**WORKSHOP**  
**SOLAR WATER HEATING STAFF PROPOSAL**  
**AGENDA**

**AUGUST 3, 2009**  
**10:00 AM – 5:00 PM**  
**AUDITORIUM**

**CPUC, 505 VAN NESS AVENUE, SAN FRANCISCO, CA 94102**  
**HOSTED BY: ALJ DOROTHY DUDA AND DAMON FRANZ (ENERGY DIVISION)**

On July 15, the CPUC released a Staff Proposal recommending a new program of direct financial incentives and market facilitation to promote the installation of solar water heating systems on residential and commercial properties in California. In this workshop, Energy Division and ALJ Dorothy Duda will present the Staff Proposal and provide the public with the opportunity to ask questions of CPUC staff to help parties better understand the proposal.

Each section of the agenda will begin with a presentation by Energy Division on the relevant section of the Staff Proposal, followed by an opportunity for questions from the audience. Parties may express their own views on the proposal and recommend alternatives by providing the Commission with written comments no later than August 12, and reply comments no later than August 24. For this reason, we ask that parties limit their comments at the workshop to questions intended to clarify their understanding of the proposal.

Parties may watch the workshop online at the following link: <http://www.californiaadmin.com/cgi-bin/cpuc.cgi>  
At any time during the workshop, parties watching online may email questions to the following address and we will attempt to answer them in the order in which they are received: [df1@cpuc.ca.gov](mailto:df1@cpuc.ca.gov)
