

Southern California Edison
Presidential Substation Project A.08-12-023

DATA REQUEST SET Presidential ED-03 (Part 2)

To: CPUC

Prepared by: Kristin Kelly

Title: Project Manager, Transmission Licensing

Dated: 05/19/2009

Question 30:

Project Description

The PEA states that excavated material from installation of LWS and TSPs would be distributed at each pole site; does this mean that it could be spread on site? Please clarify.

Response to Question 30:

Yes. Please refer to PEA, chapter, 3, page 3-18, paragraph 1, which states that any excess material that cannot be utilized or spread at the pole installation site will be removed from the site and disposed of properly.
