

## California Public Utilities Commission

# CPUC BEAD Challenge Process Webinar Series

Please join us for the second in our webinar series on the Broadband Equity, Access, and Deployment (BEAD) Challenge Process. The Challenge Process is the mechanism for submitting data that a broadband serviceable location should or should not be designated as served, unserved, or underserved for the purpose of BEAD funding eligibility.

### **Webinar #2 - BEAD Challenge Portal Pre-Registration, Tier D/E CostQuest Licenses, and Portal Overview**

May 8, 2024

10:00a.m. – 11:00a.m. PST

[Register here](#)

The Broadband Equity, Access, and Deployment (BEAD) Program Challenge Process is an important opportunity for stakeholders to help update the FCC Broadband Map so that funding for broadband infrastructure gets to the locations that need it the most. Your participation in the Challenge Process is critical to ensuring the expansion of infrastructure and internet access in rural and historically underserved communities across California.

Join us to learn how to get ready to participate in the BEAD Challenge Process. In this webinar, you will learn about ways you can prepare for the Challenge Process, including how to: obtain a Tier D or Tier E CostQuest license, obtain an FCC FRN, pre-register your organization in the challenge portal, an overview of the challenge portal, and how to submit a challenge.

Help California ensure that Broadband Equity, Access, and Deployment (BEAD) Program funding goes where it is most needed!

### **BEAD Program Updates**

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where potential challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#). Additionally, we will be updating the [BEAD Frequently Asked Questions](#) page in the coming days and weeks to capture the questions you've asked during our webinars or sent to the [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov) email.

# CPUC BEAD Challenge Process Timeline

### The BEAD Challenge Timeline

California's 120-day Challenge Process will begin on July 8, 2024, starting with the 30-day Challenge Phase. The CPUC has partnered with Ready.net to provide a Challenge Portal where permissible challengers can register and submit challenges.

On June 17, the CPUC will provide the map of eligible locations, access to the BEAD Consumer Challenge website, and the data sets of unserved locations, underserved locations, and CAIs. These will be available on the [Challenge Portal](#).

Pre-registration for the Challenge Portal is currently open to permissible challengers (units of local and Tribal governments, nonprofits, and broadband service providers). Registration will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

### Office Hours

The CPUC will hold a series of office hours for live questions on the BEAD Challenge Process. Dates and times will be posted on the [BEAD Events](#) page for registration once available.

### General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where potential challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#). Additionally, we will be updating the [BEAD Frequently Asked Questions](#) page in the coming days and weeks to capture the questions

you've asked during our webinars or sent to the [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov) email.

# CPUC BEAD Challenge Process Timeline

### The BEAD Challenge Timeline

California's 120-day Challenge Process will begin on July 8, 2024, starting with the 30-day Challenge Phase. The CPUC has partnered with Ready.net to provide a Challenge Portal where permissible challengers can register and submit challenges.

On June 17, the CPUC will provide the preview-only map of eligible locations, access to the BEAD Consumer Challenge website, and the data sets of unserved locations, underserved locations, served locations, and CAIs. These will be available on the [Challenge Portal](#) at 12:00 p.m. PST.

Please note that the map and data currently provided is intended for preview only. Deduplication and updating to Version 4 of the Broadband Serviceable Locations Fabric, released on May 14, 2024 (showing National Broadband Map Availability Data as of December 31, 2023) is currently underway. The final map and data downloads will be released here **the week of June 24, 2024**.

Registration will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

### Office Hours

The CPUC will hold a series of office hours for live questions on the BEAD Challenge Process. Dates and times will be posted on the [BEAD Events](#) page for registration once available.

### General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where potential challengers can find information

about the Challenge Process as it becomes available and register for informational [Events](#). Additionally, we will be updating the [BEAD Frequently Asked Questions](#) page in the coming days and weeks to capture the questions you've asked during our webinars or sent to the [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov) email.

# Final BEAD Challenge Process Eligible Location Map and Data

### The BEAD Challenge Process

The [final map](#) and [data downloads](#) of Eligible Locations that will be used for the Challenge Process were posted on Friday, June 28, 2024. The map and data reflect Version 4 of the Broadband Serviceable Locations Fabric, released on May 14, 2024 (showing National Broadband Map Availability Data as of December 31, 2023), the result of the deduplication process, and incorporate California's Pre-Challenge modifications.

#### Welcome to California's BEAD Challenge Page

The CPUC's Broadband Equity, Access, and Deployment (BEAD) Challenge Process enables stakeholders in California to provide feedback on the state's list of locations eligible for BEAD funding. Based on the process approved by the National Telecommunications and Information Administration (NTIA), you can challenge data sourced from the National Broadband Map by submitting relevant and allowable evidence as outlined in the state's BEAD Initial Proposal Volume I.

This page is your starting point for accessing the CPUC's Challenge Portal, Consumer Challenge website, and associated maps and user guides.

If you represent a local government, Tribal government, nonprofit, or broadband service provider, start [here](#) or select "Challengers" in the toolbar at the top of the screen.

If you are a member of the public who wants to submit evidence to provide feedback on broadband data for individual locations (e.g., residences, businesses, or community anchor institutions) on the Consumer Challenge Map, start [here](#) or select "Individuals" in the toolbar at the top of the screen.

[See Map](#)

#### Data Download

These files show the pre-Challenge Process classification (unserved, underserved, or served) of each Broadband Serviceable Location (BSL) in California by FCC Location ID. The files include pre-challenge modifications and deduplication of federal commitments.

\*Please note: These CSV files may have record counts exceeding the visible limits in Microsoft Excel and/or other applications.

Unserved	Underserved	Served
<p>These BSLs reportedly have at least one of the following:</p> <ul style="list-style-type: none"><li>No access to broadband service</li><li>Speeds of less than 25/3 Mbps</li><li>Latency greater than 100 milliseconds</li></ul> <p>These locations are reported to lack information commitments for deployment of service that will deliver speeds of at least 100/20 Mbps.</p>	<p>These locations are BSLs that are allowed to have at least one of the following:</p> <ul style="list-style-type: none"><li>Speeds of less than 100/20 Mbps but greater than 25/3 Mbps</li><li>Latency greater than 100 milliseconds</li></ul> <p>These locations are considered underserved based on the CPUC's BEAD pre-challenge modifications (e.g., 25% modification and cable fiber wireless modifications), and are reported to lack information commitments for deployment of service that will deliver speeds of at least 100/20 Mbps.</p>	<p>These BSLs reportedly have access to broadband service greater than or equal to 100/20 Mbps and latency less than or equal to 100 milliseconds or have an enforceable commitment for the deployment of service that meets fiber standards.</p>

