Case #: CSE-000429

VIOLATIONS

You are hereby cited as having violated sections of the Public Utilities (Pub. Util.) Code and the California Public Utilities Commission (CPUC) General Order (G.O.) as described below. These violations occurred during the period of January 22, 2025, to April 7, 2025.

- (1) Failure to maintain records on all drivers for the required retention period, in violation of G.O. 157-E, Part 6.01. **[4 counts]**;
- (2) Utilized drivers who had not completed a criminal background check, in violation of Pub. Util. Code Section 5445.2 and G.O. 157-E, Part 11.03. **[4 counts]**;
- (3) Failure to obtain driver's Department of Motor Vehicles (DMV) driving records and ensure a compliant driving history, in violation of Pub. Util. Code Section 5445.3, subdivision (a)(2)(B) and G.O. 157-E, Part 11.06. **[4 counts]**;
- (4) Failure to notify a driver with required training, in violation of G.O. 157-E, Part 11.07. **[4 counts]**;
- (5) Failure to ensure that drivers possessed a valid California Driver's License (CDL) or in the instance of an active-duty military member or nonresident dependent of an active-duty military member, a valid driver's license issued by another state or US territory, in violation of Pub. Util. Code Section 5445.3, subdivision (a)(1)(2) and G.O. 157-E, Part 11.08. **[2 counts]**;

- (6) Conducted operations using unauthorized drivers' unauthorized vehicles, resulting in drivers operating vehicles not compliant with the required 19-point vehicle inspection, in violation of G.O. 157-E, Part 11.09. **[4 counts]**;
- (7) Failure to maintain the required records of driver's personal insurance, in violation of G.O. 157-E, Part 11.18. **[4 counts]**;
- (8) Failure to provide passengers with proper driver information disclosures, in violation of Pub. Util. Code Section 5445.1. **[4 counts]**; and
- (9) Conducting airport operations on the property of or into any airport unless such operations are authorized by the airport authority involved, in violation of G.O. 157-E, Part 11.23. **[4 counts]**

STATEMENT OF FACTS

The above violation is documented in the attached Investigation Report, which consists of the carrier's records and substantiating documents obtained from other sources.

RESPONSE

TEB used the Penalty Assessment Methodology adopted in Resolution M-4846 and considered mitigating and exacerbating factors in setting the fine.

You are hereby called upon to answer this citation on or before September 9, 2025. By way of such an answer, you may either:

- (1) Pay a fine of \$20,000 pursuant to Pub. Util. P.U. Code Section 5378. Submit your check or money order payable to CPUC using the attached *Citation Agreement*. Upon payment, the fine will be deposited in the State Treasury to the credit of the General Fund, and the Commission staff will deem the matter closed, **or**
- (2) Contact the Supervisor below to make payment arrangements, **or**
- (3) Contest this Citation by filing an Appeal. See attached document "*How to File an Appeal and Instructions for Filing a Notice of Appeal and Certificate of Service for a Citation Appeal.*"

If you fail to respond by September 9, 2025, you will be in default and will have forfeited your right to appeal the Citation. In addition, your operating authority will be immediately suspended and may be subsequently revoked pursuant to Resolution ALJ-187. The Commission may also act through a civil or criminal proceeding to recover any unpaid fine and ensure compliance with applicable statutes and Commission orders.

INTRODUCTION

The Transportation Enforcement Branch (TEB) of the Consumer Protection & Enforcement Division (CPED) of the California Public Utilities Commission (CPUC) investigated Lyft, Inc. (hereinafter referred to as Lyft), for Illegal Application Use, which was discovered during routine enforcement by the Los Angeles International Airport (LAX) Airport Police Department (APD) and San Francisco International Airport (SFO) Ground Transportation Unit (GTU) Investigators in 2025. LAX APD and the SFO GTU Investigators conducted commercial inspections, which included checking TNC application (app) profiles of the drivers of the vehicles. SFO GTU Investigators determined that numerous driver profiles on the app did not match the drivers performing or waiting to perform a ride. Based on SFO GTU Investigators, SFO administrative citations were issued to the drivers operating without authority. Based on the LAX APD operations, a LAX misdemeanor citation, LAX administrative warning, or both, were issued to the driver operating without authority. The LAX violation resulted in the impoundment of the driver's vehicles by LAX APD.

