the conditions of exemption (h), above.
2. File evidence of liability insurance protection with the CPUC in the amount and manner required by Commission General Order 101. General Orders are available on line at: [http://www.cpuc.ca.gov/PUC/documents/codelawspolicies.htm](http://www.cpuc.ca.gov/PUC/documents/codelawspolicies.htm)
3. Pay a one-time filing fee of $75.
4. Submit to and pass a vehicle safety inspection by the California Highway Patrol, initially and annually.

Features of Rideshare Registration

- Allows transportation ridesharing between home and work locations, or of persons having a common work-related trip purpose, in vehicles seating 16 or more, including the driver, when the ridesharing is incidental to another purpose of the driver.
- May operate from any point to any point within California
- These are not charter-party carriers (even though they are assigned a “TCP” number for our record-keeping purposes).

---

\(^1\) VC §522: “Ridesharing” means two or more persons traveling by any mode, including, but not limited to, carpooling, vanpooling, buspooling, taxipooling, jitney, and public transit.

\(^2\) VC §668: A “vanpool vehicle” is any motor vehicle, other than a motortruck or truck tractor, designed for carrying more than 10 but not more than 15 persons including the driver, which is maintained and used primarily for the nonprofit work-related transportation of adults for the purposes of ridesharing.
• Registration does not expire. It remains active as long as insurance is maintained on file, and vehicle(s) is/are inspected annually by the CHP.
• Not for profit. You may recover from passengers the actual costs incurred in owning and operating the vehicle.
• Fee for filing insurance is $75 (one time).

IV. Private Carriers
A non-profit organization that operates as a not-for-hire (not-for-compensation) carrier using a vehicle that seats 11 or more, including the driver, is required to register with the CPUC as a private carrier. Any other legal entity that operates as a not-for-hire (not-for-compensation) carrier must register if the vehicle seats 16 or more, including the driver.

Registration as a private carrier requires payment of a fee (specified below) and the filing of liability insurance with the Commission by your insurer. Private carriers register to operate over an entire calendar year. They may operate only during a calendar year for which they have registered. To operate during any part of a calendar year, they must register (and pay the fee) for the entire calendar year. Private carriers who are registered for the current calendar year will receive renewal applications for the upcoming calendar year from the License Section in early October. Most private carriers register for the upcoming calendar year between October and mid-December, so they are ready to begin or continue operations in January. They are advised to apply as early as possible.

To initially register as a private carrier, you must do the following:

1. Obtain a “CA” number from the California Highway Patrol. Contact the CHP at (916) 445-1865. They will schedule a vehicle inspection, if required.
2. After you have your CA number, register with the CPUC as a private carrier. The filing fee is $35. After the first year of registration, the filing fee for all annual renewals of registration is $30.
3. Have your insurer file insurance with the Commission, using our insurance e-filing system. This may be done in advance of the effective date of the policy so that coverage does not begin until the registration period begins, or until you plan to begin operations.
4. You may obtain a private carrier information and registration packet in any of the following ways:

   Download it from the CPUC web site:  
   [http://www.cpuc.ca.gov/PUC/transportation/Forms/](http://www.cpuc.ca.gov/PUC/transportation/Forms/)
   
   Request by email:  
   licensing@cpuc.ca.gov
   
   Request by mail:  
   CPUC License Section
   ATTN: Private Carrier Registration
   505 Van Ness Ave.
   San Francisco, CA 94102

Be sure to put your CA number on all documents you send to the License Section, including your check.
If you are transporting passengers, but are not a passenger stage corporation, or a charter-party carrier of passengers, or a private carrier, then you do not require any operating authority or registration from the CPUC.

**You’ve decided to apply. Now what?**

First, get the appropriate application packet, as described above. Read all of the information in the packet carefully before you begin completing the forms. **KEEP A COPY OF EVERYTHING YOU SEND US** for your own records.

If you are applying for passenger stage authority, or registering as a private carrier, your application packets will contain information specific to filing those applications. Much of the information below is primarily for charter-party applicants and carriers. However, **all** applicants and carriers should read the sections below marked “ALL”.

**ALL: Think about who or what will apply (and have CPUC authority)**

This is your first major decision after (or even before) deciding to apply. Several types of legal entities may apply for authority. If you are applying for charter-party authority, on the first page of your application, you will check a box indicating whether you are applying as an **Individual**, a **General Partnership**, a **Corporation**, an **LLC** (limited liability company) or **LP** (Limited Partnership). All applicants will indicate the **name of the applicant**. That name will be your CARRIER NAME, the **legal entity** to which your permit or certificate will be issued. If you apply as a corporation, LLC or LP, the License Section will verify that the entity is in good standing with the California Secretary of State. You may want to consult with an attorney about the liability and other legal implications of operating under each of these types of entities. **Think carefully! If you apply and later change your mind about which type of entity you wish to operate as, you will not receive a refund. You will have to file another application and pay the fee again.**

Here are a few things to consider:

1. You can look at all carriers in our database by going to the CPUC’s home page ([www.cpuc.ca.gov](http://www.cpuc.ca.gov)), clicking on the “Transportation” tab, then the link, “Search our List of Companies to find out if a company is licensed”. Click on any carrier’s File Number (“PSG” or “CA” Number). Unless the carrier is revoked or expired, you will see that carrier’s name, mailing address, physical address, and phone number. Keep in mind that whatever address and phone number you place on your application—including your home address and phone number—they are **public information**, posted on our web site, and available to any member of the public. **We will not accept a P.O. Box or mail drop for a physical address.** If you apply as an individual, your name will be part of that public information. If you apply as a general partnership, the names of all partners are public information. Of course, if you are an officer of a corporation, your name is also public information, though it may not be quite as visible as though you were to apply as an individual. Many carriers choose to have a separate business address and phone number.
2. If you apply as a general partnership, be aware that a general partnership consists of the 
*specific* individuals or entities named as part of that general partnership\(^3\). If *any partner* 
leaves the business (including by death) or if another partner is added to the business, 
then the general partnership which applied for or holds authority no longer exists. The 
remaining partners(s) must apply for new authority as a new general partnership, or as 
individual(s), a corporation, etc. The new entity will have a new TCP or PSC number. By 
contrast, a corporation, LLC, or LP has the advantage that it can change officers, 
managing members, partners, even owners, and continue as the same legal entity, 
without the need to apply for new authority.

**ALL: The difference between “Carrier Name” and “DBA”**

Again, the name under which you apply (individual, partnership, corporation, etc.) will be your 
“carrier name”, the name (the legal entity) to which your permit or certificate will be issued. 
This is not to be confused with any *fictitious business name* or “DBA” (Doing Business As) you 
may choose to use. 

**Example 1:** John Doe applied as an individual, doing business as “Acme Limousine Service”. 
In that case, “John Doe” is the carrier name and the permit or certificate holder, and not “Acme 
Limousine Service”. 

**Example 2:** Mr. Doe forms a corporation, “Doe Transportation, Inc.” doing business as “Acme 
Limousine Service”. “Doe Transportation, Inc.” is the carrier name and the permit or certificate 
holder, and not “Acme Limousine Service”. 

If you are a charter-party carrier, before you use any fictitious business name, you must inform 
the License Section in writing of your intent to use it (General Order 157-D, Section 3.06). If 
you show a DBA on your application, we will print that DBA on your permit or certificate, and 
will post it on our web site. Otherwise, it is not necessary to state your DBA on any document 
you send us, and may cause confusion, or worse.

**Financial Responsibility**

Charter-party carrier applicants must complete Form TL-706-F3, a Projected Profit and Loss 
Statement. This 1-page form requires you to project (estimate) your revenue and expenses 
over a stated initial period of operations, which may be 90, 120, 180 days, or one year. Your 
revenue must be greater than expenses over this period. Use this as an opportunity to think 
about expenses that may not have occurred to you, and about whether you will have enough 
capital and revenue to cover all your operating costs during your startup phase.

**ALL: Your File Number**

The License Section tracks the records of well over 11,000 carriers, not counting the 
thousands of revoked and expired carriers who sometimes apply to have their authorities re-
activated. The only way we can do that is with File Numbers. Within a few weeks after 
applying, you will receive a letter from the License Section. On that letter (and every letter you 
ever receive from us) you will see a File Number. For TCP and PSC carriers, this begins with 
“PSG” followed by some numbers, for example, “PSG0012345”. If you’re a private carrier, your 
File Number is the “CA Number” you’ll get from the CHP before you send us your registration 
application. Please keep that number handy and refer to it whenever you call, write, or email 
the License Section! Ideally, it should be prominently displayed on every page of every 
document you send us. (You can ignore the leading “0’s”, so in the above example, all we

---

\(^3\) Other types of legal entities, such as corporations, may also form general partnerships. For example, a general partnership may consist of an individual and an LLC.
need is “PSG12345”.) When your authority is issued, the numbers of your File Number will also be the numbers of your permit or certificate, for example, “PSC 12345” or “TCP 12345-B”. Whenever you contact the License Section, you may refer to that number by any of the prefixes, i.e., “PSG”, “TCP” or “PSC”.

ALL: Insurance
All carriers (TCP, PSC, and private carriers) must have public liability and property damage insurance on file with the CPUC before we will issue operating authority to them. In addition, TCP and PSC carriers who have employees must have workers’ compensation insurance on file with us. The levels of insurance required are contained in Commission General Order (GO) 115 Series for charter-party carriers, in GO 101 Series for passenger stage corporations, and in GO 160 Series for private carriers. You may view or download all Commission General Orders at www.cpuc.ca.gov/PUC/documents/go.htm. The License Section will not communicate with your insurer on your behalf. It is your responsibility to select an insurer, and to ensure that they file the necessary insurance.

The cost of insurance is a very important part of your business plan, so it’s something you should consider carefully before deciding to apply. Before you apply, you should shop and compare the rates and service provided by various insurers. One way to find insurers who make filings with the CPUC is to look at the carriers on our web site at http://docs.cpuc.ca.gov/tmis. Click on the File Number of any carrier, and you’ll see detailed information about that carrier, including the name and address of its insurance company. Of course, you can also ask people you know in the industry.

When communicating with your insurer(s), you will need to provide them with your File Number. This enables your insurer to correctly identify you, or your partnership, corporation, LLC, etc., as the applicant or carrier for which it is filing insurance.