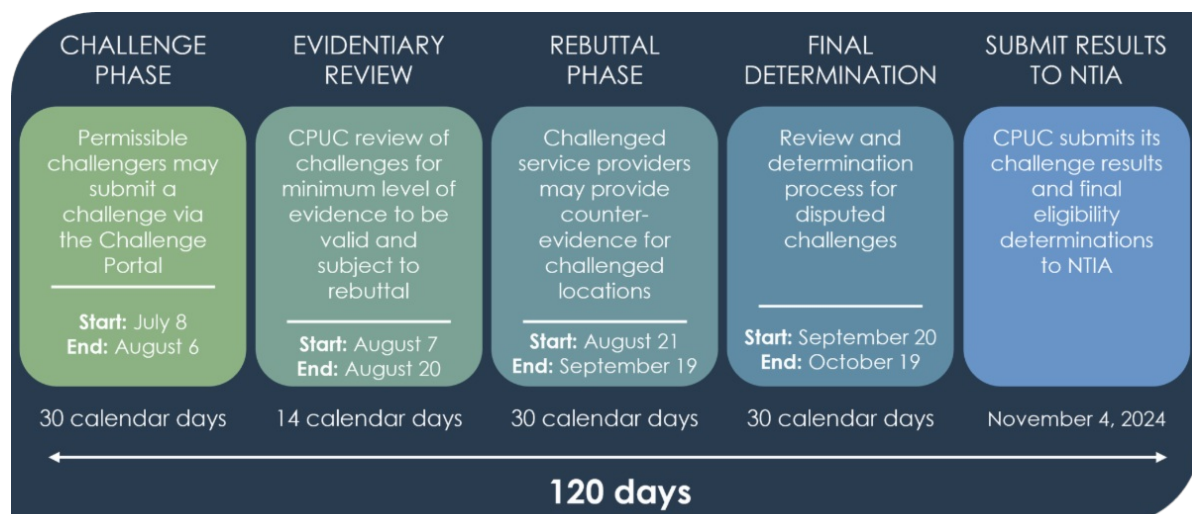

#### CAI data

This file includes the list of community anchor institution (CAI) locations.

[Download CAI Data](#)

\*The map and data currently provided have undergone pre-challenge deduplication and have been updated to version 4 of the Broadband Serviceable Locations Fabric, released on May 14, 2024, showing National Broadband Map Availability Data as of December 31, 2023. The final map and data downloads have been released as of June 28, 2024.

The 120-day Challenge Process will begin on July 8, 2024, with the 30-day Challenge Phase. The CPUC has partnered with Ready.net to provide a Challenge Portal where permissible challengers can register and submit challenges.

[Registration for the Challenge Portal](#) is currently open to permissible challengers (units of local and Tribal governments, nonprofits, and broadband service

providers). Registration will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

### Office Hours

The CPUC will hold a series of office hours for live questions on the BEAD Challenge Process. Dates and times will be posted on the [BEAD Events](#) page for registration once available.

# BEAD Challenge Process Now Open

### California's BEAD Challenge Process is Live!

The BEAD Challenge Phase is live in the [BEAD Challenge Portal](#) as of today, July 8, 2024, at 8:00 a.m. PST and will end on August 6, 2024, at 11:59 p.m. PST. During this 30-day window, permissible challengers (units of local and Tribal governments, nonprofits, and broadband service providers) will be able to challenge the existing BEAD Challenge Process map by submitting evidence through the Portal when specific locations may not be accurately represented as unserved, underserve, or served. At the end of the Challenge Process (subject to NTIA approval), a final map of locations eligible for BEAD funding will be published. When you log in, you will see "Challenge Submission" in the upper right corner to indicate that the Challenge Phase is open and challenges are being accepted.

Individuals may also submit evidence using the [BEAD Consumer Challenge Website](#) and these will be made available for permissible challengers to submit on their behalf through the Portal.

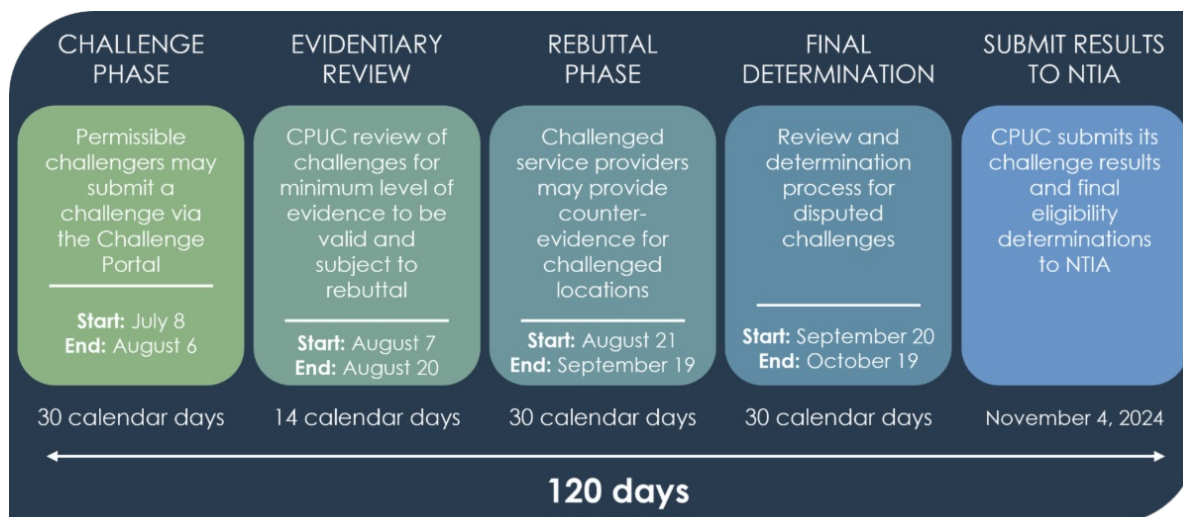

The User Guide has been updated to Version 1.1 (July 5, 2024) and can be accessed from the [Permissible Challengers](#) page.

A screenshot of the "California Broadband Challenge Dashboard" web application. The dashboard has a dark sidebar on the left with navigation links: "CHALLENGE", "Dashboard", "Challenge Map", "Consumer Challenges", and "SETTINGS". The main content area has a title "California Broadband Challenge Dashboard" and a "Challenge Submission" button in the top right corner. Below the title is a blue informational box stating that the challenge process is now open and providing a brief description. Underneath are three summary cards: "CHALLENGES SUBMITTED" with a count of 0, "CHALLENGES REVISION REQUESTED" with a count of 0, and "CHALLENGES WITHDRAWN" with a count of 0. At the bottom, there are tabs for "My Submitted Challenges (0)", "Revision Requested (0)", "Initial Review Processed (0)", and "Withdrawn (0)". To the right of these tabs are buttons for "Export Challenge Data" and "Add Challenge". A search bar labeled "Search by Challenge ID / entity" is also present. Below the search bar is a table with columns: "Challenged Entity", "Challenge Type", "Locations", "Date Submitted", "Status", and "Details". The table currently shows "No data".

The BEAD Challenge map and data reflect Version 4 of the Broadband Serviceable Locations Fabric, released on May 14, 2024 (showing National Broadband Map Availability Data as of December 31, 2023), the result of the deduplication process, and incorporate California's Pre-Challenge modifications.

### Overall Challenge Process Timeline

The Challenge Phase is the first stage of the 120-day Challenge Process. Permissible challengers (units of local and Tribal governments, nonprofits, and broadband service providers) will need to [register](#) to submit a challenge or submit on behalf of individuals. [Registration](#) will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

### Office Hours

The CPUC will hold a series of office hours for live questions on the BEAD Challenge Process. Dates and times will be posted on the [BEAD Events](#) page for registration once available.

