Subject: power lines in Sun Lakes

Dear Juralynne Mosley

I would like to strongly support the independent environmental report that recommended a one mile stretch of power lines through Sun Lakes Country Club golf course be placed underground. Perhaps our Board and PCM are taking a neutral stand on this matter; but, as a resident I believe it is important for the health and welfare of our community. I urge the Commission to recomend in favor of the underground project.

C22-1

Thank You,
Judy and Gary Root

Responses to Comment Set C22 – Judy and Gary Root

- C22-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative. Please also see original Draft EIR (December 2007) Section D.7 (Hazards and Hazardous Materials) regarding health concerns. Your opposition to the Proposed Project has been noted.
