

Michael Clayton & Associates

The **existing view** to the south from Key Viewpoint 81 on Tule Jim Lane, near the intersection with Tule Jim Road and approximately 0.55 mile north of the intersection with Jewel Valley Road. This view encompasses a portion of Jewel Valley and the prominent Boundary Peak near the center of the photograph. A simple, wood-pole utility line and several residences are visible in this rural valley. The existing SWPL transmission line is visible though not prominent as it crests a ridge near the US-Mexico border at the far right edge of the photograph.