### General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where potential challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#). Additionally, we will be updating the [BEAD Frequently Asked Questions](#) page in the coming days and weeks to capture the questions you've asked during our webinars or sent to the [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov) email.

### Reminder to Submit BEAD Consumer Challenges

You are receiving this email because you have signed up to accept challenges from individuals. Thank you for supporting the BEAD Challenge process and facilitating direct consumer input. Challenges from individuals are submitted through the BEAD Consumer Challenge website. These are then displayed on your Consumer Challenge dashboard in the Challenge Portal for your review and submission. Reminder: Individual challenges must be processed and submitted by a permissible challenger (you) to move to the next stage of the Challenge Process.

There are a significant number of challenges that have not yet been reviewed and submitted by organizations who have indicated they would be willing to do so on behalf of individuals. Consumer challenges in the Challenge Portal will be accepted until the end of the Challenge Phase on August 6, 2024, at 11:59 p.m. PST.

Please take a moment to log into the Portal and review submitted Consumer Challenges. You will only see challenges from the counties you indicated on your registration.

## California Public Utilities Commission

Thank you to everyone supporting the BEAD Challenge Process through your participation in the Challenge Phase.

This is a reminder that the Challenge Phase is nearing completion and will close on August 6, 2024, at 11:59 p.m. PST.

We encourage you to submit your challenges ahead of the deadline to allow time to respond to requests for revision or withdraw and submit a new challenge. Once the Challenge Phase closes, the Portal will no longer accept new challenges or submission on behalf of individuals, and you will not be able to modify your challenge unless asked for revision by the review team. Responses to requests for revision during Evidentiary Review allow one opportunity for modification before final review.

### Consumer Challenges

There are a significant number of challenges that have not yet been reviewed and submitted by organizations who have indicated they would be willing to do so on behalf of individuals. Consumer challenges in the Challenge Portal will be accepted until the end of the Challenge Phase on August 6, 2024, at 11:59 p.m. PST.

**Bulk Challenges for CAI Code Q – “Qualifying broadband available”**

Bulk challenges (up to 250 locations) for Code Q – “Qualifying broadband available”

follow this workflow: Portal Login > Challenge Dashboard > [+ Add Challenge] Button > [Community Anchor Institution] Button > [Is Served (Receives 1 Gbps Symmetric Service)].

The screenshot shows the 'Create a Challenge' page. On the left is a sidebar with 'CHALLENGE', 'Dashboard', 'Challenge Map', and 'SETTINGS'. The main area has a breadcrumb trail: '1. Challenge Category > 2. Challenge Type > 3. Challenge Details > 4. Select Locations > 5. Evidence & Documentation > 6. Attestation'. Below the breadcrumb is a map of California. To the right of the map is a 'Select Challenge Type' section with the instruction 'Please select what challenge type you would like to submit'. There are four buttons: 'Is An Anchor Institution', 'Is Not An Anchor Institution', 'Is Served (Receives 1 Gbps Symmetric Service)', and 'Is Not Served (Receives Less Than 1 Gbps)'. The 'Is Served' button is highlighted with a red border. Below each button is a brief description of what to report.

IMPORTANT: Only one ISP and one technology type is allowed per bulk challenge and must include one separate evidence file per location. For example, if you were to challenge 250 locations and provide a CSV, you would upload a total of 251 files (one bulk file, and one evidence file for each location, clearly labeled).

## Overall Challenge Process Timeline

The Challenge Phase is the first stage of the 120-day Challenge Process. Permissible challengers (units of local and Tribal governments, nonprofits, and broadband service providers) will need to [register](#) to submit a challenge or submit on behalf of individuals. Bulk challenges (up to 250 locations) for Code Q – “Qualifying broadband available” follow this workflow: Portal Login > Challenge Dashboard > [+ Add Challenge] Button > [Community Anchor Institution] Button > [Is Served (Receives 1 Gbps Symmetric Service)].

← Create a Challenge

1. Challenge Category > 2. Challenge Type > 3. Challenge Details > 4. Select Locations > 5. Evidence & Documentation > 6. Attestation

Search by ID/Address

**Select Challenge Type**

Please select what challenge type you would like to submit

Report that a location should be classified as an anchor institution

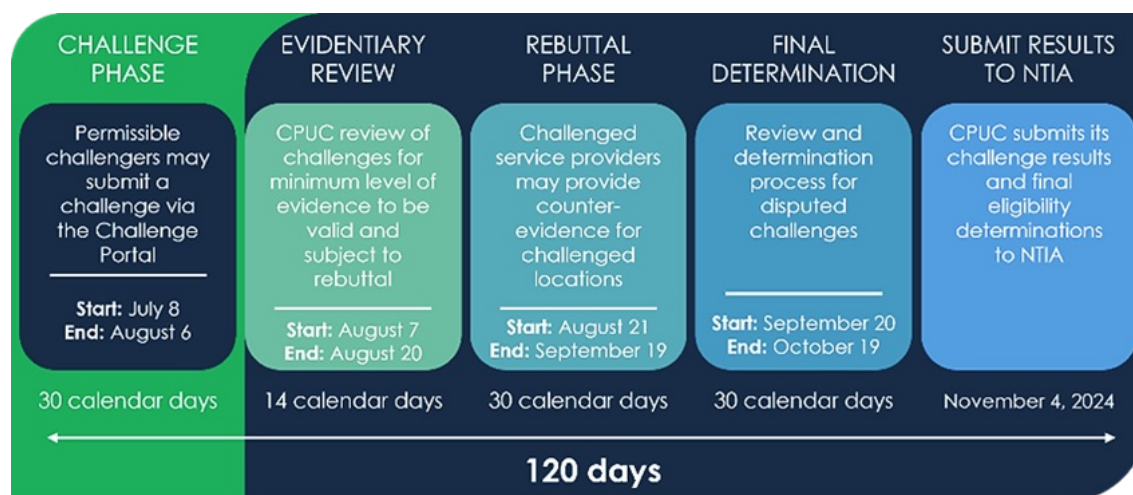

Report that a location currently classified as an anchor institution should not be

Report that a location classified as an anchor institution receives 1 Gbps service and should be considered served

**IMPORTANT:** Only one ISP and one technology type is allowed per bulk challenge and must include one separate evidence file per location. For example, if you were to challenge 250 locations and provide a CSV, you would upload a total of 251 files (one bulk file, and one evidence file for each location, clearly labeled).

## Overall Challenge Process Timeline

The Challenge Phase is the first stage of the 120-day Challenge Process. Permissible challengers (units of local and Tribal governments, nonprofits, and broadband service providers) will need to [register](#) to submit a challenge or submit on behalf of individuals. [Registration](#) will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

## Office Hours

Thursday, August 1, 2024 will be the final office hours for the Challenge Phase. Please visit the [BEAD Events](#) page to register.

## General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where permissible challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#).

For Challenge Process or general BEAD Program question, please contact [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov).

For technical assistance with the BEAD Challenge Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

### Reminder to Submit BEAD Consumer Challenges

You are receiving this email because you have signed up to accept challenges from individuals. Thank you for supporting the BEAD Challenge process and facilitating direct consumer input. Challenges from individuals are submitted through the BEAD Consumer Challenge website. These are then displayed on your Consumer Challenge dashboard in the Challenge Portal for your review and submission. Reminder: Individual challenges must be processed and submitted by a permissible challenger (you) to move to the next stage of the Challenge Process.

