Comment: My objections to the Sunrise Powerlink project are as follows:

① It is in conflict with the San Diego Regional Energy Strategy developed in May, 2003 regarding how San Diego's energy shall be produced and consumed.

② SDG&E has no requirement to replace the Sterling contract with other renewables should that contract fail to produce viable technology.

③ Sunrise Powerlink, as proposed, would ruin scenic vistas in Los Penasquitos Preserve and expose nearby homeowners to increased EMFs.