ALL: When should I have insurance sent to the License Section?
To TCP and PSC applicants, we suggest the following. When you select your insurer(s), be sure they are ready to file the necessary insurance promptly, upon your request. As soon as you know that your application is otherwise complete, contact your insurer(s) and have them activate your insurance filing(s). We suggest that you do not have your insurance filed with us before you have met all other requirements, or are very close to doing so. Keep in mind that there may be additional requirements you must complete through the DMV or CHP, and you may experience delays with those agencies that are beyond your control and ours. The risk in having your insurance filed too soon is that you will find yourself paying for insurance before you are able to operate and bring in revenue.

Since private carriers register to operate over a calendar year, they may have their insurers file the required insurance certificate with the License Section as soon as possible after filing their registration, or as soon as you are ready to begin operating. The certificate may be sent in advance of the effective date of the policy so that coverage does not begin until the registration period begins, or until you plan to begin operations.

ALL: Sign all forms
It is your responsibility to ensure that your application and all attachments are signed. If you are a partnership, all partners must sign; if a corporation, an officer of the corporation; if an LLC, a managing member.
ALL: Once I apply for my authority or send my registration, may I start operating?
No. Submitting an application and getting a file number does not give you authority to operate. Only “active” authority allows you to operate. You may operate when you receive a permit or certificate from the License Section, and not until then. Private carriers may operate only during a calendar year for which they have registered.

ALL: If my application is not 100% complete and error-free, will it be denied?
No (at least not right away). We will accept your application and begin processing it, even if you submit only the Application Form and the correct filing fee. However, we recommend that you include as many of the required attachments as possible, as this will greatly expedite the process.

For charter-party applicants, typically, within 1 - 3 weeks after we receive your application, it will be reviewed by a technician who will determine what information and documents are lacking or incomplete. You will receive a letter telling you anything and everything you need to do before your authority can be issued. Thirty days later, if those items have not been completed, you will receive a second letter telling you what remains to be done. Thirty days after that, you will receive a “Final Notice”, advising you that if the remaining items are not completed within 20 days, we may deny your application. We will wait at least those 20 days before denying your application, and will be somewhat more flexible if you communicate, and we can see that you are making a good faith effort. You will have plenty of opportunities to get everything done before we will deny your application. HOWEVER, there is a limit to how long we will keep an application pending before we deny it. Do not send us an application if you’re not absolutely sure you’ll be ready to start operating within 3 months. Once again, filing fees are not refundable, so if your application is denied, you must refile and pay the application fee again.

ALL: How long will it take to get my permit or certificate issued?
That will depend largely upon how complete and accurate your application is when you submit it, whether you operate a “bus” (requiring CHP inspection) and how responsive you are to our requests for additional information or documents. So pay careful attention to these instructions, and those in the application packet, and to your mail from the License Section! Charter-party applicants who are attentive to these details can typically have their authority issued within about 3-6 weeks, sometimes less. Private carriers will usually have their registrations activated within just a few business days of when we receive all necessary documents. Remember, however, that we have no control over certain factors, such as CHP bus inspections and how quickly your insurer files the necessary insurance with us. (See discussion above, under “Insurance”.)

ALL: Your responsibilities after authority is issued

Keep your Authority Active
Once you have your authority, you must keep it active in order to continue operating. Your responsibilities include:

• Generally paying prompt and careful attention to all mail you receive from the CPUC. Under normal circumstances, we will notify you of any impending suspension, and tell you what you must do to prevent it, in plenty of time for you to do so.
• Being sure the CPUC knows of any change in your mailing address. You'll find a form on our web site for that purpose.

• Addressing all correspondence to “CPUC License Section” as shown throughout this document. The CPUC has many divisions, branches, etc., so it isn’t obvious where your mail should go unless you specify. Include your File Number on all documents, including checks.

• Keeping copies of all forms and correspondence with the License Section. We handle many thousands of documents every month, and occasionally a document is misplaced or misdirected. This will be far less inconvenient for you if you have backup copies.

• Passing your CHP inspections (required if you operate buses). If you fail an inspection, the CHP may recommend to the License Section that your authority be suspended, which we are then required to do by law. You may not operate again until: (1) you submit a “Request for Reinspection” form to the License Section with a $1,000 fee, (2) the CHP reinspects and sends its recommendation to reinstate to the License Section, and (3) we notify you that your authority is reinstated.

• Working with your insurer(s) to keep your insurance active and on file with us at all times. (NOTE: Insurers are required to notify us in writing, no less than 30 days before a carrier’s policy is to be cancelled, which may mean only that the policy’s term is about to expire. When we receive such a notice, we send a “Notice of Impending Suspension” to the carrier stating that its authority will be suspended on a specific date—in about 30 days—unless the carrier acts to have the policy continued, or to have a replacement policy filed with us. If you receive such a Notice from us, it will not help you to call us. You must contact your insurer to have the necessary certificate sent to us.)

• Paying your quarterly or annual fees on time (you will receive notification in the mail when these are due, and all necessary forms and instructions). (This does not apply to private carriers.)

• Charter-party carriers must apply for renewal no less than 3 months prior to expiration, as required by Commission regulation. Private carriers must renew their registrations annually, and should act as soon as they receive notice from the License Section.

We will notify you by mail any time your authority is suspended, revoked, expired, or reinstated. If you have any doubts about your authority status, you may verify it on the Commission’s web site, which is updated several times daily, or contact the License Section. If your authority is suspended, revoked, or expired you may not operate. Only “active” authority allows you to operate.

**Obey All Laws**
Your authority may be suspended or revoked for violations of laws and regulations governing your business. You are responsible for knowing and following these requirements, including the following:

**The Public Utilities Code.** Sections pertaining specifically to charter-party carriers are §5351 through §5420. Those pertaining specifically to Passenger Stage Corporations are §1031 through §1045. Private carriers are governed by §4000 through §4022. Many of these sections contain references to other California codes, such as the Vehicle Code. Carriers are also responsible for obeying those laws as well. All California codes are on line at [www.leginfo.ca.gov/calaw.html](http://www.leginfo.ca.gov/calaw.html).

**Commission General Orders.** Commission General Order (GO) 157 Series contains rules and regulations governing charter-party carriers. GO 158 Series contains rules and regulations for private carriers.
governing passenger stage corporations, and GO 160 Series contains insurance requirements for private carriers. You are responsible for knowing and following all applicable regulations in these General Orders, which you may view or download at www.cpuc.ca.gov/PUC/documents/go.htm.

If you have thoroughly read the preceding material and are still not sure whether you need CPUC authority, or which type, or if you have other questions, you may contact the License Section for assistance.

THANK YOU from the License Section!
CHARTER-PARTY CARRIER OF PASSENGERS
CERTIFICATE/PERMIT APPLICATION CHECK LIST

VERY IMPORTANT NOTICE

Typically, within 1 - 4 weeks after we receive your application, it will be reviewed by a technician who will determine what information and documents are lacking or incomplete. You will receive a letter telling you anything and everything you need to do before your authority can be issued. Thirty days later, if those items have not been completed, you will receive a second letter telling you what remains to be done. Thirty days after that, you will receive a “Final Notice”, advising you that if the remaining items are not completed within 20 days, we may deny your application. Once your application has been denied, you will not receive a permit unless you submit a new application and pay the application filing fee again. You will have plenty of opportunities to get everything done before we will deny your application. However, there is a limit to how long we will keep an application pending before we deny it. Do not send us an application if you’re not absolutely sure you’ll be ready to start operating (and paying for all the necessary insurance) within 2-3 months. Remember, filing fees are not refundable.

Use this check list to determine which forms should accompany your application (PL739). Complete all necessary forms and have your insurance broker arrange the filing of all necessary insurance forms with the Commission. See below for the required insurance certificate forms.

Application (To be completed by all applicants.)

Application Form PL739 for charter-party carrier of passenger authority.

Attachments (All applicants must complete the following unless noted otherwise.)

If a partnership, Partnership Agreement Form TL706-B or attach a copy of the Partnership Agreement.
If a limited liability company, attach a copy of the Articles of Organization and a filed stamped copy of the Statement of Information listing the managing member and/or members, filed with the Secretary of State.
If a corporation, attach a copy of the Articles of Organization and a filed stamped copy of the Statement of Information listing the corporate officers, filed with the Secretary of State.
Profit and Loss Statement Form TL706-F3.
Workers’ Compensation Declaration Form TL706-K.
Passenger Carrier Equipment Statement Form PL664.
A copy of the DMV vehicle commercial registration for each limousine listed on Form PL664. See the definition of “limousine” on Form PL664.
Driver Statement of Applicant Form PL739-A.
Highway Safety Requirements for Charter-Party Carriers Form PL706-I.
Motor Carrier Profile Form CHP362. To be completed by applicants proposing to operate a bus. A bus is any vehicle with a seating capacity of more than 10 persons including the driver.
Terminal Inspection Fee Statement Form PL739-B.
Controlled Substances and Alcohol Testing Certification Program Form PL706-J.
School Pupil Transportation Declaration Form PL740.
DMV Pull Notice Agreement (INF1105) with the assigned Requestor Code Number. Call the DMV Pull Notice Unit (916) 657-6346 to enroll your company. The Pull Notice Contract must be issued in the legal name of the applicant. No fictitious business names or d.b.a. names.

Insurance (Insurance company files the following authorized insurance forms with the Commission. These are the only insurance certificate forms the Commission will accept for your company. When requesting the filing, be sure to give your insurance company your company’s application file number (PSG number).

Insurance Requirements: Applicants must have their insurance company file a Public Liability and Property Damage insurance certificate (Form PL 914) with the Commission.
If hiring employees: Applicant must have their insurance company file Workers’ Compensation Insurance Certificate (TL938 or SCIF 10260) with the Commission.

NOTE: ALL INSURANCE CERTIFICATES MUST SHOW THE EXACT LEGAL NAME(S) OF THE APPLICANT(S) AS IT APPEARS ON THE APPLICATION FORM.
PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
APPLICATION FOR CHARTER-PARTY CARRIER AUTHORITY

IMPORTANT
Please do not begin to complete this application until you have read and understand the document entitled, “BASIC INFORMATION FOR PASSENGER CARRIERS AND APPLICANTS”. Filing this application, in and of itself, does not constitute authority to engage in for-hire operations. Any for-hire operations conducted prior to Commission authorization are unlawful and may subject applicant to fine and/or imprisonment. A filing fee must accompany this application and is not refundable. Payment should be made by check or money order, payable to “California Public Utilities Commission” or “CPUC”.