There are a significant number of challenges that have not yet been reviewed and submitted by organizations who have indicated they would be willing to do so on behalf of individuals. Consumer challenges in the Challenge Portal will be accepted until the end of the Challenge Phase on August 6, 2024, at 11:59 p.m. PST.

Please take a moment to log into the Portal and review submitted Consumer Challenges. You will only see challenges from the counties you indicated on your registration.

This screenshot shows the "Consumer Challenges Dashboard" in the Challenge Portal. On the left is a sidebar menu with options: CHALLENGE, Dashboard, Challenge Map, Consumer Challenges (highlighted with a red arrow and "Dashboard" label), HOME, APPLY FOR C.F. WFI, and SETTINGS. The main content area has two summary boxes: "CONSUMER EVIDENCE SUBMITTED" with a count of 2, and "CONSUMER EVIDENCE PROCESSED" with a count of 0. Below these is a table titled "2 Results" with columns: Address, Challenged Entity, Challenged Type, Census Block Group, County, Status, Date Submitted, and Details. Two challenge entries are listed. The first entry for "915 Walnut Woods Ct, Woodland, CA 95695" has a status of "Not Challenged" and a "View Details" link. The second entry for "2500 Harbour Shore Ln, Elk Grove, CA 95758" also has a status of "Not Challenged" and a "View Details" link. A red arrow points to the "View Details" link with the text "Click to Initiate or Review Consumer Challenge". A "Challenge Status" label is placed between the two rows of the table.

Address	Challenged Entity	Challenged Type	Census Block Group	County	Status	Date Submitted	Details
4ac23a52-68b7-48c3-ac97-d8e6dec1312 915 Walnut Woods Ct, Woodland, CA 95695 1315304876	Verizon	Speed	061130110021002	Yolo	Not Challenged	25 Jul '24 at 1:13 pm	<a href="#">View Details</a>
622414e-5209-4419-b198-e1c9f61aee6 2500 Harbour Shore Ln, Elk Grove, CA 95758 1393284870	AT&T	Availability	060670096223001	Sacramento	Not Challenged	25 Jul '24 at 1:09 pm	<a href="#">View Details</a>

This screenshot shows the "Consumer Challenges" map view. On the left is a sidebar menu with options: CHALLENGE, Dashboard, Challenge Map, Consumer Challenges (highlighted), HOME, APPLY FOR C.F. WFI, and SETTINGS. The main content area is a map with various layers and filters. A red arrow points to a "Download Consumer Evidence for Review" button. On the right is a panel titled "Comment Details" for the challenge at "915 Walnut Woods Ct, Woodland, CA 95695". It includes a "Download Attachments" button, a "Submitter" section with contact information, a "Submitted On" date, a "Challenge Type" (Speed), a "Technology" (Licensed Fixed Wireless), a "Provider" (Verizon), a "Location ID" (1315304876), a "Census Block GEOID" (061130110021002), a "County" (Yolo), and a "Comments" section. At the bottom right, there are buttons for "Submit Consumer Data as Challenge" and "Create Challenge".

### 8/2/2024 BEAD Challenge Process Updates

Thank you to everyone for your ongoing participation in the BEAD Challenge Process.

This is a reminder that the Challenge Phase will close this coming Tuesday, August 6, 2024, at 11:59 p.m. PST. The 120-day Challenge Process ends on November 4, 2024.

We encourage you to submit your challenges ahead of the deadline to allow time to respond to requests for revision or withdraw and submit a new challenge. Once the Challenge Phase closes, the Portal will no longer accept new challenges or submissions on behalf of individuals, and you will not be able to modify your challenge unless asked for revision by the review team. Responses to requests for revision during Evidentiary Review allow one opportunity for modification before final review.

#### Consumer Challenges

There are a significant number of challenges that have not yet been reviewed and submitted by organizations who have indicated they would be willing to do so on behalf of individuals. Consumer challenges in the Challenge Portal will be accepted until the end of the Challenge Phase on August 6, 2024, at 11:59 p.m. PST.

Please take a moment to log into the Portal and review submitted Consumer Challenges. You will only see challenges from the counties you indicated on your registration.

For more guidance, please refer to video tutorials on our [BEAD Resources](#) page and the presentation on [Working with Members of the Public to Submit Individual Challenges](#).

#### Bulk Challenges for CAI Code Q – “Qualifying broadband available”

Permissible challengers interested in submitting Bulk challenges (up to 250 locations) for Code Q – “Qualifying broadband available” should follow this workflow: Portal Login > Challenge Dashboard > [+ Add Challenge] Button > [Community Anchor Institution] Button > [Is Served (Receives 1 Gbps Symmetric Service)].

The screenshot shows the 'Create a Challenge' form in the BEAD Challenge Portal. The form is divided into several sections. On the left, there is a sidebar with navigation links: 'CHALLENGE', 'Dashboard', 'Challenge Map', and 'SETTINGS'. The main content area is titled 'Create a Challenge' and includes a progress bar with steps: 1. Challenge Category, 2. Challenge Type, 3. Challenge Details, 4. Select Locations, 5. Evidence & Documentation, and 6. Attestation. Below the progress bar is a map of California with a search bar. To the right of the map is a 'Select Challenge Type' section. This section contains four radio button options: 'Is An Anchor Institution', 'Is Not An Anchor Institution', 'Is Served (Receives 1 Gbps Symmetric Service)', and 'Is Not Served (Receives Less Than 1 Gbps)'. The 'Is Served (Receives 1 Gbps Symmetric Service)' option is highlighted with a red box. Below each option is a brief description of what the selection represents.

**IMPORTANT:** Only one ISP and one technology type is allowed per bulk challenge and must include one separate evidence file per location. For example, if you were

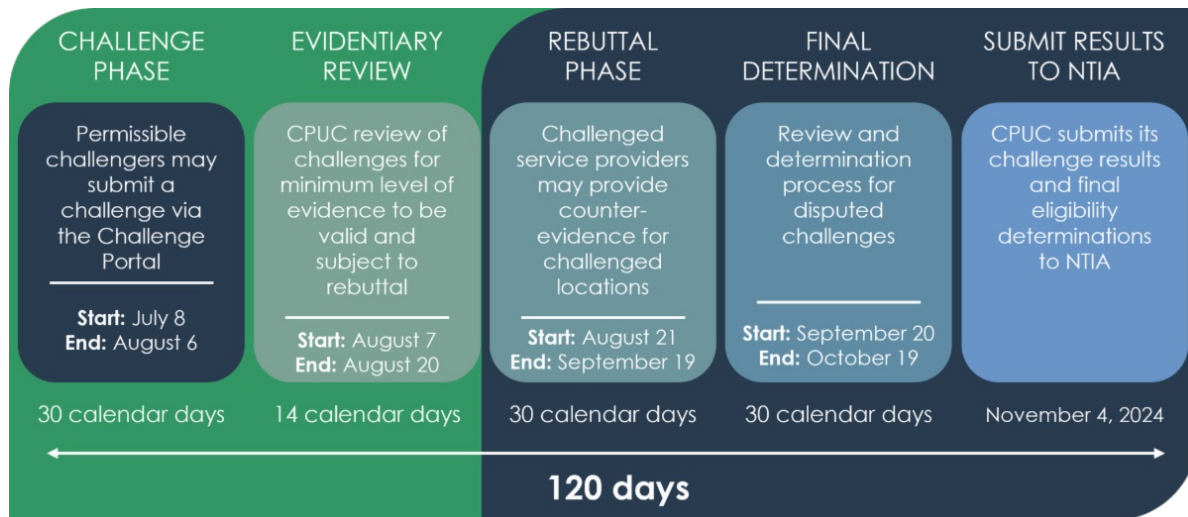

to challenge 250 locations and provide a CSV, you would upload a total of 251 files (one bulk file, and one evidence file for each location, clearly labeled).

