Dear Mr. Cordero:

On July 13, 2011, Southern California Edison Company (SCE) submitted a Notice of Proposed Construction to the California Public Utilities Commission (CPUC) seeking authority to utilize Valley Substation as a staging area for Fogarty Substation construction.. A Final Environmental Impact Report (SCH # 2008011082) for the project was published in accordance with the California Environmental Quality Act by the CPUC in May 2010. On August 12, 2010, a Certificate of Public Convenience and Necessity was granted by the CPUC under Decision 10-08-009.

Notice To Proceed # 3 (relating to the use of Valley Substation as a staging area for the construction of Fogarty Substation) is hereby granted by the CPUC.

Sincerely,

A handwritten signature in blue ink that reads "Jensen Uchida".