Check below the type(s) of certificate(s) or permit(s) for which you are applying and enclose the filing fee required for each authority.

Control of Corporation, LLC or LP held by: ☐ Individuals listed above ☐ Other (specify below)

__________________________________________________________________________

If Applicant is a corporation organized under the laws of California, An LLC organized under the laws of California, An LP organized under the laws of California, or a corporation, LLC or LP organized and existing under the laws of a state other than California, Attach to this Application:

- Articles of Incorporation and Statement of Information filed with the Secretary of State.
- Articles of Organization and Statement of Information filed with the Secretary of State.
- Partnership Agreement and Certificate of Limited Partnership filed with the Secretary of State.
- Certificate of Qualification from the California Secretary of State, and Articles of Incorporation, Articles of Organization, or Partnership Agreement.

IF A GENERAL PARTNERSHIP, a copy of your partnership agreement shall be attached to this application. If you do not have a written partnership agreement, you may complete and attach Form TL706-B. CHECK ONE:

☐ PARTNERSHIP AGREEMENT ENCLOSED ☐ FORM TL706-B ENCLOSED
3. Applicant Business Affiliation (Check One):

(a)  Applicant is associated or affiliated with the following business entities by reason of common ownership, control or management (own part or all of the company, hold a responsible position in the company or guide the operations of the company, directly or indirectly.). Please list and indicate the type of entity, i.e., whether a corporation, LLC, LP, general partnership, or other. Use additional sheets if necessary.

<table>
<thead>
<tr>
<th>NAME</th>
<th>TYPE OF ENTITY</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(b)  No affiliation exists.

PART II: SCOPE OF OPERATIONS PROPOSED

(Please read the document entitled, “BASIC INFORMATION FOR PASSENGER CARRIERS AND APPLICANTS”. All charters must be prearranged. Per-person fares are not allowed, except for charter-party “S” carriers and charter-party “A” carriers in the conduct of round-trip sightseeing tour service.)

1. CERTIFICATES

 Class “A” Statewide authority and round-trip sightseeing service.
 Class “B” Pick-up area not more than 125 air miles from home terminal to any point in the state. Any size vehicle.
 Class “C” Service provided incidental to commercial balloon operations, commercial river rafting, or skiing where no additional compensation is provided for the transportation.

2. CHARTER-PARTY PERMITS

 “P” Carriers using only vehicles under 15-passenger seating capacity.
 “S” Round-trip sightseeing tour service. (The tour must be directed by the operator, not the customer.)
 “Z” Specialized carriers, who do not hold themselves out to serve the general public, but only provide services under contract with industrial and business firms, government agencies, and private schools or who only transport agricultural workers to and from farms for compensation or who only conduct transportation services which are incidental to another business.

3. DESCRIPTION OF SERVICES: Applicant intends to provide the following services (describe the service and include a description of the way you will charge your customers, i.e., by the hour, by mileage, etc.). If you plan to be a sub-carrier, provide the TCP or PSC number and the name of the overlying carrier.

________________________________________________________________________________________
________________________________________________________________________________________

4. TERMINAL INSPECTION FEE STATEMENT: Complete Form PL739-B and attach to application.

PART III: SAFETY OF OPERATION

1. CALIFORNIA HIGHWAY PATROL REGULATIONS: If you intend to operate vehicles with a seating capacity of more than 10 persons including the driver, you must pass a Highway Patrol inspection (Vehicle Code Section 34505.1) before your operating authority can be granted by the CPUC. THE CPUC WILL REQUEST THIS INSPECTION FOR YOU SOON AFTER YOU FILE THIS APPLICATION. Carriers are subject to additional safety inspections at any time. All applicants must complete the following forms:

(a) EQUIPMENT STATEMENT OF APPLICANT: Complete Form PL664 and attach to application.
(b) CHP CARRIER PROFILE INFORMATION: Complete CHP Form 362 and attach to application.
2. DEPARTMENT OF MOTOR VEHICLES DRIVER REGULATIONS: All applicants, including owner-operators and employers, are required to participate in DMV's Pull Notice Program. Applicant agrees to hire and utilize only drivers who are licensed (and certified, if appropriate) for the type of vehicles they will be driving. Applicant agrees to check its drivers’ records with DMV for all drivers prior to their hiring and agrees to comply with applicable laws and regulations pertaining to the employment of drivers.

Every carrier shall enroll in the “Pull Notice Program” of the Department of Motor Vehicles as defined in Vehicle Code Section 1808.1. A charter-party vehicle shall not be operated by any driver who is presumed to be a negligent operator under Vehicle Code Section 12810.5. You will receive a requester code number from DMV when you are enrolled in the Pull Notice Program.

3. MAINTENANCE CAPABILITIES: By signing this application, applicant certifies that applicant is willing and able to maintain its vehicles in safe operating condition and in compliance with the California Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety. Every carrier must inspect all vehicles and maintain proper documentation of such inspections.

4. WORKERS’ COMPENSATION DECLARATION FORM: Complete Form TL706-K and attach to application.

5. SUBCARRIER AGREEMENTS: Applicant agrees to hire and utilize subcarriers only in compliance with General Order 157 Series.

6. HIGHWAY SAFETY REQUIREMENTS: Complete Form PL706-I and attach to application.

7. CONTROLLED SUBSTANCE AND ALCOHOL TESTING CERTIFICATION REQUIREMENTS: Applicants must provide for a drug testing program which includes educational materials for their drivers, training for supervisors and specified testing of drivers for use of controlled substances and alcohol. Complete Form PL706-J and attach to application. If all the vehicles that you propose to operate have a seating capacity of 16 persons or more, including the driver, you need only to certify to this effect on Form PL706-J, Part I.

PART IV: FINANCIAL RESPONSIBILITY AND INSURANCE REQUIREMENTS

1. Complete Form TL706-F3 (Projected Profit and Loss Statement) and attach to the application. The financial information you submit may be verified by the Commission staff.

2. Applicant shall cause its insurer to deposit evidence of adequate bodily injury and property damage insurance required by General Order 115 Series. Your certificate/permit will not be issued without insurance being on file with the Commission. The required minimum public liability and property damage insurance coverage increases depending on the seating capacity of the vehicle(s) to be operated. Your insurance company must use the Commission’s Insurance e-filing system to deposit the required insurance with the Commission. After you apply, you will be assigned a File Number (PSG Number) which will appear on all correspondence you receive from the License Section. Your insurer will need that file number in order to file insurance on your behalf.

CERTIFICATION

I (we) certify (or declare), under penalty of perjury, that the representations appearing in this application and in any forms attached thereto (including any accompanying financial schedules, statements or projections) are, to the best of my (our) knowledge and belief, true, correct and complete, based on all the information required to be included therein, of which I (we) have any knowledge, and these representations are made in good faith. Where the applicant is a corporation, LLC or LP, I further certify that I am an officer of the corporation, managing member of the LLC, or partner of the LP, and am authorized to make this certification on its behalf. I (we) further certify (or declare), under penalty of perjury, that a final judgment has not been entered against the applicant(s) pursuant to Section 3716.2 of the Labor Code (workers’ compensation violations) and that I (we) am (are) in compliance with the Americans with Disabilities Act of 1990 as required by D. 92-12-065.

If applicant is an individual, he or she must sign below. If applicant is a general partnership, all partners must sign below, as well as all forms attached to this application. If applicant is a corporation, LLC or LP, then the person signing must be authorized to do so, as certified above. The person(s) signing below is (are) responsible for this certification, regardless of whether another party prepared, or assisted in preparing, the application or its attachments.

WORKERS’ COMPENSATION DECLARATION FORM

<table>
<thead>
<tr>
<th>This space for CPUC use only</th>
<th>YOUR FILE NUMBER</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>PSG________________________</td>
</tr>
<tr>
<td>or</td>
<td>MTR________________________</td>
</tr>
</tbody>
</table>

When you fill out this form, remember that the term “employee” includes clerical persons as well as drivers and any other persons employed in your carrier operations.

If your business is an OUT OF STATE CORPORATION, please note that you are not subject to the workers’ compensation laws of California unless you have employees who reside in California. If you have employees who reside in California, check “B” below; if not check “A”.

If you employ persons in your carrier operations in any manner that makes you subject to the workers’ compensation laws of California, you must promptly file with the Commission a certificate of workers’ compensation insurance coverage or a certificate of consent to self-insure issued by the Director of Industrial Relations.

Check one of the following (read both before choosing):

A. ☐ I DO NOT HAVE ANY EMPLOYEES. If I hire employees in the future, I will submit an amended Workers’ compensation Declaration Form to the Commission and contact my insurance company at once and have the required certificate of coverage mailed to the Commission. **NOTE TO HOUSEHOLD GOODS APPLICANTS**: If you check this box, you must attach a written explanation of how you will conduct operations without employees.

B. ☐ I DO have employees. (This box also applies to applicants for a permit or certificate who do not now have employees, but will employ workers upon commencement of operations.) I will contact my insurance company to electronically file the necessary insurance. I understand that the Commission will not issue or reinstate a permit or certificate until the insurance is electronically filed.

**CERTIFICATION**

I (we) certify (or declare), under penalty of perjury, that I (we) have read and understand the above requirement regarding workers’ compensation and that I (we) am (are) able to and will comply with it. I (we) certify (or declare), under penalty of perjury, that the foregoing is true and correct.

### Passenger Carrier Equipment Statement

**NEW APPLICATION** | **RENEWAL APPLICATION** | **REFILE APPLICATION** | **UPDATE (Add/Delete/Change)**

### Carrier Information

<table>
<thead>
<tr>
<th>CARRIER NAME</th>
<th>FICTITIOUS BUSINESS NAME / DBA (if any)</th>
</tr>
</thead>
<tbody>
<tr>
<td>BUSINESS ADDRESS</td>
<td>CITY</td>
</tr>
<tr>
<td>TERMINAL ADDRESS (IF DIFFERENT)</td>
<td>CITY</td>
</tr>
</tbody>
</table>

### Instructions (See Reverse for Additional Instructions)

**ADD (A) / DELETE (D) / CHANGE (C)** — The Commission must be notified within 10 days when equipment is added or deleted.

