Working Group Participants,
what is your idea for future meeting
discussion items that will
engage our diverse group of stakeholders
to collectively work together
for every stakeholder's benefit?

- CPUC wants the biweekly meeting to add value for our Program stakeholders
- We understand that your time is valuable and that Program stakeholders have varying interests. Ultimately everyone's overarching objective is the success of the California LifeLine Program
- We encourage participants to offer future meeting discussion items focused on our common goal
