

Southern California Edison
Presidential Substation Project A.08-12-023

DATA REQUEST SET Presidential ED-03 (Part 1)

To: CPUC

Prepared by: Roger Overstreet

Title: Biologist

Dated: 05/19/2009

Question 07:

Project Description

Has the substation site configuration been changed to address biological habitat impacts, based on recent surveys? If yes provide revised site configuration. Also provide detailed vegetation map in GIS based on recent surveys, if different from PEA data provided previously.

Response to Question 07:

No, SCE has not changed the configuration of the substation to address habitat impacts. A PDF, shapefile and explanation of the recent vegetation map is attached below.
