Effective Regulation

Thursday, November 14, 2013
1:30 p.m. to 3:30 p.m.
CPUC Auditorium
505 Van Ness Ave., San Francisco

Session Overview

To foster a dialogue on how to create effective regulation, the session will explore the role of the regulator and the impact of regulation on government, California consumers, and the economy as a whole. Specifically, what effective regulation is, how it is achieved, the balance between under and over-regulation, and the impacts on those affected will be discussed.
