

California Advanced Services Fund “Vandyland Plan” Grant Proposal

Project Summary

Applicant: Renegade Technologies
Contact: Sean M. Pappalardo
Project title: The Vandyland Plan
Location: Residential areas of Vandenberg Air Force Base, Santa Barbara County
Project Type: Last mile
Grant Request: \$460,000
Loan Request: \$154,000

Project Description:

Renegade Technologies will provide advanced Internet access services to all dwelling units in residential areas of Vandenberg Air Force Base including apartments & dormitories by installing a new fiber-to-the-building (FTTB) infrastructure. We will initially provide all customers in this designated under- and unserved area 20Mbps downstream and 5Mbps upstream at competitive rates. (The infrastructure will actually be capable of throughput far in excess of this and will be deployed with the ability to scale to 10Gbps per customer as future demand warrants.)

Census Block Groups covered:

- 06-083-002606-1

ZIP codes covered:

- 93437