HISTORY OF ENFORCEMENT

Enforcement case records show Lyft has a history of violating the CPUC's rules and regulations, as detailed below.

Prior Case (CSE-000053): On March 15, 2024, CPUC's Transportation Enforcement Analyst, Shantanro Taylor, served Lyft with citation T.24-03-003 in the amount of \$20,000.00 for illegal app use on airport property [**Attachment 1**] as follows:

- Failure to maintain records on all drivers for the required retention period;
- Utilized drivers who had not completed a criminal background check;
- Failure to obtain driver's Department of Motor Vehicles driving records and ensure a compliant driving history;
- Failure to notify a driver with required training;
- Failure to ensure that drivers possess a valid California Driver's License, or in the instance of an active-duty military member or nonresident dependent of an active-duty military member, a valid driver's license issued by another state or US territory;
- Conducted operations using unauthorized drivers' unauthorized vehicles, resulting in drivers operating vehicles not compliant with the required 19-point vehicle inspection;
- Failure to maintain the required records of the driver's personal insurance;
- Failure to provide passengers with proper driver information disclosures; and

- Conducting airport operations on the property of or into any airport unless such operations are authorized by the airport authority involved.

VIOLATIONS

TEB investigated Lyft for the period of January 22, 2025, through April 7, 2025, and found violations of the following provisions of the Public Utilities (Pub. Util.) Code and the CPUC's General Order (G.O.) 157-E. Administrative Citations have been issued to three drivers operating out of SFO: [REDACTED] [Attachment 2], [REDACTED] [Attachment 3], and [REDACTED] [Attachment 4]. Additionally, a Misdemeanor Citation was issued to [REDACTED], who was operating out of LAX [Attachment 5]. SFO GTU Investigators and LAX APD revealed that these drivers operated for one day and conducted one trip as unauthorized drivers on the Lyft platform [Table 1, Attachments 2-5].

*No California Driver's License

- **Failure to maintain records on all drivers for the required retention period, in violation of G.O. 157-E, Part 6.01. [4 counts]**

Every carrier shall institute and maintain in its office a set of records that reflect information as to the services performed, including waybills. Lyft has failed to maintain such records for drivers listed in **Table 1**.

- **Utilized drivers who had not completed a criminal background check, in violation of Pub. Util. Code Section 5445.2 and G.O. 157-E, Part 11.03. [4 counts]**

The background screening for each TNC driver must be conducted prior to allowing the driver to operate on the TNC's platform and repeat at least once per year thereafter, for as long as the TNC driver is authorized to operate on the TNC's platform. As of January 22, 2025, through April 7, 2025, these

drivers listed in **Table 1** were not authorized profile holders, nor had they undergone a criminal background check to be authorized for operation on the TNCs platform.

- **Failure to obtain driver's Department of Motor Vehicles (DMV) driving records and ensure a compliant driving history, in violation of Pub. Util. Code Section 5445.3, subdivision (a)(2)(B) and G.O. 157-E, Part 11.06. [4 counts]**

TNCs shall obtain each TNC driver's driving record before the driver begins providing service and quarterly thereafter. Lyft failed to obtain the driving records for the drivers listed in **Table 1** prior to their operation on the Lyft platform.

- **Failure to notify a driver with required training, in violation of G.O. 157-E, Part 11.07. [4 counts]**

TNCs shall establish a driver training program to ensure that all drivers are safely operating the vehicle prior to the drivers being able to offer service. Drivers [REDACTED], and [REDACTED] had not participated in any driver-required training program with Lyft before offering service to the public.

