Subject: Amendment 2 of Lake or Streambed Alteration Agreement
Notification No. 1600-2009-0365-R5
Sunrise Powerlink Project

Dear Mr. Colton:

The Department of Fish and Game (Department) has received your request to amend Lake or Streambed Alteration Agreement 1600-2009-0365-R5, as amended July 27, 2011, (Agreement) and the required fee in the amount of \$168.00 for a minor amendment. Your request to amend the Agreement seeks to extend the deadline for recordation of conservation easements on mitigation sites from "prior to energizing the transmission line" to "within 18 months of energizing the transmission line."

The Department hereby agrees to amend the agreement as requested. Compensatory Measure 3.22 – Conservation Easement is hereby replaced with the following:

3.22 Conservation Easement. A wildlife conservation easement or its equivalent shall be recorded or prepared on each mitigation site to protect existing fish and wildlife resources in perpetuity. The Grantee named shall be approved by DFG. Where a conservation easement is used, the Department shall be named as a third party beneficiary. The easement or its equivalent shall be completed within eighteen (18) months of energizing the transmission line. The form and content of the easement or its equivalent shall be approved by DFG's Office of the General Counsel prior to its execution. Where a conservation easement is used, DFG's review can be expedited through the use of the most current Conservation Easement Template, available by contacting Kelly Fisher at (858) 467-4207 or kfisher@dfg.ca.gov. The submittal shall include an electronic version of the Easement, with changes to the template shown in redline/strikeout format, as well as a clean version and all applicable exhibits, and shall be sent to DFG at 3883 Ruffin Road, San Diego, CA 92123, Attn: Streambed Alteration Program – SAA # 1600-2009-0365-R5. Arrangements to submit the entire package electronically can be made through Kelly Fisher (see contact information, above).
