**Subject:** Power Lines through Sun Lakes Country Club Golf Course, Banning, CA

Juralynne Mosley,

My wife and I both consider the undergrounding of the power lines to be of great importance not only to the health and safety of the residents, but also for the aesthetics and property values throughout the community. Since new lines are going to be constructed, it makes no sense to build them overhead. Undergrounding is clearly the best way to proceed. Please insist that this action is taken. Thank you.

**C17-1**

## Responses to Comment Set C17 – James P. Mara and Pamela J. Mara

- C17-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative.
