To who it may concern

I am a resident of Sun Lakes in Banning Calif where your power lines will be going through.

I have stated my concern at prior meetings and I am asking again please put the lines underground for my health as well as the community. I am pacemaker dependent and my home is very close to where the towers will be.

- C60-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative. Also, please see original Draft EIR (December 2007) Section D.7 (Hazards and Hazardous Materials) for information on cardiac pacemakers.