- **Failure to ensure that drivers possessed a valid California Driver's License (CDL) or in the instance of an active-duty military member or nonresident dependent of an active-duty military member, a valid driver's license issued by another state or US territory, in violation of Pub. Util. Code Section 5445.3, subdivision (a)(1)(2) and G.O. 157-E, Part 11.08. [2 counts]**

TNC drivers must possess either: (a) a valid CDL or (b) in the case of a nonresident dependent of an active military member, a valid driver license issued by the other state or territory of the United States in which the member or dependent is a resident, be at least 21 years of age, and must provide at least one year of driving history before providing TNC services. Lyft failed to verify if the drivers possessed a valid driver's license before providing service. At the time of detainment, SFO GTU Investigators discovered that [REDACTED] and [REDACTED] did not have a driver's license in their possession.

- **Conducted operations using unauthorized drivers' unauthorized vehicles, resulting in drivers operating vehicles not compliant with the required 19-point vehicle inspection, in violation of G.O. 157-E, Part 11.09. [4 counts]**

Each TNC must ensure that each personal vehicle used by its TNC drivers complies with all applicable regulations, including but not limited to the insurance requirements, a 19-point vehicle inspection performed at a California Bureau of Automotive Repair-licensed facility, and trade dress

rules. My investigation revealed that the vehicles in **Table 1** have not undergone the required 19-point inspection.

- **Failure to maintain the required records of driver's personal insurance, in violation of G.O. 157-E, Part 11.18. [4 counts]**

TNCs shall obtain proof of insurance from each TNC driver before the driver begins providing service and for as long as the driver remains available to provide service. Lyft did not verify Personal Liability & Property Damage (PL&PD) insurance for the drivers in **Table 1** prior to the drivers providing transportation service

- **Failure to provide passengers with proper driver information disclosures, in violation of Pub. Util. Code Section 5445.1. [4 counts]**

A TNC shall provide all the following information to a passenger on its online-enabled application or platform at the time the passenger is matched with a TNC driver: (a) the driver's first name and picture of the driver, (b) an image of the make and model of the TNC driver's vehicle, and (c) the license plate number of the TNC driver's vehicle. On the dates listed in **Table 1**, the TNC driver's information and vehicle were different from the profile information on file with Lyft.

- **Conducting airport operations on the property of or into any airport unless such operations are authorized by the airport authority involved, in violation of G.O. 157-E, Part 11.23. [4 counts]**

TNCs shall not conduct any operations on the property of or into any airport unless such operations are authorized by the airport authority involved. LAX APD and the SFO GTU Investigators cited the drivers for not having an airport permit granting them the authority to operate at LAX and SFO.

Hello,

On January 22, 2025 at approximately 1255hrs in TNC Lot 3, while conducting joint enforcement with CPUC Analyst Taylor and her CPUC team (Sod, James), I came across a parked silver Mitsubishi Outlander LP# [REDACTED] which I had previously requested on 01/14/2025 to have removed from the platform. I approached the driver and asked to see his account and I observed the photo of the individual on the Lyft app did not match the actual driver. The name on the Lyft account was [REDACTED] I then proceeded to ask the driver who's account he was using, and he initially said "that's my daughter." A few moments later he said "that's my friend." I asked to see his identification, and he provided me with a Brazilian Identification card and the name noted was [REDACTED] I then requested for assistance from the CPUC team to further look into the account. Sod had come forward to assist, and then CPUC Analyst Taylor came to assist me after I had informed her that the driver did not have a CA Driver's license. CPUC Taylor then requested to see the driver's CADL and he provided her with one. The name and photos matched on the CADL and on the Brazilian Identification card. The driver was informed that app sharing was prohibited and was instructed to leave the Airport immediately.

