We are writing to you on behalf of CBC Broadband Holdings, LLC (hereinafter "CBC" or the "Company") notifying you of termination of the Statewide Video Franchise.

The Company ceased all video operations effective May 11, 2015. Company made every effort possible to help its' customers find another video provider solution prior to closing down.

Customers were provided a letter on or around March 12, 2015, notifying them of CBC's intent to retire from the video business, a copy of which is attached. Customers were also notified on their bill statements. In addition, CBC engaged multiple entities to contact its customers and inform them of the situation and the closing of the Company. Company made arrangements to continue to take customer calls through the entire shutdown process.

At the time of customer notification, Company had approximately 2,200 video subscribers. On April 30, 2015 the remaining customers were disconnected in the billing system and effective May 11, 2015 all customers had been disconnected and all video services were removed and the corresponding prorates applied.

CBC attempted to stay in business long enough to provide notification to customers and adequate time for them to find a new provider.

Company was successful in selling the outside plant assets to another operating company so there should be no concerns to the Municipalities or State regarding the removal of strand, fiber, coax or other attachments.

If you should have any questions regarding the above, please call 323-908-1405

Sincerely,

A handwritten signature in black ink, appearing to be 'G. Semow'.
