B. How can the impacts of this the area code boundary elimination overlay be minimized for you?

Please provide any comments here and feel free to continue your comments on the back of this page.

my concerns are in terms of clearly explaining the overlay; that it is a technical "overlay" & not a phone number change; that it is 323 @ 213 not 323 @ 213 when dialing a number once the overlay is completed
how will this information be communicated? by ads, publicity, online, etc? It needs to be done in an efficient, direct & easiest way, and not only online because not everyone uses a smartphone or a computer. Using the phone bill as a means of communication, of communicating these changes, would be very helpful.

A short transition change of a month before
the 323 area code change takes effect to dial the
1 the 323 area code and the number when I call
someone in the city where I live or when I call
someone in another city with the same area code.
Thank you very much this information was very
helpful and informative. Have a wonderful day.

Sincerely,
Sandra Sifuentes