The incident that had occurred that had put LP# [REDACTED] on my radar was in regard to a separate vehicle that I had encountered the week prior that was using a placard with this license plate. On January 14, 2025, while Investigator Ricky and I were conducting enforcement observations at TNC Lot 3 and Spine Rd, I had observed a grey Mitsubishi Outlander, with no front LP, a damaged front bumper and missing grill, with a temporary rear LP [REDACTED] taped to an Arizona license plate. When I tried to find this temporary LP on SFOcite, nothing came up. I approached the driver and asked to see his app and it showed that he was using [REDACTED] as his LP, and he was using a placard for a different vehicle LP# [REDACTED]

The driver became very agitated with my questions regarding all the issues I had mentioned above, and began twisting my words around and was raising his voice while

speaking to me. He stated that the placard was for his previous vehicle, and this was his new vehicle which just didn't have a placard yet. He then asked to speak to my manager, so I requested Ricky meet me at Lot 3. I informed the driver that I would be confiscating this placard since it was not for this vehicle, and to not return to the airport until he had a front LP and placard for LP# [REDACTED] to prevent any citations. Then he informed me that he still had LP# [REDACTED] and would leave now to pick up the other vehicle at home. I reminded him that he had requested to speak to my manager and that he was walking towards us now. When Investigator Ricky arrived, he became more aggressive in his tone towards me and Ricky. When Ricky asked for the SFO Placard, the driver threatened to rip it and began yelling at Ricky and started filming us. I ran LP# [REDACTED] on SFOcite and found that it was currently operating under Lyft at the Airport at that very moment. The driver stated that his cousin was using vehicle LP# [REDACTED] and had multiple SFO placards for that vehicle.

We informed him again that we would be confiscating the placard and that in order for him to operate LP# [REDACTED] would need a placard, and a license plate affixed to the front and that his LP on his vehicle and the LP on his app did not match and would need to be corrected. We informed him that we would be following up to see if there was any account sharing involved. His overall behavior, the physical state of his vehicle, the taped temporary LP to an Arizona plate, using a placard for another vehicle, using an incorrect LP on the app, along with our findings in the field were all very concerning. Uber and Lyft were notified, and they informed us on January 15th that [REDACTED] (and [REDACTED]) were removed from the platform.

I have attached photos here for both incidents, and Citation# 45145 issued to Lyft for the January 22nd incident. Please let me know if there is anything else needed.

Thank you,

Faye Bremer

Good evening Ms. Chung,

On 2/12/2025, Officer Mora and I were conducting TNC compliance checks at Staging Lot 3 when we observed a gray Honda Civic bearing CA plate [REDACTED] traveling east on Spine Rd to west on Spine Rd at the Cell Phone Lot make a prohibited u-turn. The vehicle continued into Staging Lot 3 and parked just past the lot attendant's booth. Based on the observed traffic violation, we contacted the driver and identified him as [REDACTED] by his Colombian driver's license. [REDACTED] stated that he entered the lot to use the restroom. A visual inspection of the vehicle showed that there were Lyft trade dresses affixed to the front and rear of the vehicle and a SFO TNC placard was displayed on the front dash with the corresponding license plate. I asked [REDACTED] if he was a TNC driver and he would not answer. I conducted a check of the license plate and confirmed that it was active on Lyft's platform. I asked [REDACTED] he was the account holder for Lyft and he stated that it belongs to his friend [REDACTED]. [REDACTED] was unable to provide any evidence that the account was in fact under Pipe Slendi. I then asked to see the vehicle registration and it showed that the vehicle was registered to [REDACTED] out of San Jose. The circumstances lead me to believe that this is a case of unauthorized account sharing. I seized the SFO TNC placard.

Based on the fact that [REDACTED] did not possess a valid U.S. driver's license, he was given an opportunity of have a driver with a valid U.S. driver's license take possession of the vehicle. The vehicle was released to [REDACTED] who possessed a valid CDL.

I request that any association of CA plate [REDACTED] and the names of [REDACTED] be removed from [REDACTED] servicing SFO. Further request that Lyft be made aware of the incident.

SFOcite #47128 was issued pursuant to the violations.