**SEATS** — Indicate total seating capacity of vehicle **including the driver**. (File an updated statement if the seating capacity changes.)

**BODY TYPE** — One of the following: LIM, CAR, BUS, VAN, SUV, or SW. See Additional Information and Instructions for definitions of “Limousine” and “Bus”. “SW” means station wagon or hatchback.

**Chassis Stretch (Inches)** — If the vehicle chassis has been stretched, indicate number of inches (for example, 140”).

**Decal** — Indicate “Yes”: VAN=8 seats or less including the driver. LIMO=10 seats or less including the driver.

**H.A.** — Indicate whether vehicle is handicapped accessible.

### Certification

I certify that the above information is accurate and that each vehicle listed is covered by an automobile liability insurance policy which provides at least the following minimum amount of coverage based on vehicle seating capacity (not including the driver):

- 7 passengers or less - $750,000
- 8 through 15 passengers - $1.5 million
- 16 passengers or more - $5 million

Note: Any vehicles operated under a TCP “C” Certificate only requires $750,000

PL664 (Rev. 11/14) 1 of 2
ADDITIONAL INFORMATION AND INSTRUCTIONS FOR PASSENGER CARRIER EQUIPMENTS STATEMENT (FORM PL-664)

Transportation companies required to file this form must report to the CPUC any additions or deletions to the list of their vehicles within 10 days of the date the vehicle is put into or pulled out of service.

The California Vehicle Code requires a vehicle used or maintained for the transportation of persons for hire, compensation or profit to be registered as a commercial vehicle.

Vehicle Registration:
Before the License Section will process your request to add a vehicle, you must provide us with a copy of the vehicle’s registration, which must show that the vehicle is registered “commercial” or “limousine”. In addition, the registration must show the registered owner or lessee to be the following and as listed on the Statement of Information (SOI) if your entity is a Corporation or LLC:

<table>
<thead>
<tr>
<th>For this type of entity</th>
<th>the registered owner or lessee must be</th>
</tr>
</thead>
<tbody>
<tr>
<td>Individual</td>
<td>The Individual</td>
</tr>
<tr>
<td>General Partnership</td>
<td>One or more of the partners</td>
</tr>
<tr>
<td>Corporation</td>
<td>The Corporation or Corporate Officer</td>
</tr>
<tr>
<td>LLC</td>
<td>The LLC or Manager Member or Member</td>
</tr>
<tr>
<td>LP</td>
<td>The LP or a general partner</td>
</tr>
</tbody>
</table>

Note the following:

- A copy of the current registration for each limousine must accompany this form. The applicant or permit holder must be shown on the registration as either the registered owner or the lessee. (In the case of a partnership, at least one of the general partners whose name is listed on the permit or certificate must appear on the registration.)

- Effective 9/30/14, the Department of Motor Vehicle (DMV) will no longer issue livery plates, therefore, the CPUC License Section will no longer issue livery letters. You will be issued an Acknowledgement of Vehicle Added Form listing the limousines you have requested to be added. Please do not take this Acknowledgement of Vehicle Added letter to DMV.

- The Acknowledgement of Vehicle Added letter is temporary and in lieu of a DECAL. It should be kept in your vehicle at all times until a DECAL is issued.

- If there are any changes regarding vehicle license plate numbers, it is your responsibility to submit a PL-664 reflecting these changes.

- Limousine DECALS: Currently these DECALS are not in production. However, all carriers that received an Acknowledgement of Vehicle Added Letter will be issued a DECAL once the CPUC begins production of these DECALS.

YOU MUST PRINT, SIGN AND DATE THE FORM.

You can scan and email copy to: license643@cpuc.ca.gov

PHONE: (     )      Area Code     Phone No.

TERMINAL ADDRESS: ____________________________________________

  Street Address     City     County     Zip Code

P.U. Code Section 5373.1(b) states: The Commission shall also require each application to be accompanied by a fee to offset the cost of the charter-party carrier bus terminal inspections conducted by the Department of the California Highway Patrol. The fee shall be fifteen dollars ($15) per tour bus, as defined in Section 612 of the Vehicle Code, or a maximum of six thousand five hundred dollars ($6,500) for each operating carrier.

PLEASE CHECK APPROPRIATE BOX BELOW:

☐ Applicant WILL NOT use any vehicles seating more than 10 passengers including the driver.

☐ Applicant WILL use ___ vehicles seating more than 10 passengers including the driver. Total submitted $______(______ vehicles x $15.00). MAXIMUM AMOUNT $6500. LIST EQUIPMENT ON FORM PL-664.

NOTE:
Terminal inspection fee is in addition to the application fee and is not refundable. Application cannot be processed without BOTH the application filing fee and terminal inspection fee.

FAILURE TO LIST ALL VEHICLES WILL BE DEEMED REASON FOR DENIAL OR LATER SUSPENSION AND/OR REVOCATION OF ANY ISSUED AUTHORITY.

You must immediately notify this Commission of any changes to your equipment list.

I. GENERAL PROGRAM REQUIREMENTS

All passenger stage and charter-party applicants who propose to employ drivers who will operate vehicles having a seating capacity of 15 persons or less, including the driver, must comply with the Commission’s controlled substance and alcohol testing certification program requirements detailed below. Charter-party applicants who propose to employ drivers who will operate vehicles with a seating capacity of 16 persons or more, including the driver, must comply with the federal drug testing requirements for those drivers. If all of your drivers will operate vehicles with a seating capacity of 16 persons or more, you do not have to comply with the state drug testing program or complete part II below. If this is the case, sign and date on the line directly below and complete parts III and IV.

(A person who employs himself/herself as a driver is considered an employer for the purposes of these requirements.)

Date

Signature

Public Utilities Code Section 5374 provides that:
The commission shall not issue or renew a charter-party carrier permit or certificate unless the applicant provides for a mandatory controlled substance and alcohol testing certification program as adopted by the commission pursuant to Section 1032.1.

Public Utilities Code Section 1032.1 states that:

1032.1 (a) The commission shall not issue a certificate of public convenience and necessity pursuant to this article unless the applicant provides for a mandatory controlled substance and alcohol testing certification program as adopted by the commission.

(b) The commission, after considering any suggestions made by the Department of the California Highway Patrol, shall adopt a program that includes, but need not be limited to, all of the following requirements:

(1) Drivers shall test negative for each of the controlled substances specified in Part 40 (commencing with Section 40.1) of Title 49 of the Code of Federal Regulations, before employment. Drivers shall test negative for these controlled substances and for alcohol at such other times as the commission, after consulting the Department of the California Highway Patrol, shall designate. As used in this section, a negative test for alcohol means an alcohol screening test showing a breath alcohol concentration of less than 0.02 percent.

(2) Procedures shall be substantially as in Part 40 (commencing with Section 40.1) of Title 49 of the Code of Federal Regulations, except that the driver shall show a valid California driver’s license at the time and place of testing, and except as provided otherwise in this section. Requirements for rehabilitation and for return-to-duty and follow-up testing, and other requirements except as provided otherwise in this section, shall be substantially as in Part 382 (commencing with Section 382.101) of Title 49 of the Code of Federal Regulations.

(3) A test for one applicant shall be accepted as meeting the same requirement for any other applicant. Any negative test result shall be accepted for one year as meeting any requirement for periodic testing for that applicant or any other applicant, if the driver has not tested positive subsequent to a negative result. However, an earlier negative result shall not be accepted as meeting the pre-employment testing requirement for any subsequent employment, or any testing requirements under the program other than periodic testing.

(4) In the case of an applicant who is also a driver, test results shall be reported directly to the commission. In all other cases, results shall be reported directly to the applicant.

(5) All test results are confidential and shall not be released without the consent of the driver, except as authorized or required by law.

(6) Applicants shall be responsible for compliance with, and shall pay all costs of, this program with respect to their employees and potential employees, except that an applicant may require employees who test positive to pay the costs of rehabilitation and of return-to-duty and follow-up testing.
(7) The requirements of the program do not apply to any driver required to comply with the controlled substance and alcohol use and testing requirements of Part 382 (commencing with Section 382.101) of Title 49 of the Code of Federal Regulations, or Section 34520 of the Vehicle Code, or to any driver exempted from the provisions of that section.

(c) No evidence derived from a positive test result pursuant to the program shall be admissible in a criminal prosecution concerning unlawful possession, sale or distribution of controlled substances.

(d) On the request of an applicant, the commission shall give the applicant a list of consortia certified pursuant to Part 382 (commencing with Section 382.101) of Title 49 of the Code of Federal Regulations that the commission knows offer tests in California.

(e) The commission shall conduct random and for-cause inspections of applicants’ documents supporting compliance with the program.

(f) For purposes of this section, "employment" includes self-employment as an independent driver.

Title 49 of the Code of Federal Regulations (CFR) Part 382: Controlled Substance and Alcohol Use and Testing

To fully understand what is required of you under the CFR, you must obtain a copy of Parts 40 and 382 and become familiar with their directives or obtain one of the controlled substance and alcohol testing program training kits now available on the market.

The following is a brief summary of Part 382.

The CFR requires employers to provide educational materials to their drivers which explain the requirements of Part 382 and the employer's policies and procedures with respect to meeting these requirements (382.601). Further, Part 49 requires employers to provide for a comprehensive drug testing program to ensure that drivers do not operate vehicles while being impaired by alcohol or controlled substances.

Every carrier must conduct pre-employment testing (382.301), post-accident testing (382.303), random testing (382.305 testing due to reasonable suspicion (382.307), follow-up testing (382.311), and return-to-duty testing (382.309).

Employers must advise employees of the resources available to them to resolve problems associated with the misuse of alcohol and the use of controlled substances (382.605).

Employers must ensure that supervisors are properly trained to determine whether reasonable suspicion exists to require a driver to undergo testing (382.603).

Employers shall not permit an employee who has violated the provisions of Part 382 to perform safety-sensitive functions including driving a commercial vehicle.

Title 49 of the CFR Part 40: Procedures for Transportation Workplace Drug Testing Programs

Part 40 provides for the specific procedures for conducting alcohol and controlled substance tests.

