Juralynne B. Mosley  
California Public Utilities Commission  
c/o Aspen Environmental Group  
30423 Canwood Street, Suite 215  
Agora Hills, CA 91301

Dear Ms Mosley:

SUBJECT: El Casco System Project – Recirculated Draft Environmental Impact Report

This letter is in response to the Recirculated Draft Environmental Impact Report for the El Casco System Project prepared for the California Public Utilities Commission, San Francisco California SCH #2007071076. Specifically to address the change of the recommendation from Partial Underground Alternative to the recommended overhead transmission line towers.

The Board of Directors of Sun Lakes Country Club Homeowners Association has been made aware that some of the members of our community are concerned about the change from the partial underground alternative to the overhead transmission towers. The Board of Directors requests that the Commission take all appropriate measures to protect the health, safety and welfare of the residents of the community in reaching its final decision on this proposal. If you have any questions regarding this, please do not hesitate to contact us.

Thank you for your consideration of this matter.

Sincerely,  
By Direction of the Board of Directors

Larry Means  
President