Respectfully submitted,

Good evening Ms. Chung,

On 2/13/2025, Officer Mora and I were dispatched to Staging Lot #3 regarding a non-injury accident and the TNC drivers were having issues exchanging information. Upon our arrival, both parties to the accident were on scene and cooperative. The driver of a white Ford Fusion bearing CA plate [REDACTED] who was involved in the accident did not possess a driver's license. The driver was identified as [REDACTED] by his Colombian passport. Officer Mora and I conducted our investigation which revealed that Salinas was using his father's Lyft account to work. The Lyft account profile was under [REDACTED] which was confirmed on the cellular phone that [REDACTED] had in his possession. It should be noted that the Lyft account profile had the aforementioned vehicle plate assigned to the account. However, the vehicle was registered to [REDACTED]. Our investigation determined that this is a case involving account sharing. The other party involved in the accident was in compliance. After obtaining necessary information related to the information exchange, the other party was released without incident.

I conducted a check of the [REDACTED] license plate and confirmed that it was active on Lyft's platform. The vehicle had a SFO TNC placard affixed to the front windshield which I seized.

Based on the fact that [REDACTED] did not possess a valid U.S. driver's license, he was given an opportunity of have a driver with a valid U.S. driver's license take possession of the vehicle. The vehicle was released to [REDACTED] who possessed a valid CDL.

I request that any association of CA plate [REDACTED] and the names [REDACTED] and [REDACTED] be immediately removed from servicing SFO. I further request that Lyft be made aware of the incident.

SFOcite #47200 was issued pursuant to the violations.

Date & Time of Report April 7, 2025 / 1519	Location of Occurrence 9610 Skyway LAXIT Lyft Zone

On the above date and time, I was on duty conducting commercial inspections at LAXIT. I was riding a marked black and white police motorcycle and wearing my agency issued police uniform. I observed a Gray Hyundai plate of [REDACTED] attempt to exit the lot with a passenger seated in the back seat. I conducted a commercial inspection to see the driver's waybill for the trip.

Observation:

I contacted the driver (Tukhtaev) identified by his CA driver's license. I informed him of the reason for the stop and asked him to see the waybill for the passenger that was seated in the vehicle. [REDACTED] presented a waybill for LYFT with the driver's name being (Urunov, Anvar) with a driver's license number of [REDACTED]. It did not match the license that he gave me, I asked who the owner of the account was that he was driving under, and he stated his brothers. He stated he has been using his account for a few months. Tukhtaev stated that his brother knew that he was using his account.

Disposition:

Based on my investigation, I determined [REDACTED] was providing transportation for hire but was utilizing his brother's LYFT account.

Therefore, I cited [REDACTED] for:

5411/5371 PUC - No Authority to operate as a passenger carrier for-hire. (misdemeanor)
171.02(b) LAMC - Airport Regulator's Permit Required. (misdemeanor)

I also issued [REDACTED] digital LAWA Regulatory Violation notice, for:

No authority

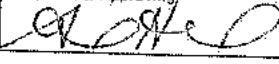

Unauthorized Driver

I also impounded the vehicle [REDACTED] was driving because he'd used it to transport a passenger for hire with no authority to operate at any such capacity. I placed a 30-day hold on the vehicle pursuant to 14602.9(b) CVC. [REDACTED] is scheduled to appear at 8:30 am in the Airport Branch of Los Angeles Superior Court on May 10, 2025.

I informed the OPG Tow Operator (Bruffy's Tow) that [REDACTED] vehicle was to be held for 30 days and not released until May 07, 2025; unless he secures an earlier release authorization.

Additionally, pursuant to the notification requirements, as set forth in 14602.9(b) CVC, for the legal owner(s), I deposited the notice of stored vehicle into the USPS and certified its mailing with a return receipt request [Article #9589 0710 5270 2078 8590 06].

This investigation, in its entirety, was captured on my department's issued body worn camera and is stored at evidence.com under this report's incident number.
