Name of Consortium:		Northeastern California Connect	Consort	ium								
Name of Project:		Connecting Northeastern Californ	nia									
Proposed Start Date of Pro	ject:	1-Jul-23										
Broadband deployment ac funded by other state or fe grants		N/A										
Confirmation that CASF co budget does not duplicate sources of funding		Confirmed			If checked, explain why there is no funding duplication:  The CASF consortium budget does not duplicate any other sources of funding. The Collective has other broadband related through CETF and potentially through the CASF Adoption account. The CEFT funds will be used to promote the Affordable Connectivity Program (ACP) and engage local jurisdictions with the adoption of the Getting Connected Resource Guide ar Practices Check List. The CASF Adoption funds, if awarded, will fund the adoption projects at the Collective. The CASF C funds will cover other broadband related projects such as a supporting ISP applications, need-gap analysis, inventory of prand identifying and coordinating with regional stakeholders.

	Activity 1	<u>Updates</u> on assessment of regional broadband deployment based on latest CPUC's broadband data and maps.		Update report of broadband deployment status per county identifying gaps to CASF goal	7/1/2026	12/31/2026	1. 1 broadband deployment status reports per county     2. 1 continuous outreach campaign per county and	Tracking and measuring of performance measures on a monthly basis     Generating quarterly reports of performance measures	Project Manager				
bjective 1, Collaborating with	Activity 2	Continue conducting marketing and outreach to local broadband stakeholders and residential customers		Marketing and outreach materials and outreach summary	7/1/2026	12/31/2026	action items and collaborative work agreements as results of the campaigns 3. 2 public feedback forms and surveys, and Calspeed tests	Filing bi-annual reports to the CPUC     A. Based on CPUC feedback, measuring, tracking and reporting can be adjusted	Project Manager				
the Commission and other state agencies to engage regional consortia, local officials, ISPs, stakeholders, and consumers regarding priority areas and cost-	Activity 3	Continue gathering public feedback and input on broadband service and needs from local broadband stakeholders and residential customers		Public feedback forms and surveys, CalSPEED measurements, and public feedback input report	7/1/2026		3 priority areas maps and lists     3 priority areas data files and public feedback summaries		Project Manager				
effective strategies to achieve the broadband access goal	Activity 4	Continue consolidating public feedback and input on broadband service and needs and map all results to identify priority areas for broadband deployments		Updates on priority areas maps and lists based on public feedback and broadband deployment status	7/1/2026	12/31/2026	26		Project Manager				
	Activity 5	Continue working with the CPUC to update the broadband data/map, including priority areas and public feedback input		Updated priority areas data and public feedback summary material to submit to the CPUC	7/1/2026	12/31/2026			Project Manager				
Objective 2, Identifying potential	Activity 1	<u>Updates</u> on data-based analysis to identify priority areas; incorporating input from local partners and asset inventories information		Updates on identified priority areas for broadband infrastructure projects	10/1/2026	3/31/2027	6 priority areas identified     5 ISPs and potential partners identified     3 1 need-gap analysis per county	Tracking and measuring of performance measures on a monthly basis     Generating quarterly reports of performance measures	Project Manager				
CASF infrastructure projects or potential broadband deployment projects related to new programs created under SB 156 and AB	Activity 2	Continue identifying ISPs with interest and capacity for potential infrastructure projects in priority areas and also identify key local partners		Update report of ISPs for potential priority areas projects and potential project partners	10/1/2026	3/31/2027	3 potential CASF infrastructure projects identified     2 complementary funding opportunities and solutions identified	Filing bi-annual reports to the CPUC     Based on CPUC feedback, measuring, tracking and reporting can be adjusted	Project Manager				
164, along with other opportunities, where ISPs can	Activity 3	Continue carrying out a need-gap analysis for priority areas		Updated need-gap analysis report	10/1/2026	3/31/2027			Project Manager				
expand and improve their infrastructure and service offerings to achieve the goal of reaching 98% broadband deployment in each consortia	Activity 4	Continue identifying potential CASF infrastructure projects in priority areas		Updates report of potential CASF infrastructure projects identified - If under NDA, confidentiality must apply to some report items	10/1/2026	3/31/2027			Project Manager				
region	Activity 5	Continue identifying complementary funding opportunities and solutions involving local partners and organizations		Updates report of other potential funding opportunities and solutions	10/1/2026	3/31/2027			Project Manager				

