INTRODUCTION

On August 21, 2025, I was assigned to investigate the operations and practices of The Limousine Club (hereinafter referred to as Limousine Club) because of a Sacramento International Airport (SMF) complaint alleging that Limousine Club continues unauthorized operations at the airport and does not have an active California Public Utilities Commission (CPUC) authority.

VIOLATIONS

I investigated Limousine Club for the period of June 27, 2025, to August 10, 2025, and found violations of the following provisions of the Public Utilities (Pub. Util.) Code:

- **Operated as a Charter-Party Carrier (TCP) during suspension of its authority, in violation of Pub. Util. Code Section 5379. [7 counts]**

Pub. Util. Code 5379 states in part that “After the cancellation or revocation of a permit or certificate, or during the period of its suspension, or after the expiration of its permit or certificate, it is unlawful for a charter-party carrier of passengers to conduct any operations as a carrier.”

On June 4, 2025, CPUC’s Transportation and Licensing Analysis Branch (TLAB) sent an Order of Suspension to Limousine Club via the Transportation Carrier Portal [**Attachment 1**]. The Order informed Limousine Club that its operating authority had been suspended on June 4, 2025, and any unlawful operations are subject to fines and penalties as outlined in the Pub. Util. Code 5411.

SMF Ground Transportation (GT) issued seven Notices of Parking Violation (NPVs) to Limousine Club for operating during suspension and after revocation of its operating authority, as outlined in **Table 1** and [**Attachment 2**]¹. My investigation disclosed that Limousine Club operated for seven days at SMF during suspension of its authority, not revocation as stated by SMF GT on three of the citations. However, operating after revocation carries the same consequence.

Table 1: Dates of operations after suspension

**CPUC Order of Suspension**

This is notice from the California Public Utilities Commission (CPUC) that the **TCP B CERTIFICATE** listed on this letter is suspended.

The table below lists the reason(s) for suspension; the effective date of the suspension(s); and the date the permit/certificate will be revoked if the reason(s) for suspension are not resolved.

<u>Suspension Reasons</u>		
Reason	Suspension Date	Revocation Date
Failure to maintain adequate public liability and property damage (PL/PD) insurance	June 04, 2025	September 02, 2025

While voluntary suspensions may stay in effect until the permit or certificate expires, it may be revoked sooner for other reasons including failing to pay transportation user fees (PUCTRA) or failing to submit your annual CHP terminal safety inspection request(s).

After the cancellation or revocation of a permit or certificate, or during the period of its suspension, or after the expiration of its permit or certificate, it is unlawful for a Passenger Stage Corporation (PSC) or a Transportation Charter-Party carrier (TCP) of passengers to conduct any operations as a carrier. (California Public Utilities Code §§ 1045, 5379). Unlawful operations are subject to fines and penalties as set forth in the California Public Utilities Code and may include permanent revocation of your operating authority or being permanently barred from receiving an operating authority.

A carrier whose certificate or permit is suspended due to failing to pass a vehicle inspection by the California Highway Patrol (CHP) (California Public Utilities Code § 5378.5, Commission Resolution TL-18336) may obtain a reinspection of its terminal and vehicles by the CHP by submitting a written request for reinstatement to CPUC and paying a reinstatement fee of one thousand dollars (\$1,000). (California Public Utilities Code § 5378.5(b)). Upon receipt of a written recommendation from CHP to suspend a carrier's operating authority, a carrier may request a hearing of the suspension by making a written request to CPUC and the CHP showing cause why the suspension should not be continued.

If your suspension is due to failing to maintain insurance, you must contact your insurance provider to reinstate your policy on-file with the CPUC.