### Next Steps in Challenge Process

Following the conclusion of the Challenge Phase, the CPUC will review challenges against NTIA's evidentiary standards to accept or reject a challenge in preparation for the Rebuttal Phase.

The Rebuttal Phase will open for 30 days starting August 21 and run through September 19, 2024, to allow challenged Service Providers to provide counterevidence to rebut validly challenged locations.

**IMPORTANT:** While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

**Registration** will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

### Events

A webinar focusing on the BEAD Rebuttal Phase for Broadband Service Providers (and other rebutters) will take place on Thursday, August 8, 2024.

Office hours will resume on Thursday, August 15, 2024.

Please visit the [BEAD Events](#) page to register.

### General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where permissible challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#).

### 8/5/2024 BEAD Challenge Process Updates

Thank you to everyone for your ongoing participation in the BEAD Challenge Process.

This is a reminder that the Challenge Phase will close tomorrow, Tuesday, August 6, 2024, at 11:59 p.m. PST. Once the Challenge Phase closes, the Portal will no longer accept new challenges or submissions on behalf of individuals, and you will not be able to modify your challenge unless asked for revision by the review team. Responses to requests for revision during Evidentiary Review allow one opportunity for modification before final review.

#### Consumer Challenges

Thank you to organizations who have been working with individuals to gather and submit Consumer Challenges. Consumer Challenges will be accepted until the end of the Challenge Phase on August 6, 2024, at 11:59 p.m. PST.

For more guidance, please refer to video tutorials on our [BEAD Resources](#) page and the presentation on [Working with Members of the Public to Submit Individual Challenges](#).

#### Bulk Challenges for CAI Code Q – “Qualifying broadband available”

Permissible challengers interested in submitting Bulk challenges (up to 250 locations) for Code Q – “Qualifying broadband available” should follow this workflow: Portal Login > Challenge Dashboard > [+ Add Challenge] Button > [Community Anchor Institution] Button > [Is Served (Receives 1 Gbps Symmetric Service)].

The screenshot shows the 'Create a Challenge' web interface. On the left is a sidebar with navigation links: 'CHALLENGE' (with a 'TEST' button), 'Dashboard', 'Challenge Map', and 'SETTINGS'. The main content area has a breadcrumb trail: '1. Challenge Category > 2. Challenge Type > 3. Challenge Details > 4. Select Locations > 5. Evidence & Documentation > 6. Attestation'. Below the breadcrumb is a map of California with a search bar labeled 'Search by CA Address'. To the right of the map is a 'Select Challenge Type' section with four radio button options: 'Is An Anchor Institution', 'Is Not An Anchor Institution', 'Is Served (Receives 1 Gbps Symmetric Service)' (which is highlighted with a red border), and 'Is Not Served (Receives Less Than 1 Gbps)'. Each option has a brief description below it.

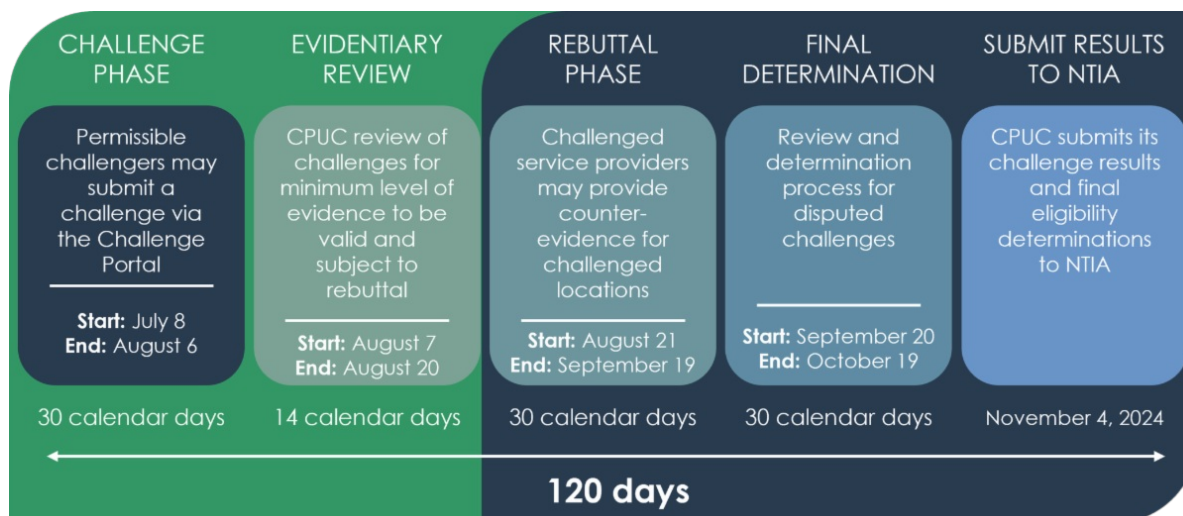

**IMPORTANT:** Only one ISP and one technology type is allowed per bulk challenge and must include one separate evidence file per location. For example, if you were to challenge 250 locations and provide a CSV, you would upload a total of 251 files (one bulk file, and one evidence file for each location, clearly labeled).

#### Next Steps in Challenge Process

Following the conclusion of the Challenge Phase, the CPUC will review challenges against NTIA's evidentiary standards to accept or reject a challenge in preparation for the Rebuttal Phase. Keep an eye out for revision requests from the review team for additional evidence needed to process your challenge.

The Rebuttal Phase will open for 30 days starting August 21 and run through September 19, 2024, to allow challenged Service Providers to provide counterevidence to rebut validly challenged locations.

**IMPORTANT:** While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

[Registration](#) will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

#### Events

A webinar focusing on the BEAD Rebuttal Phase for Broadband Service Providers (and other rebutters) will take place on Thursday, August 8, 2024.

Office hours will resume on Thursday, August 15, 2024.

Please visit the [BEAD Events](#) page to register.

### 8/12/2024 BEAD Challenge Process Updates

Thank you to everyone for your ongoing participation in the BEAD Challenge Process.