	Activity 1	Continue informing ISPs about CASF and share priority areas information for assessing feasibility and viability of potential projects	Updates reports of assessment of potential CASF infrastructure projects	12/1/2026	3/31/2027	6 priority areas shared with ISPs     2. 2 information, data and maps     packages provided to ISPs     3. 5 local broadband stakeholders	Tracking and measuring of performance measures on a monthly basis     Generating quarterly reports of performance measures	Project Manager
Objective 3, Assisting potential CASF infrastructure applicants or potential applicants for broadband	Activity 2	Continue providing information, data and maps to ISPs of broadband availability, market and demand aggregation, strategic assets, and potential local partners, with emphasis on priority areas	Updates reports of information, data, maps and others provided to ISPs - If under NDA, confidentiality must apply to some report items	12/1/2026	3/31/2027	briefed about and supporting potential CASF projects 4. 5 strategic partnerships established for potential CASF projects 5. 3 ISPs and potential infrastructure projects	Filing bi-annual reports to the CPUC     Based on CPUC feedback, measuring, tracking and reporting can be adjusted	Project Manager
deployment projects related to the new programs created under SB 156 and AB 164 in the project development or grant application	Activity 3	Continue supporting ISPs to connect with local broadband stakeholders to gather support for potential CASF projects	Updates report of local stakeholders assessing and supporting potential CASF projects	12/1/2026	3/31/2027	'		Project Manager
process	Activity 4	Continue supporting ISPs to develop strategic partnerships to achieve cost- effective broadband deployment	Updates report of strategic partnership to achieve cost-effective CASF projects	12/1/2026	3/31/2027			Project Manager
	Activity 5	Continue supporting ISPs to prepare CASF infrastructure project applications and application items including letters of support	Updates report of CASF infrastructure application development- If under NDA, confidentiality must apply to some report items	12/1/2026	3/31/2027			Project Manager
	Activity 1	Continue supporting project permitting activities for CASF applications or projects	Updates reports of project permit support for CASF applications or projects	7/1/2026	6/30/3027	5 project permits supported for CASF applications or projects     5 stakeholders engaged	Tracking and measuring of performance measures on a monthly basis     Generating quarterly reports of	Project Manager
Objective 4, Conducting activities that will lead to or that can be reasonably expected to lead to CASF infrastructure	Activity 2	Continue engaging stakeholders to better understand and explain regional broadband needs and solutions	Broadband stakeholders outreach summary	7/1/2026	6/30/3027	3. 1 inventory of public assets per county with emphasis on priority and potential project areas	performance measures 3. Filing bi-annual reports to the CPUC 4. Based on CPUC feedback, measuring,	Project Manager
projects or broadband deployment projects related to new programs created under SB 156 and AB 164, including the Federal Funding Account, Middle-	Activity 3	Continue developing an inventory of public assets (e.g. rights-of-ways, publicly owned towers, public utility poles, equipment housing, publicly owned property)	Updates report of work with local public works and planning departments and generation of a public assets inventory	7/1/2026	6/30/3027	3 potential projects areas were conducted demand assessment and aggregation, and speed tests and validation	tracking and reporting can be adjusted	Project Manager
Mile, Broadband Loan Loss Reserve, and Local Agency Technical Assistance.	Activity 4	Continue supporting demand aggregation, conducting speed tests and validation efforts	Updates report of potential demand, demand aggregation, speed tests and validation in	7/1/2026	6/30/3027			Project Manager
	Activity 5							Project Manager
	Activity 1	Publicize CalSPEED for Home marketing materials.	Marketing materials produced by the consortium.	7/1/2026	6/30/3027	20 volunteers signed up in the consortium region.     5 outlets CalSPEED was promoted.	Tracking and measuring of performance measures on a monthly basis     Generating quarterly reports of	Project Manager
Objective 5, Assisting the Commission in publicizing requests for wireline testing	Activity 2	Promote volunteers to sign-up for the study at www.calspeed.net.	List of outlets where CalSPEED for Home has been posted, presented or otherwise promoted.	7/1/2026	6/30/3027		performance measures 3. Filing bi-annual reports to the CPUC 4. Based on CPUC feedback, measuring, tracking and reporting can be adjusted	Project Manager
volunteers in areas, as needed	Activity 3	Educate public on importance of the CalSPEED study.	Educational materials used to communicate to the public.	7/1/2026	6/30/3027			Project Manager

Name of Project:		Connecting Northeastern Californ	nia										
Proposed Start Date of Pro	ject:	1-Jul-23											
Broadband deployment act													
grants		N/A			If about our avail	lain why there	is no funding duplication.						
Confirmation that CASF consortium budget does not duplicate any other sources of funding		Confirmed		☑ Check	If checked, explain why there is no funding duplication:  The CASF consortium budget does not duplicate any other sources of funding. The Collective has other broadband related free through CETF and potentially through the CASF Adoption account. The CEFT funds will be used to promote the Affordable Connectivity Program (ACP) and engage local jurisdictions with the adoption of the Getting Connected Resource Guide and Practices Check List. The CASF Adoption funds, if awarded, will fund the adoption projects at the Collective. The CASF Confunds will cover other broadband related projects such as a supporting ISP applications, need-gap analysis, inventory of publication and identifying and coordinating with regional stakeholders.