II. CONTROLLED SUBSTANCE AND ALCOHOL TESTING CERTIFICATION PROGRAM

A. Education (Self-employed independent operator is also required to make this showing)

Unless you have a contract for services from a company which has been prescreened by the Commission staff you must specify the materials you will use to explain to your employees your policies and procedures as an employer with respect to meeting the drug testing requirements of the CFR and PU Code Section 5374. Attach copies of any written material you will use. If you have a contract with a consultant who is setting up a program for you, write the consultant's name and telephone number in the space below and provide a copy of the contract or agreement you have with this consultant to show that you have purchased his services.

B. Supervisor Training

All persons designated to supervise drivers must receive at least 60 minutes of training on alcohol misuse and receive at least an additional 60 minutes of training on controlled substances use. The training will be used by supervisors to determine whether reasonable suspicion exists to require a driver to undergo testing. You must show proof that your driver supervisor has completed this training or has enrolled in a training program.
C. Provide the name and telephone number of the facility that will manage or perform your alcohol and controlled substance tests. If you have set up your own program, give us the name of the federally certified laboratory that will be performing your drug tests. If you have a contract with a consultant/company who will manage your ongoing drug testing, give us the name and telephone number of the consultant/company performing this service for you as well as a copy of the contract or agreement.

<table>
<thead>
<tr>
<th>Name</th>
<th>Telephone Number</th>
</tr>
</thead>
</table>

D. If there is to be only one driver under the permit, you must enroll that driver in a random testing pool that is managed by an independent company/consultant and provide a copy of the contract or agreement for the random testing service. If you have a contract with a consultant/company who will be managing your testing program list the consultant's/company’s name and telephone number below.

<table>
<thead>
<tr>
<th>Name</th>
<th>Telephone Number</th>
</tr>
</thead>
</table>

E. A driver/applicant is any applicant (individual, partner, or officer of a corporation) who is applying for charter-party carrier operating authority who will also drive one of the vehicles to be operated under the charter-party authority.

Are you, or any of the applicants, a driver-applicant?

Yes  No

If yes, the driver/applicant is required to cause a copy of its controlled substance and alcohol tests results to be sent directly to the Commission. This application will not be granted until a copy of the alcohol and controlled substance tests have been received, reviewed and found to be in compliance with Chapter 405.

III. ORGANIZATIONAL REQUIREMENTS

Name and telephone number of person(s) in your business responsible for controlled substance and alcohol testing certification program who will be managing your random drug testing program:

IV. CERTIFICATION

I (we) certify that I (we) have read and understand the requirements in Sections I. through III. above and that I am (we are) able to and will comply with each of them; and that the information I (we) have provide on this form, and in any attachments, is true and correct to the best of my (our) knowledge and belief. I (we) certify (or declare), under penalty of perjury, that the foregoing is true and correct.

STATE OF CALIFORNIA
DEPARTMENT OF CALIFORNIA HIGHWAY PATROL
MOTOR CARRIER PROFILE
CHP 362 (Rev. 6-10) OPI 062
Available at www.chp.ca.gov under Publications/Forms

Detailed instructions begin on page 3.
Driver license numbers, California corporation numbers, and Federal Employer Identification Numbers are used to prevent misidentification with other persons or organizations with similar names. In the case of an organization which is a "motor carrier of property" as defined in Vehicle Code Section 34601, some of the information supplied on this profile will be shared with the Department of Motor Vehicles. It is the policy of the California Highway Patrol to issue no more than one CA number to a person, regardless of how many "doing business as" names the person may have.

The California Highway Patrol (CHP) recommends that upon completion of this Motor Carrier Profile, you make a copy for your records prior to mailing the original to the CHP.

Mail completed Motor Carrier Profile to your nearest CHP Motor Carrier Safety Unit. If you received special instructions to mail this profile to another CHP office, please mail as requested in those instructions (see page 3 for addresses).

PART 1. LEGAL NAME Complete for individual, Partnership, Corporation or Limited Liability Company (one only)

☐ Individual (Sole Proprietorship):
   (Indicate "Doing Business As" names in Part 5)

☐ Partnership
☐ Corporation (Public agencies and non-profit organizations, check this box whether incorporated or not)
   ☐ State or Local Government Agency
   ☐ Non-Profit Organization (Check only if qualified for tax exemption under Section 501(c) of the Internal Revenue Code)
☐ Limited Liability Company (LLC)

Federal Employer Identification Number (EIN)
   (If none, leave blank - do not enter Social Security Number)

First Name    Middle Initial    Last Name

Required ➤ Driver License No.    Driver License State

Legal Name of Company or Organization (See also Part 5, Doing Business As)

Corporation, Partnership, or Certificate of Qualifications No. issued by California Secretary of State:

Principal Executive Officer:

First Name    Middle Initial    Last Name

PART 2. PRINCIPAL PLACE OF BUSINESS

Physical Address:

Street Address    City    State    Zip Code

Mailing Address (if different):

Street Address or PO Box    City    State    Zip Code

Business Telephone No. (____) ________

County Code __________  CHP Location Code ________  BIT APP Y/N:

If the CHP needs to clarify any of the information your organization has supplied on this profile, who in your organization should be contacted by telephone for assistance?

Name (Type or print) ___________________________ Day Telephone ___________________________

Date this Carrier Profile prepared (information current as of): __________
DIRECTIONS FOR COMPLETING
MOTOR CARRIER PROFILE, CHP 362 (Rev. 06-10)

CA- If your company already has a CA number issued by the California Highway Patrol (CHP), enter it in the box at the top of page 1, to prevent issuance of another display. A CA number on commercial motor vehicles is required only under certain circumstances, so some motor carrier personnel may not be aware their company already has a CA number. If in doubt, contact your nearest CHP Motor Carrier Safety Unit.

Attn:

PART 1. LEGAL NAME: One choice only—check Individual, Partnership, Corporation (which for this purpose includes associations and public agencies), or Limited Liability Company. Trusts hold property but do not operate businesses. Therefore, even if your company's assets are held by a trust, enter the ownership information of your company under one of the four categories below.

INDIVIDUAL: If operating as an individual without employees and you have no Federal Employer Identification Number (EIN), no entry is required in the EIN boxes. Do not enter your Social Security Number as an EIN. Valid driver license number and state are required and the application cannot be processed without it. A valid California identification card number issued by Department of Motor Vehicles (DMV) is also acceptable. Please enter your proper legal name, not a nickname.

PARTNERSHIP: All requested information is required, to prevent duplication of records. Businesses held as community property and operated jointly by family members (husband and wife, parent and child, etc.) are not partnerships unless legally organized as such, with an EIN assigned to the partnership. If not legally organized as a partnership, enter as an individual under one person's name and that person's driver license number, and that person's EIN if applicable.

CORPORATION: All requested information is required, to prevent duplication of records. Corporation number is normally stamped on upper corner of Articles of Incorporation in California. If a foreign corporation, a Certificate of Qualifications number issued by the California Secretary of State is required instead. Information regarding legal status as a state or local government agency, or as a non-profit organization under federal regulations, is requested to prevent misdirected mailings and misapplication of motor carrier safety regulations, requirements for licenses, or fees for various related programs.

LIMITED LIABILITY COMPANY: All requested information is required, to prevent duplication of records.

PART 2. PRINCIPAL PLACE OF BUSINESS: A single location designated by the motor carrier, normally its headquarters, where records required by federal motor carrier safety regulations will be maintained, if applicable, and records of drug and alcohol testing required by Section 34520 of the Vehicle Code will be made available for inspection. Telephone number should be the normal daytime business number for the company. Provision is made elsewhere on the Motor Carrier Profile for emergency and other telephone numbers. Do not write in the box marked "CHP USE ONLY."

Fleet mileage in California - All mileage accumulated in California by vehicles identified in Part 4, whether operated in intrastate or interstate service. For this purpose there is no need to separate intrastate mileage from total in-state mileage (some of which could be part of interstate trips), as it will be used by the CHP solely for safety regulation purposes.

PART 3. EMERGENCY CONTACTS: Responsible individuals at the company-wide level of your organization whom the CHP should attempt to contact in the event of an emergency involving your firm's vehicles or drivers. These should be management or supervisory personnel, as they may receive information requiring confidential treatment within your firm or organization. Do not include a pager number if its use requires a Personal Identification Number (PIN) or other access information, as the CHP's system has no means to store that additional information. CHP recommends that this information be kept current by notifying your nearest Motor Carrier Safety Unit (page 3) of any permanent changes in personnel who are on-call for emergencies involving CHP-regulated commercial motor vehicles. Your organization can also designate two emergency contacts for each California terminal listed in Part 7 by notifying your local Motor Carrier Safety Unit in writing, identifying two persons or offices with a day and night telephone number for each. Emergency circumstances may not always result in CHP using this source of information to contact your organization, but keeping this information current is recommended so that the CHP can rely on it if necessary. This is also a reason to ensure the identification numbers in Part 6 are accurate and complete, and represent your organization, not one to which you may be leased or contracted.
PART 4. TYPES OF OPERATION: A. Truck - Any truck of 3 or more axles with a gross vehicle weight rating (GVWR) of more than 10,000 pounds; any truck tractor regardless of number of axles or GVWR; and any truck used to tow a trailer where the overall length of the truck and trailer coupled together exceeds 40 feet. B. Hazardous Materials Carrier - Any truck, including pickups, used to transport any amount of hazardous materials. C. Hazardous Materials Shipper - An individual or company who offers hazardous materials for transportation by common carrier, contract carrier, or motor carrier of property, and never transports hazardous materials in any amount on vehicles owned, rented, leased or otherwise controlled by the shipper. D. Hazardous Waste Transporter - An individual or company that transports hazardous wastes as defined in California or federal regulations. E. Flammable Liquid Cargo Tank - Any tank greater than 120 gallons capacity which is used to transport liquids having a flash point of less than 100 degrees Fahrenheit, other than in the regular fuel tank of the vehicle. F. Bus Without Operating Authority - Any vehicle of more than 10-passenger capacity including the driver, which is operated without compensation from the passengers, such as church and other private buses, and also includes public transit buses operated by city or county transit agencies. G. Tour Bus (CPUC or ICC Authority) - Any commercial bus subject to regulation by the California Public Utilities Commission or the Surface Transportation Board (successor agency to the former Interstate Commerce Commission). H. School Bus - The traditional yellow school bus specifically certified by the CHP for transportation of students attending public or private schools. I. School Pupil Activity Bus - A commercial or transit bus specifically certified by the CHP for use in transporting school students on school-sanctioned trips to and from school-related activities, but not including home-to-school or school-to-home route service. J. Youth Bus - A small bus specifically certified by the CHP for service in transporting students to and from school and non-school related activities. K. General Public Paratransit Vehicle - A vehicle operated by or under contract to a transit agency in dial-a-ride, subscription, or route-deviated service, and certified specifically by the CHP for transportation of school students to and from schools. L. Farm Labor Vehicle - A passenger vehicle or truck specifically certified by the CHP for use in transporting farm laborers. M. Vehicle or combination described in Vehicle Code Section 34500 (k) - Any commercial motor vehicle with a GVWR of 26,001 or more pounds, or any combination of vehicles consisting of a commercial motor vehicle of any GVWR and a trailer with a GVWR greater than 10,000 pounds (“Trailer” for this purpose does not include cam trailer, trailer coaches, or utility trailers). N. MCP Only - Do not check this box if you checked any of the other boxes in Part 4; this category includes only vehicles not already included in categories A through M that fit the following description: (1) any motor vehicle (including automobiles and motorcycles) which is used to transport property for hire, or (2) any truck not already included in categories A through M which has a GVWR of more than 10,000 pounds and which is used to transport property privately (not for hire). Operators of these vehicles are subject to the Motor Carrier of Permit (MCP) program administered by the DMV, but are not subject to regulations by the CHP in matters other than compliance with the MCP program of the DMV. Firms engaged solely in the transportation of household goods should check box A and should not check box N.