#### Deadline for Revisions Requested

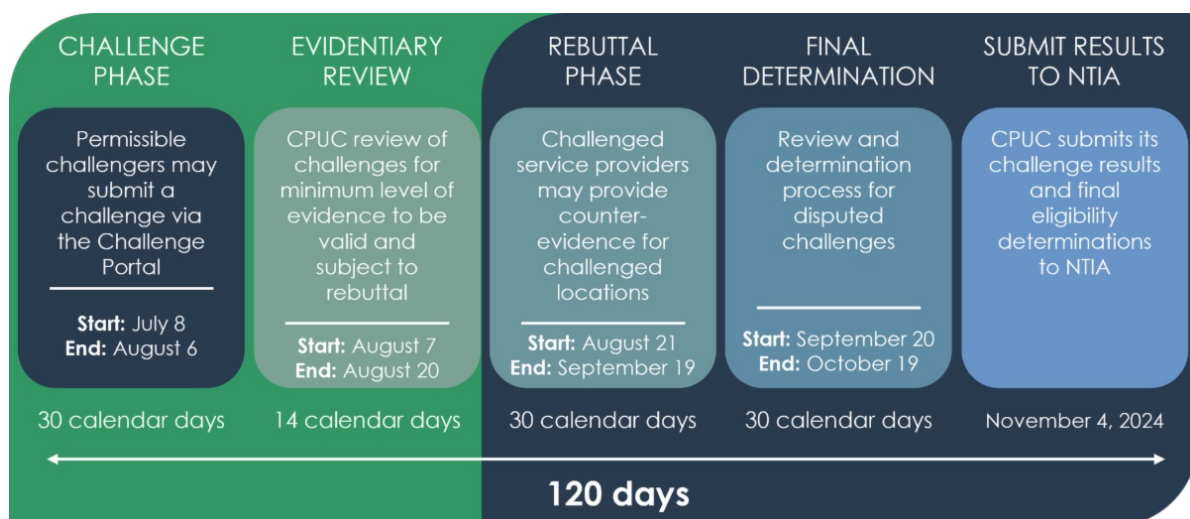

The CPUC is currently reviewing challenges that were received during the Challenge Phase that ended on August 6, 2024. Responses to revision requests will be accepted through August 16, 2024, at 11:59 p.m. PST. This is the final opportunity to provide substantiating evidence and challenges move forward to the Rebuttal Phase.

For fixed wireless revision requests, the evidence spreadsheet and attestation form can be found on the [BEAD Resources](#) page.

The Rebuttal Phase will open for 30 days starting August 21 and run through September 19, 2024, to allow challenged Service Providers to provide counterevidence to rebut validly challenged locations.

**IMPORTANT:** While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

[Registration](#) will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

#### Events

Office hours will resume on Thursday, August 15, 2024. Please visit the [BEAD Events](#) page to register.

### 8/16/2024 BEAD Challenge Process Updates

Thank you to everyone for your ongoing participation in the BEAD Challenge Process.

#### EXTENDED: Deadline for Revisions Requested

The CPUC is currently reviewing challenges that were received during the Challenge Phase that ended on August 6, 2024. If you have received a notification in the portal that additional information is needed, the window to provide responses to revision requests has been extended through Sunday, August 18, 2024, at 11:59 p.m. PST.

#### Fixed Wireless Revision Request Files

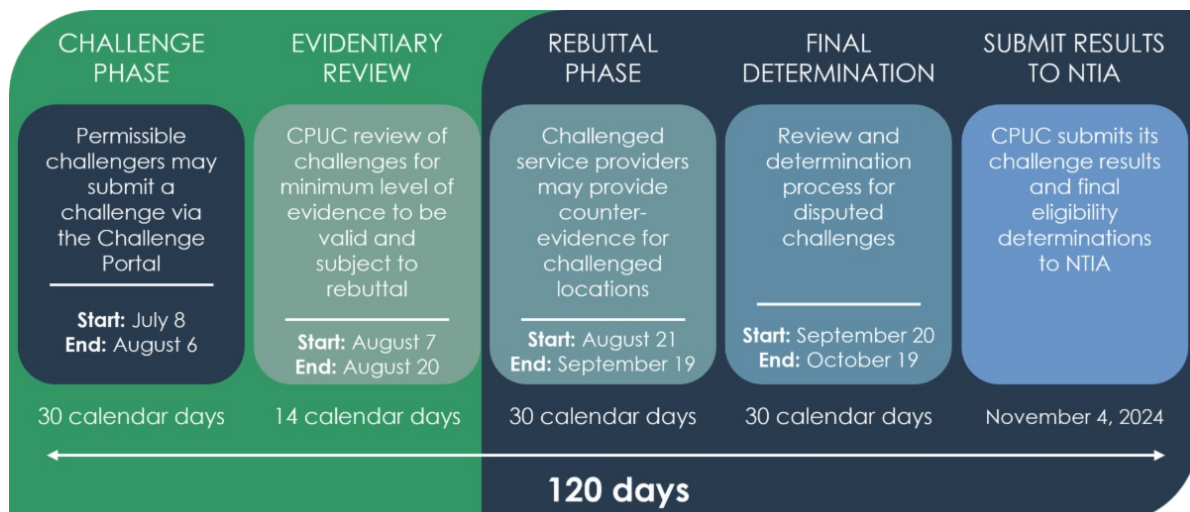

Revision requests for fixed wireless must use the following format (also included within the Portal):

- [BEAD Fixed Wireless Evidence Spreadsheet](#) (all fields must be populated)
- [BEAD Attestation for Verification of Internet Service](#)

Detailed notes are provided with requests for revisions. Please review and confirm that responses and templates are complete before submitting. This is the final opportunity to provide substantiating evidence before final review and challenges move forward to the Rebuttal Phase.

#### Rebuttal Phase

The Rebuttal Phase will open for 30 days starting August 21 and run through September 19, 2024. While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

[Registration](#) will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For

technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

## Events

Office hours will continue through Thursday, September 19, 2024. Please visit the [BEAD Events](#) page to register.

### 8/20/2024 BEAD Challenge Process Updates

#### Rebuttal Phase to begin on August 21

The Rebuttal Phase will open for 30 days starting August 21 and run through September 19, 2024. While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

#### TIPS

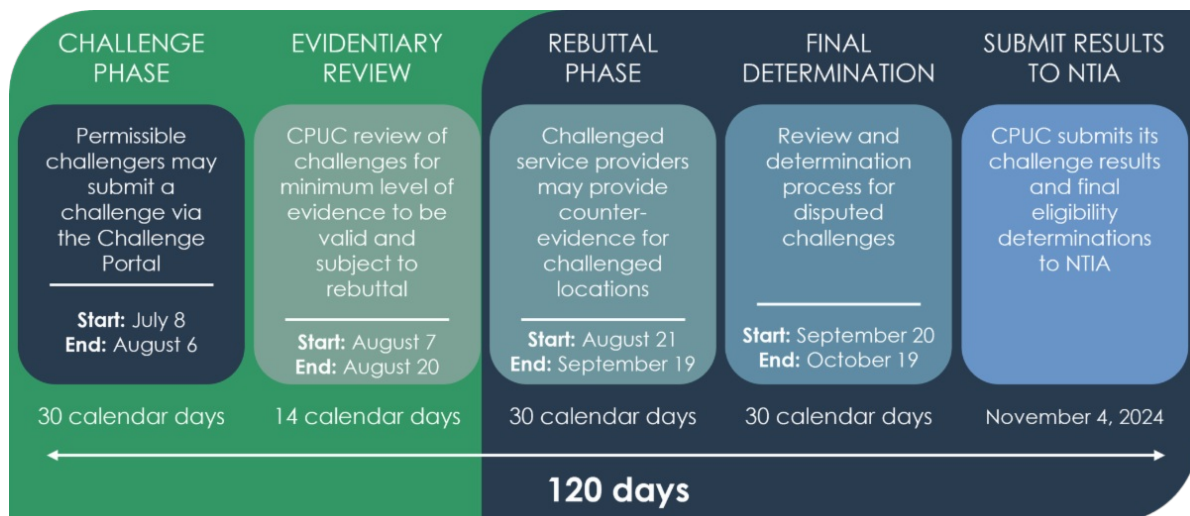

- Plan to submit rebuttals early to allow for requests for additional evidence.
- Check the quality of scanned documents; if they are difficult to read, there may be delays in processing the rebuttal.
- Register to attend office hours to ask questions.

