

Southern California Edison
Presidential Substation Project A.08-12-023

DATA REQUEST SET Presidential ED-03 (Part 3)

To: CPUC

Prepared by: Kristin Kelly

Title: Project Manager, Transmission Licensing

Dated: 05/19/2009

Question 27:

Project Description

The PEA states that either Moorpark Substation or Pardee Substation would be used as a marshalling yard if feasible. If not feasible SCE, would lease an existing commercial facility approximately 3 acres in size. Provide an approximate location and distance from construction activities of existing commercial facilities that may be used as a marshalling yard.

Response to Question 27:

If a marshalling yard other than Moorpark Substation or Pardee Substation is necessary for this project, SCE would endeavour to locate a property within 5 miles from the project boundaries.