PART 5. DOING BUSINESS AS (DBA): Enter all lawful business names used in California by this person (businesses not involving the use of regulated vehicles in Part 4 may be excluded). A company with a different EIN is a different entity, and requires its own CA number and Motor Carrier Profile. This information is not requested for any purpose relating to tax issues. EINs are requested solely to positively identify separate entities without requiring them to supply comprehensive proof of legal identity. Organizations sharing the same EIN shall share the same CA number, although they may continue to be identified by separate DBA names.

PART 6. OPERATING AUTHORITIES & IDENTIFICATION NUMBERS: Certain types of carriers are not required to display their assigned CA number if they are already displaying valid numbers assigned to them by other specified regulatory agencies. In order to cross reference your organization’s other numbers to its CA number, the CHP needs to know what the other numbers are. USDOT: The number assigned by the Federal Highway Administration and displayed on vehicles as "USDOT 00000." This number is not the same thing as the ICC number. Many commercial motor vehicle operators have both numbers, and should list both in this Part. MC: The number assigned to your firm by the former Interstate Commerce Commission or its successor agency, the Federal Motor Carrier Safety Administration. This number is often shown on documents as "MTC 000000," and on vehicles as "MC 000000" with the zeros replaced by the number assigned to a company. Do not list a number that is assigned to a motor carrier to which your company is leased or subcontracted. MX: Similar to MC numbers, but are assigned to carriers based in Mexico and operating in the United States. Cal-T: The number assigned to intrastate household goods carriers in California by the California Public Utilities Commission (CPUC). On and after January 1, 1998, these numbers are no longer valid for any type of motor carrier other than household goods carriers. PSG: A number assigned by the CPUC to intrastate for-hire passenger carriers (other than taxi services), which are preceded by the prefix "TCP" or "PSC," displayed on vehicles as "TCP 00000" or "PSC 0000" (or both) with the zeros representing the number assigned to the carrier by the CPUC, and the "A" representing a CPUC-assigned alphabet character indicating a specific type of passenger carrier. IRP: The International Registration Plan identification number assigned by the appropriate agency in your state (DMV for California-based carriers).

PART 7. CALIFORNIA TERMINALS: All business locations from which vehicles described in Part 4 are dispatched or operated in intrastate service, or in initiating, completing, or continuing the movement of an interstate load. It may include facilities owned by another business, such as a warehouse or from which loads are transported and where the commercial motor vehicle is normally parked when not in use. "Terminal" may also include the private residence of an owner-operator or other small business utilizing commercial motor vehicles, if that is where the firm conducts business. Terminal DBA and Street Address: The DBA name is used at that location, if different from the name identified in Part 1, and the physical address of each location. City: City or community name only. State is not necessary, as only locations within California need be listed. Local Phone No.: The telephone number at which management personnel for that terminal can be contacted during normal business hours. Zip Code: The postal zip code of the terminal's physical location, whether or not the company receives mail there. The CHP uses this information to determine which CHP office serves that area. Driver Records at This Address?: Check "Y" if records relating to commercial motor vehicle drivers are kept at this location, such as driver qualification files, DMV driving records, and drivers' time records. Check "N" if this location is not where such records are kept. Vehicle Records at This Address?: Check "Y" if commercial motor vehicle inspection and maintenance records are kept at this terminal for the vehicles based there, such as drivers' daily vehicle inspection reports, company safety inspection records, scheduled maintenance records, repair records. Check "N" if this location is not where such records are kept. CHP USE ONLY: CHP uses this column to add geographical coding to indicate this terminal's location.

The ultimate goal of the CHP's inspection programs is the reduction of human suffering and property loss resulting from commercial motor vehicle at-fault accidents. This Motor Carrier Profile is an important tool in the CHP's effort to direct inspection resources where they are needed most, and to reduce the cost of regulation to both the regulated community and the state. Although it is detailed, time spent now in completing it carefully will be repaid by allowing the CHP to correctly identify entities to which mailings should be directed, to quickly notify your organization of an emergency involving your commercial vehicles or drivers, and to identify entities which require more or less contact from the CHP, depending on the nature of their businesses and their safety experiences over time.
I. GENERAL HIGHWAY SAFETY REQUIREMENTS

Public Utilities Code Section 5374 states that:

(a) (1) Before a permit or certificate is issued or renewed, the Commission shall require the applicant to establish reasonable fitness and financial responsibility to initiate and conduct or continue to conduct the proposed or existing transportation services. The Commission shall not issue or renew a permit or certificate pursuant to this chapter unless the applicant meets all of the following requirements:

   (A) It is financially and organizationally capable of conducting an operation that complies with the rules and regulations of the Department of the California Highway Patrol governing highway safety.

   (B) It is committed to observing the hours of service regulations of state and, wherever applicable, federal law, for all persons, whether employees and subcarriers, operating vehicles in transportation for compensation under the permit or certificate.

   (C) It has a preventive maintenance program in effect for its vehicles used in transportation for compensation that conforms to regulations of the California Highway Patrol in Title 13 of the California Code of Regulations.

   (D) It participates in a program to regularly check the driving records of all persons, whether employees or sub-carriers, operating vehicles used in transportation for compensation.

   (E) It has a safety education and training program in effect for all employees or sub-carriers operating vehicles used in transportation for compensation.

   (F) It will maintain its vehicles used in transportation for compensation in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety.

   (G) It has filed with the Commission the certificate of workers’ compensation coverage or statement required by Section 5378.1.

   (H) It has provided the Commission an address of an office or terminal where documents supporting the factual matters specified in the showing required by this subdivision may be inspected by the Commission and the Department of the California Highway Patrol.

   (I) It provides for a mandatory controlled substance and alcohol testing certification program as adopted by the Commission pursuant to Section 1032.1.

   (2) With respect to subparagraphs (B) and (F) of paragraph (1), the Commission may base a finding on a certification by the Commission that an applicant has filed, with the Commission, sworn declaration of ability to comply and intent to comply.

   (b) In addition to the requirements in subdivision (a), charter-party carriers shall meet all other state and, where applicable, federal regulations as prescribed.

   (c) The Commission may delegate to its executive director or that executive director’s designee the authority to issue, renew, or authorize the transfer of, charter-party carrier permits or certificates and to make the findings specified in subdivision (a) that are necessary to that delegated authority.
II. PREVENTIVE MAINTENANCE PROGRAM

Before completing Section II & III below, you must read the attached yellow printed document titled “A Guide To Filling Out Form PL706-I.”

A. VEHICLE PREVENTIVE MAINTENANCE RECORD REQUIREMENTS

Attached to “A Guide To Filling Out Form PL 706-I’ is a copy of a Bus Maintenance & Safety Inspection form (CHP 108A). You may use this form to record preventive maintenance completed on your company’s vehicle(s). You may use another vehicle maintenance record, provided that it complies with the requirements outlined in California Vehicle Code Section 34505, and provided you attach a copy when submitting your PL 706-I. (See Section I to “A Guide To Filling Out Form PL706-I” for a written transcription of Section 34505.)

You must certify to one of the following choices listed below by marking an “X” in the space provided:

☐ I will use the Bus Maintenance & Safety Inspection form (Form CHP 108A) as my company’s vehicle preventive maintenance record. I have read California Vehicle Code Section 34505, and I will comply with the preventive maintenance record keeping requirements.

☐ I will use another preventive maintenance record, which I have attached. (You must attach a copy of your preventive maintenance record to this form.) I have read California Vehicle Code Section 34505, and I will comply with the vehicle maintenance record keeping requirements.

B. DAILY VEHICLE RECORD MAINTENANCE REQUIREMENTS

Attached to “A Guide To Filling Out Form PL 706-I” is a daily driver maintenance record titled “Driver’s Vehicle Inspection Report.” You may use this form to record daily preventive maintenance completed on your company’s vehicle(s). You may use another daily maintenance record, provided that it complies with the requirements outlined in the California Code of Regulations Title 13 (Motor Vehicles), Division 2, Chapter 6.5, Section 1215, and provided you attach a copy when submitting your PL 706-I. (See Section I to A Guide To Filling Out Form PL706-I for a transcription of Section 1215.)

You must certify to one of the following choices listed below by marking an “X” in the space provided:

☐ I will use the “Driver’s Vehicle Inspection Report.” I have read California Code of Regulations Title 13 (Motor Vehicles), Division 2, Chapter 6.5, Section 1215, and I will comply with the vehicle maintenance record keeping requirements.