#### Fixed Wireless Challenges/Rebuttals

Any fixed wireless operator that wants to rebut a challenge to their locations must use the following format (also included within the Portal):

- [BEAD Fixed Wireless Evidence Spreadsheet](#) (all fields must be populated)
- [BEAD Attestation for Verification of Internet Service](#)

Please review and confirm that responses and templates are complete before submitting. If a field does not apply, please indicate the reason it does not apply, otherwise blanks will indicate incomplete submissions.

[Registration](#) will remain open through the Rebuttal Phase to allow challenged Service Providers to register and provide counterevidence to rebut challenged locations. For technical assistance with the Portal, please contact [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

#### Events

Office hours will continue through Thursday, September 19, 2024. Please visit the [BEAD Events](#) page to register.

### General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where permissible challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#).

### 9/12/2024 BEAD Challenge Process Updates

#### Rebuttal Phase ends on September 19

The Rebuttal Phase will end in one week, on September 19, 2024 at 11:59 p.m. PST. While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

[Registration](#) will close following the conclusion of the Rebuttal Phase.

#### TIPS

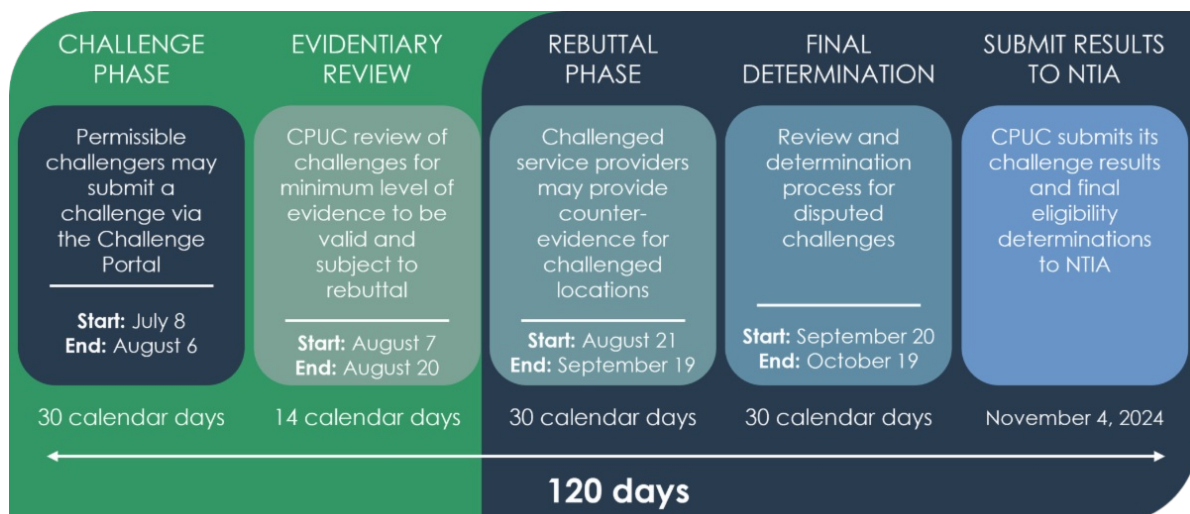

- Plan to submit rebuttals early to allow for requests for additional evidence.
- Check the quality of scanned documents; if they are difficult to read, there may be delays in processing the rebuttal.
- Register for office hours to ask questions.
- Send technical assistance requests (questions about the Portal, or your account) to [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net). Technical assistance requests that are sent to the BEAD email address may be delayed while they are rerouted to Ready.

#### Fixed Wireless Challenges/Rebuttals

Any fixed wireless operator that wants to rebut a challenge to their locations must use the following format:

- [BEAD Fixed Wireless Evidence Spreadsheet](#) (all fields must be populated)
- [BEAD Attestation for Verification of Internet Service](#)

Please review and confirm that responses and templates are complete before submitting. If a field does not apply, please indicate the reason it does not apply, otherwise blanks will indicate incomplete submissions.

Office hours will continue through Thursday, September 19, 2024. Please visit the [BEAD Events](#) page to register.

### General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where permissible challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#).

For Challenge Process or general BEAD Program question, please contact [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov). Technical assistance [requests that are sent to the BEAD email address may be delayed](#), so to save time, please send to the Ready help desk.

### 10/8/2024 BEAD Program Updates

#### California's BEAD Initial Proposal Approved, Unlocking \$1.86 Billion in Last-mile Funding

The National Telecommunications and Information Administration (NTIA) recently approved California's proposed subgrantee selection rules contained in the CPUC's Initial Proposal Volume 2, unlocking over \$1.86 billion in Broadband Equity Access and Deployment (BEAD) program funds.

At NTIA's October 4, 2024, press conference, Assistant Secretary of Commerce for Communications and Information and NTIA Administrator Alan Davidson noted that "California can move their Internet for All efforts from planning to action." Assistant Secretary Davidson congratulated the CPUC for developing a strong proposal outlining how California will connect all residents to high-speed Internet service

More information is available in NTIA's press release: [Biden-Harris Administration Approves California's "Internet for All" Initial Proposal | National Telecommunications and Information Administration \(ntia.gov\)](#)

### 9/19/2024 BEAD Challenge Process Updates

#### Rebuttal Phase ends today

The Rebuttal Phase ends today at 11:59 p.m. PST.

**Reminder** - While only broadband service providers can submit rebuttals against their challenged services, any permissible challenger can submit a rebuttal against other challenge types, including Planned Service, Existing Service, and Enforceable Commitment challenges.

[Registration](#) will close following the conclusion of the Rebuttal Phase.

#### TIPS

- Check the quality of scanned documents; if they are difficult to read, there may be delays in processing the rebuttal.
- Send technical assistance requests (questions about the Portal, or your account) to [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net). Technical assistance requests that are sent to the BEAD email address may be delayed while they are rerouted to Ready.

