I ask that the environmental report be top priority with SCE and CPUC.
The area to be underground is only a few miles and will provide the safety,
ascetics, etc. that SLCC's senior occupants require.

Thank You,

- C8-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July, 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative. Please also see original Draft EIR (December 2007) Sections D.7 (Hazards and Hazardous Materials) and D.12 (Visual Resources) regarding health and aesthetic concerns.