☐ I will use another daily vehicle maintenance record, which I have attached. (You must attach a copy of your daily vehicle maintenance record to this form.) I have read California Code of Regulations Title 13 (Motor Vehicles), Division 2, Chapter 6.5, Section 1215 (c), and I will comply with the vehicle maintenance record keeping requirements.
III. SAFETY EDUCATION AND TRAINING PROGRAM

You must certify to one of the following choices listed below by marking an “X” in the space provided:

☐ I certify that I have a copy of the California Commercial Driver Handbook. I have read Section III to “A Guide To Filling Out Form PL706-I.” I will read the California Commercial Driver Handbook at least every six months, and I will cover the chapters outlined in Section III to A Guide To Filling Out PL706-I describing the minimum carrier safety education training requirements.

☐ I certify that I have purchased a safety education and training program from a safety consultant. I have read Section III to “A Guide To Filling Out Form PL706-I.” I will read my safety education training material at least every six months, covering the chapters outlined in Section III describing the minimum carrier safety education training requirements. (Attach a copy of the receipt from your safety consultant listing the training material you purchased.)

☐ I certify that I will operate my business exclusively as a sub-carrier, and that I will participate in a safety education and training program conducted by my prime carrier. Provide that carrier’s name and CPUC Permit Number (TCP or PSC-number) below:

Name of Prime Carrier: ___________________________________________ TCP or PSC number:________________

Note: Each prime carrier shall make reasonable efforts to ensure that its subcarriers comply with both the vehicle preventive maintenance / inspection requirements and the safety education and training program requirements.

IV. CERTIFICATION

I (we) certify that I (we) have read and understand the requirements in Sections I through III above and that I am (we are) able to and will comply with each of them; and that the information I (we) have provided on this form, and in the attachments, is true and correct to the best of my (our) knowledge and belief. I (we) certify (or declare), under penalty of perjury, that the foregoing is true and correct.

__________________________________________                         ______________________________
Signature of Individual Applicant, or Authorized Officer, Managing Member or LLP/LP Partner  Title

__________________________________________                         ______________________________
Print Name  DATE
I. VEHICLE PREVENTIVE MAINTENANCE RECORD REQUIREMENTS

California Public Utilities Code Section 5374 (C) and (F) require that all charter-party carriers and passenger stage corporations have a vehicle preventive maintenance program, and certify that the vehicles will be maintained as required by the California Vehicle Code and regulations contained in Title 13 of the California Code of Regulations. Before the License Section will issue you a permit or certificate you must certify on form PL706-I that you have read California Vehicle Code Section 34505 and California Code of Regulations Title 13 (Motor Vehicles), Division 2, Chapter 6.5, Section 1215, and that you will comply with these vehicle maintenance requirements. Below is a transcription of these code sections.

Vehicle Maintenance Record Requirements

Pursuant to California Vehicle Code Section 34505, (a) tour bus operators\(^1\) shall, in addition to the systematic inspection, maintenance, and lubrication services required of all motor carriers, require each tour bus to be inspected at least every 45 days, or more often if necessary to ensure safe operation. This inspection shall include, but not be limited to, all of the following:

(1) Brake adjustment.
(2) Brake system components and leaks.
(3) Steering and suspension systems.
(4) Tires and wheels.

(b) A tour bus shall not be used to transport passengers until all defects listed during the inspection conducted pursuant to subdivision (a) have been corrected and attested to by the signature of the operator’s authorized representative.

(c) Records of inspections conducted pursuant to subdivision (a) shall be kept at the operator’s maintenance facility or terminal where the tour bus is regularly garaged. The records shall be retained by the operator for one year, and shall be made available for inspection upon request by any authorized employee of the department. Each record shall include, but not be limited to, all the following:

(1) Identification of the vehicle, including make, model, license number, or other means of positive identification.

\(^1\) Section 612 of the California Vehicle Code defines a “Tour Bus” as a bus which is operated by or for a charter-party carrier of passengers, as defined in Section 5360 of the Public Utilities Code, or a passenger stage corporation, as defined in Section 226 of the Public Utilities Code.
(2) Date and nature of each inspection and any repair performed.
(3) Signature of operator’s authorized representative attesting to the inspection and to the completion of all required repairs.
(4) Company vehicle number.

**Attachment A** is a copy of a vehicle maintenance form titled BUS MAINTENANCE & SAFETY INSPECTION (CHP 108A). This form is published by the California Highway Patrol and fully complies with the record maintenance requirements outlined in California Vehicle Code Section 34505. You may use this form to record vehicle maintenance conducted on your company’s vehicles. If you use another vehicle maintenance form, that form must comply with the requirements discussed above, and you must attach a copy of it to form PL706-I.

**Daily Vehicle Maintenance Record Requirement**

Pursuant to California Code of Regulations, Title 13 (Motor Vehicles), Division 2, Chapter 6.5, Section 1215

(a). General. It shall be unlawful for the driver to drive a vehicle that is not in safe operating condition or is not equipped as required by all provisions of law and this chapter.

(b) Daily Inspection. Pursuant to Section 1202.1 and 1202.2, all drivers shall perform vehicle inspection and submit written reports in accordance with the requirements of Title 49, Code of Federal Regulations, Sections 396.11 and 396.12, as follows:

(1) Before driving a motor vehicle, the driver shall:

   (A) Inspect each vehicle daily to ascertain that it is in safe operating condition and equipped as required by all provisions of law, and all equipment is in good order;

   (B) Review the last vehicle inspection report;

   (C) Sign the report, only if defects or deficiencies were noted by the driver who prepared the report, to acknowledge that the driver has reviewed it and that there is a certification pursuant to subsection (f) that the required repairs have been performed. The signature requirement does not apply to listed defects on a towed unit which is no longer part of the vehicle combination.

(2) Subsections (B) and (C) do not apply to school bus drivers or publicly owned and operated transit system drivers.

(c) Daily Report. Every motor carrier shall require its drivers to report, and every driver shall prepare a report in writing at the completion of each day’s work on each
vehicle operated. School bus drivers’ reports shall cover at least the items listed in subdivision (d), and all other drivers’ reports shall cover at least the following parts and accessories:

- Service brakes including trailer brake connections
- Parking (hand) brake
- Steering mechanism
- Lighting devices and reflectors
- Tires
- Horn
- Windshield wipers
- Rear vision mirrors
- Coupling devices
- Wheels and rims
- Emergency equipment

(d) School bus drivers. For school bus drivers, the inspection shall include, but is not limited to:

1. All gauges, indicators, and warning devices
2. Horns
3. Driver’s seat and seat belts
4. All doors, door emergency releases, and windows
5. All seats, handrails, and modesty panels
6. Interior and exterior lighting systems
7. All heating, cooling, and ventilating systems
8. All glass and mirrors, including adjustment of mirrors
9. Windshield wipers and washers
10. All required emergency equipment
11. All tires, wheels, and lugnuts
12. Brake system

   (a) Air compressor governor cut in and cut out pressures
   (b) Static pressure for air loss
   (c) Applied brake pressure loss
   (d) Low air pressure warning devices
   (e) Emergency stopping systems (draining reservoirs in dual systems is not required)
   (f) Parking brake
   (g) Antiskid device (if equipped)
   (h) Vacuum gauge, ensuring it reads not less than 15 inches
   (i) Low vacuum warning devices
   (j) Brake pedal for brake adjustment
(e) Report Content. The report shall identify the motor vehicle and all towed vehicles and list any defect or deficiency discovered by or reported to the driver which would affect safety of operation of the motor vehicle or combination or result in its mechanical breakdown. If no defect or deficiency is discovered by or reported to the driver, the report(s) shall so indicate. In all instances, the driver shall sign the vehicle inspection report. On two-driver operations, only one driver needs to sign the report, provided both drivers agree as to the defects or deficiencies. If a driver operates more than one vehicle during the day, a report shall be prepared for each vehicle operated.

(f) Corrective Action. Prior to operating a motor vehicle, motor carriers or their authorized agent(s) shall effect repair of any item listed on the motor vehicle inspection report(s) that would be likely to affect the safety of operation of the motor vehicle or any towed vehicles.

(1) Motor carriers or their agents shall certify on the report(s) which lists any defects or deficiencies that the defects or deficiencies have been corrected or that correction is unnecessary before the vehicle is again dispatched.

(2) Subsection (1) does not apply to school bus or publicly owned and operated transit system motor carriers.

(g) Repairs. Unless the driver of a school bus or SPAB is the mechanic charged with the care and maintenance of the bus, the driver shall not make any repair of the bus or its equipment except necessary emergency repairs on the road.

(h) Exception. Subsection (c) shall not apply to a motor carrier operating only one motor vehicle, provided the motor vehicle is a motor truck or truck tractor, and the motor carrier is the owner and sole driver of the motor vehicle. A motor carrier, otherwise excepted from the reporting requirement by this subdivision, who tows trailers(s) not owned by or leased to that motor carrier, shall submit documented daily report(s) for the trailers as required by subsection (b). Such reports shall be submitted to the person(s) from whom the trailers were obtained.

(i) Private motor carriers of passengers. The exemption provided to private carriers of passengers in 49 CFR Section 396.11(d), shall not apply to intrastate private motor carriers of passengers operating any bus, ad defined in Vehicle Code Section 233.

Attachment B is a form titled “Driver’s Vehicle Inspection Report.” This form complies with the requirement discussed in California Code of Regulations Title 13 (Motor Vehicles), Division 2, Chapter 6.5, Section 1215. You may use this form to record daily vehicle maintenance required for your company’s vehicle(s). If you choose to use another daily maintenance form, it must conform to the requirements discussed above. You must also attach a copy of the form to form PL706-I.
II. SAFETY EDUCATION AND TRAINING PROGRAM

Public Utilities Code Section 5374 (E) requires that applicants have a safety education and training program in effect for all employees or sub-carriers operating vehicles used in transportation for compensation. You must provide safety education and training at least twice a year and cover the subject matter listed below. If you have employees or sub-carriers, you must keep records of the training you conducted and the names of your drivers who participated in the training.