#### Fixed Wireless Challenges/Rebuttals

Any fixed wireless operator that wants to rebut a challenge to their locations must use the following format:

- [BEAD Fixed Wireless Evidence Spreadsheet](#) (all fields must be populated)
- [BEAD Attestation for Verification of Internet Service](#)

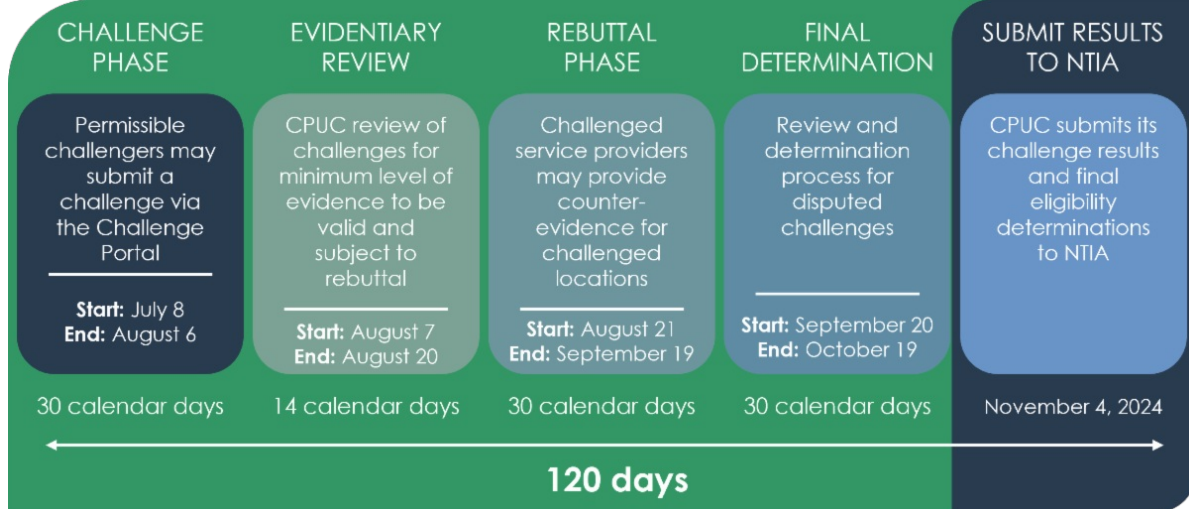

Please review and confirm that responses and templates are complete before submitting. If a field does not apply, please indicate the reason it does not apply, otherwise blanks will indicate incomplete submissions.

#### Next steps – Final Determination

Starting Friday, September 20, all challenges and rebuttals will undergo final adjudication by CPUC staff to determine if there is sufficient evidence to accept or reject the challenge, either in whole or in part.

Also on September 20, eligible entities that submitted challenges or rebuttals may receive a request for additional evidence or clarifications necessary to make a final determination. These requests will have a deadline of **Friday, September 27, 2024, at 11:59 p.m. PST.**

After Final Determination is complete, the results will be submitted to NTIA for review and validation of compliance with the BEAD Challenge Process and NTIA's approval or reversal of the State's determinations. NTIA's review and approval of final classifications will be posted publicly for unserved locations, underserved locations, and Eligible CAls.

## General BEAD Program Information

For more information on the Challenge Process, the CPUC launched a [Challenge Process webpage](#) where permissible challengers can find information about the Challenge Process as it becomes available and register for informational [Events](#).

For Challenge Process or general BEAD Program questions, please contact [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov). Technical assistance requests that are sent to the BEAD email address may be delayed, so to save time, please send to the Ready help desk.

For technical assistance with the BEAD Challenge Portal, please contact the Ready helpdesk at [cahelpdesk@ready.net](mailto:cahelpdesk@ready.net).

# 11/22/2024 BEAD Program Updates

---

### Save the Date!

#### **BEAD Subgrantee Technical Assistance Webinar Series**

The CPUC will be holding a series of Technical Assistance webinars about the BEAD Subgrantee Selection. This webinar series will describe in detail each step of the program, including application process, financial and technical requirements, evaluation and scoring of applications, and other key elements for participation.

The series will kick off on December 3, 2024, with an overview of the BEAD Subgrantee Selection Process, and Prequalification. Attendees will learn the basics of how the BEAD grant program will proceed, an overview of prequalification and application requirements, and a timeline for BEAD activities.

To sign up for this, and upcoming webinars, visit [BEAD Events](#).

#### **Final Determination and next steps**

The CPUC submitted Final Determination to NTIA for review and validation of compliance with the BEAD Challenge Process and NTIA's approval or reversal of the State's determinations. Once NTIA finishes reviewing Final determination results, final classifications will be posted publicly for served locations, unserved locations, underserved locations, and eligible community anchor institutions (CAIs).

Consistent with the BEAD Challenge Process Policy Notice (v1.3) transparency requirements, the CPUC has posted all submitted challenges and rebuttals on its [BEAD Challenge Process webpage](#) including:

1. The nonprofit, unit of local government or provider making the challenge
2. The type of the challenge (e.g., availability)
3. A summary of the challenge
4. A summary of the rebuttal(s) to the challenge

View all submitted challenges and rebuttals [here](#).

#### **New contact email (Subgrantee Selection)**

We have a new email dedicated to questions about the upcoming the BEAD Subgrantee Selection process. Questions can be sent to [BEADgrant@cpuc.ca.gov](mailto:BEADgrant@cpuc.ca.gov).

#### **General BEAD Program Information**

We will continue to update our [BEAD Program](#), [BEAD Challenge Process](#), [BEAD Events](#), and [BEAD Resources](#) pages in the coming weeks, so check back often for news.

For general questions about the BEAD Program (except Subgrantee Selection), please continue to use the [BEAD@cpuc.ca.gov](mailto:BEAD@cpuc.ca.gov) email address.

### 1/03/2025 BEAD Program Updates

#### **BEAD Subgrantee Technical Assistance**

##### **Webinars**

The CPUC will be holding a series of Technical Assistance webinars about the BEAD Subgrantee Selection. This webinar series will describe in detail each step of the program, including application process, financial and technical requirements, evaluation and scoring of applications, and other key elements for participation.

The fourth webinar in the series will take place on January 9, 2025, and provide an overview of the BEAD Applicant Financial Requirements. We will cover details of the BEAD application requirements for financial capability, including audited financials, letter of credit, project financials, and other requirements from the **BEAD Notice of Funding Opportunity** and **California's Initial Proposal Volume 2**.

To sign up, you can **register here**.

##### **Office Hours**

Starting on Thursday, January 16, the CPUC will be hosting office hours for live questions on the BEAD Subgrantee Selection Process. Office Hours will be held each Thursday from 1-2p.m. PST from January 16 – May 8, 2024.

To attend Office Hours, **register here**.

For upcoming webinars and other outreach, visit **BEAD Events**.

As a reminder, past webinar and office hour recordings and presentations can also be found on the BEAD Events page.

##### **Final Determination and next steps**

The CPUC submitted Final Determination to NTIA for review and validation of compliance with the BEAD Challenge Process and NTIA's approval or reversal of the State's determinations. Once NTIA finishes reviewing Final determination results, final classifications will be posted publicly for served locations, unserved locations, underserved locations, and eligible community anchor institutions (CAIs).

Consistent with the BEAD Challenge Process Policy Notice (v1.3) transparency requirements, the CPUC has posted all submitted challenges and rebuttals on its **BEAD Challenge Process webpage**, including:

1. The nonprofit, unit of local government or provider making the challenge
2. The type of the challenge (e.g., availability)
3. A summary of the challenge
4. A summary of the rebuttal(s) to the challenge

View all submitted challenges and rebuttals **here**.
