SUBJECT: Cox Communications Video Service Application

Dear Mr. Morris:

In accordance with California's Digital Infrastructure Video Competition Act (DIVCA), Cox Communications California L.L.C., doing business as Cox Communications, respectfully submits the following amendment to our existing state authorized Franchise Number 0003. Cox Communications seeks to amend its video license to include a limited area within the **unincorporated** region of **Orange County**, with the state video franchise. The unincorporated area of Orange County being requested for inclusion into Cox's state video franchise is a new residential project currently in development. The area being submitted is based upon current build-out requests. Additional details of the community's future streets are not yet available. This area is not currently being provided video service by Cox Communications. We respectfully request the state video franchise amendment requested for this community be effective on April 22, 2013.

Enclosed is a copy of the state authorized amended franchise application, pursuant to California Public Utilities Code § 5840(e), utilizing the 2010 Census Bureau's census geometry and household data. A copy of this application has been mailed to the aforementioned local franchise authorities.

Should you have any questions or require additional information, please contact myself at 858-836-7313 or Marcie.Evans@cox.com, or you may reach Ileana Ovalle Engel at 858-836-7309 or Ileana.Engel@cox.com.

Sincerely,

Marcie Evans