If you develop your own safety education and training program, as a minimum, a carrier safety education training program shall cover the following subjects, as set forth in the California Commercial Driver Handbook, published my the Department of Motor Vehicles (DMV)

- Commercial Driver License Program, Qualifications, and Sanctions
- Commercial Driver License Test
- Inspecting Your Vehicles
- Basic Control of Your Vehicle
- Size and Weight of Vehicles and Loads
- Transporting Cargo
- Air Brakes
- Combination Vehicles
- Hazardous Materials

You may obtain a copy of this booklet from your local DMV office, or you may download a copy from the DMV’s web page at www.dmv.ca.gov. Attachment C is a copy of the front cover of this booklet and the table of contents.

You may purchase a commercially available safety education training program if you wish. A few of these programs are mentioned below. You must attach to form PL706-I a copy of the receipt from your safety consultant listing the material you purchased. A program should include:

DOT Federal Motor Carrier Safety Regulations Pocketbook
Department of Motor Vehicles Commercial Driver Handbook

III PULL NOTICE PROGRAM & REQUIREMENTS

Public Utilities Code Section 5374 (D) requires that before the Commission issues a charter-party carrier permit or certificate the Commission shall ensure that the applicant participates in a program (DMV’s Pull Notice Program) to regularly check the driving records of all persons, whether employees or sub-carriers, operating vehicles used in transportation for compensation. Section 1808.1 of the California Vehicle Code and the Commission’s General Order Series 157 and 158 require all Charter-party Carriers and Passenger Stage Corporations to enroll in the DMV’s Pull Notice Program and to obtain a “Pull Notice Contract” and a “Requestor Code Number” from the DMV. Operating authority will not be issued to a carrier until the carrier has provided the Commission with a “Pull Notice Contract” and a “Requestor Code Number”. The Pull Notice Contract must be in the legal name of the applicant or permit holder.

To participate in the Pull Notice Program and to receive information on how to request periodic driver reports, contact the DMV at:

Department of Motor Vehicles
Employer Pull Notice Unit
P.O. Box 944231 – M.S. # H-265
Sacramento, CA 94244-2310
(Phone 916-657-6346)
(www.dmv.ca.gov)

IV A NOTE FROM THE CALIFORNIA HIGHWAY PATROL

In addition to the above-listed safety requirements, motor carriers operating or directing the operations of any vehicle with a seating capacity of more than 10 passengers, including the driver, must participate in a terminal inspection every 13 months and pay the appropriate terminal inspection fee. To find out what happens during the terminal inspection, get the California Highway Patrol Motor Carrier Safety Compliance Handbook, HPH 84.6. Single copies of this handbook are available for a nominal charge at the CHP Publications Unit, and you may obtain a copy by telephoning (916) 375-2101. Below is a list of the CHP Motor Carrier Safety Unit Offices you can contact in case you have any questions concerning bus and terminal inspections.

CHP Motor Carrier Safety Unit

1. 2485 Sonoma Street, Redding, 96001 (530) 225-2098
2. P.O. Box 2088, Rancho Cordova, 95741 (916) 464-2102
3. 1551 Benicia Road, Vallejo, 94591 (707) 648-4180
4. 4774. W. Jacklyn, Fresno, 93722 (559) 445-6992
5. 411 North Central Ave. Suite 410, Glendale, 91203 (323) 644-9557
6. 9330 Farnham Street, San Diego 92123 (858) 650-3655
Carriers should also obtain a copy of the California Vehicle Code (http://www.leginfo.ca.gov/calaw.html) and a copy of Title 13, California Code of Regulations (http://government.westlaw.com/linkedslice/default.asp?SP=CCR-1000)

- 8.1 – Inspecting Tank Vehicles .................. 8-1
- 8.2 – Driving Tank Vehicles ...................... 8-2
- 8.3 – Safe Driving Rules .......................... 8-3
Transporting pupils at or below the 12th grade level may require that your vehicle(s) and your driver(s) meet special licensing and certification requirements. Even if the transportation has not been arranged with a school, the transportation may still require special vehicle and driver certification if the transportation performed is to or from a school or school-related activity. The definitions for school and school-related activity are broad and could put your company in violation of the laws if transportation is conducted without the proper certifications. Prior to conducting any school pupil transportation, review the applicable laws and ensure that your vehicles and drivers have the necessary certifications and endorsements. If you have questions regarding the transportation, please contact the California Highway Patrol who can assist you to understand the requirements of the laws.

State legislation passed in 2009 added Section 5387(c) to the Public Utilities Code effective January 1, 2010. Section 5387(c) provides that the Commission shall permanently revoke the charter-party carrier certificate or permit of a carrier which commits any of six violations named in paragraph (1) of the section. One of the violations is:

(E) Knowingly employs a bus driver who does not have a current and valid driver’s license of the proper class, a passenger vehicle endorsement, or the required certificate to drive a bus.

California Vehicle Code Section 545 defines a “schoolbus” as a “motor vehicle designed, used or maintained for the transportation of any school pupil at or below the 12th grade level to or from a public or private school or to or from public or private school activities, unless it meets one of the exceptions stated in the section.”

School related activities are identified in the California Education Code, Section 35330(1), as field trips or excursions in connection with courses of instruction or school-related social, educational, cultural, athletic, or school band activities to and from places in the state. Additionally, Title 2 of the California Code of Regulations, defines school-related activities, as events “in which the employee’s child is participating, including, but not limited to, plays, graduations, field trips, organized sports events, recitals, Scouts, 4-H, Junior Achievement, and Grange.”

If you are unsure whether or not your trip with school pupils requires certifications or you seek additional information, please contact your local CHP Motor Carrier Specialist for additional information or clarification.

Please initial box:

☐ I understand that failing to obey California laws governing transporting school pupils may subject my charter-party operating authority to permanent revocation under Public Utilities Code Section 5387(c)(1)(E).

CERTIFICATION

I (we) certify (or declare), under penalty of perjury, that I (we) have read and fully understand the above notice for transporting school pupil and that I (we) am (are) able to and will comply with it. I (we) certify (or declare), under penalty of perjury, that the foregoing is true and correct.

CALIFORNIA PUBLIC UTILITIES COMMISSION
Transportation License Section
REQUEST TO RECEIVE NOTICES AND FORMS BY EMAIL

To:  California Public Utilities Commission  
Transportation License Section  
505 Van Ness Avenue  
San Francisco, CA  94102

FILE NUMBER:  
The “PSG,” “MTR,” “CA,” “VSL,” “VCC,” or “AIR” number issued by the License Section, as it appears on your permit or certificate, and on correspondence from the License Section. Include prefix (e.g., "PSG.") If you have not yet received a File Number, leave blank.

CARRIER NAME:  
The individual, corporation, limited liability company, general partnership, limited partnership, or other legal entity to which CPUC authority or registration was issued, or which appears on your application. DO NOT show any fictitious business name (DBA) in this space.

See reverse side for explanations and information before completing the following.

☐ I/carrier authorize(s) the Transportation License Section to send any notices or forms pertaining to the above-named carrier to the email address below. I agree that the above-named carrier is responsible for ensuring that all correspondence sent to the email address below is read timely by the carrier, or its authorized agent, and for responding to such correspondence as may be required.

Email Address (type or print clearly):

@  
READ THE INFORMATION ON THE REVERSE SIDE BEFORE COMPLETING THIS BLANK
ONLY ONE EMAIL ADDRESS PER CARRIER (FILE NUMBER)

☐ I/carrier elect(s) to have all correspondence from the Transportation License Section sent via the U.S. Postal Service or other mail delivery service chosen by the License Section.

I have read and understand the information on this form, including the reverse side. I am (check one):  
☐ The individual owner (named above as “Carrier Name”); ☐ The majority owner or 50% owner of the general partnership; ☐ The responsible owner/officer of the corporation; ☐ An owner/managing member of the limited liability company (LLC); ☐ The General Partner of the limited partnership.

Form TL-706-Email Rev. 110513
Information About Receiving Correspondence by Email

The email address you provide on this form will not be posted on the CPUC web site or provided to the public.

The License Section has begun phasing in the use of automated notices and forms to applicants and carriers via email. Such notices are sent from a “no reply” inbox; applicants and carriers will not be able to reply to these emails electronically. Carriers that do not elect to receive correspondence by email will continue to receive conventional mail (U.S. Postal Service) at the mailing address they provide to the License Section. Those who elect to receive correspondence by email will also continue to receive some correspondence by conventional mail. However, it is the objective of the License Section to send as much correspondence as possible by email, conserving valuable resources and providing better, prompter service to our customers.

At its own discretion, the License Section will determine which specific types of notices and forms will be sent by email in lieu of conventional mail. These notices will eventually include:

- Letters to applicants during the pendency of applications, listing items to be completed before authority or registration is issued, renewed, or reinstated;
- Notices of Impending Suspension (usually sent 30 days prior to suspension for any reason, such as failure to pay quarterly or annual fees, or receipt by the License Section of a notice of cancellation of insurance by carrier’s insurer);
- Orders of Suspension and Revocation, and Notices of Reinstatement from Suspension and Revocation;
- Renewal applications and attachments (charter-party carriers);
- Registration renewals and attachments (private carriers, for-hire vessels, commercial air operators);
- Quarterly and annual revenue reports (charter, passenger stage, household goods, and vessel common carriers);
- Annual Workers’ Compensation Reports (charter and household goods carriers);
- Others. The License Section anticipates that it will continue to add to the list of notices and forms available by email as much and as quickly as resources allow.

Electing to receive correspondence by email will generally result in quicker, more reliable delivery of important notices and forms, many of which require a response in order to maintain active authority or registration. For this reason, we recommend electing to receive correspondence by email, provided that you have reliable internet access, and the ability to print any forms you are required to complete and return. However, the CPUC cannot be responsible for any technical failures involving applicants’ and carriers’ computers, internet service, or related equipment.

The License Section recommends that you consider designating an email address that is solely for receiving License Section correspondence, to prevent vital notices from being overlooked amongst spam and other non-vital emails. Applicants and carriers electing to receive correspondence by email accept responsibility for ensuring that email is monitored regularly at the email address provided to the License Section on this form, and that emails from the License Section are read and handled promptly and appropriately, in the same manner as correspondence received by conventional mail. Applicants and carriers may choose to designate a consultant or other agent to receive License Section correspondence, and to provide such agent’s email address on this form. Doing so, however, in no way alters or diminishes the applicant’s or carrier’s acceptance of responsibility for promptly and appropriately responding to all License Section correspondence. You may change your election or your designated email address at any time by re-submitting this form.
