Questions?

Lyft WAV Service

San Francisco and LA Counties Pilot

To support the transportation needs of people who use fixed-frame (non-foldable/non-collapsible) wheelchairs, Lyft partners with First Transit to provide dedicated WAV service directly through the Lyft app in San Francisco and Los Angeles counties.

How to use Lyft Access Mode

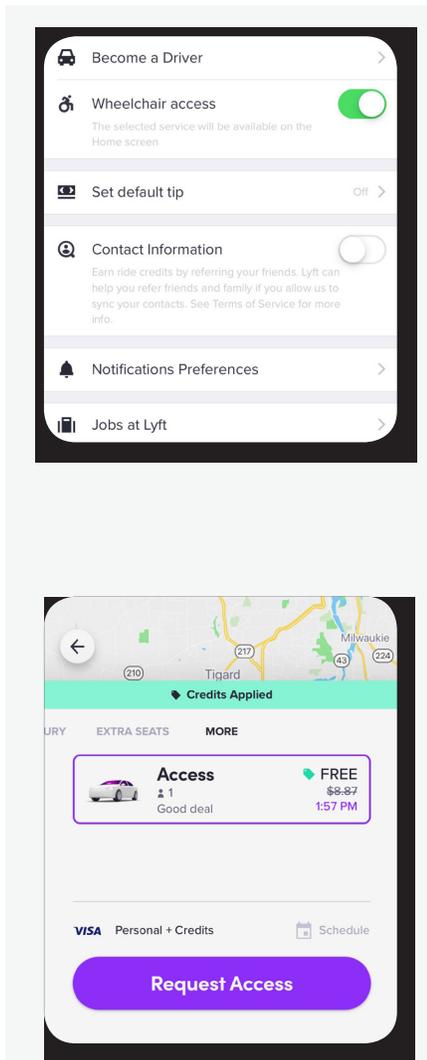

Step 1: Download the Lyft app and set up your account

Step 2: Enable Access Mode

- Tap the Menu icon in the top left corner of the app
- Scroll down and tap Settings
- Find Wheelchair access in the Menu
- Slide the toggle to the right to enable Access Mode so it turns green, indicating enabled

Step 3: Request your ride

- Enter in your destination, then swipe left to see additional modes
- Tap More then tap Access to select Wheelchair Mode
- Tap "Request Access," confirm your pickup location, and you're all set!

Features

All rides in Access Mode offer the same features as the traditional Lyft app:

- In-app photos
- Digital receipts
- Real-time ride tracking that can be shared with a loved one
- 2-way rating system
- 24/7 Critical Response Line to report any safety concerns to our dedicated Trust & Safety team

Pricing

Pricing is the same as Lyft Standard Rides and with upfront pricing, riders see the exact price for their ride before they make the request.

Safety

Before giving a ride on the Lyft platform, all driver applicants are screened for criminal offenses and driving incidents. Our annual criminal background checks are provided by a third-party expert, and include a Social Security number trace, a nationwide criminal search, a county court records search, a federal criminal court records search as well as a U.S. Department of Justice 50-state sex offender registry search. We also conduct continuous criminal monitoring, which includes daily monitoring and immediate notification of any disqualifying criminal convictions. Any driver who does not pass both the annual and continuous screenings is barred from our platform.

Additionally, First Transit emphasizes driver training and best practices through:

- Pre-employment and ongoing random drug and alcohol testing
- Stringent background and record checks
- Physical performance evaluations
- Comprehensive customer service training
- The Smith System of Defensive Driver Training program, which is completed as part of new driver training, as well as refreshers conducted throughout the year
- Extensive ongoing driver training, including in-classroom and behind-the-wheel training
- Specialized training just for WAV and paratransit operations, including how to provide excellent service with patience and compassion for paratransit passengers, including individuals with various disabilities and the elderly. Courses include Interacting with Passengers, Diffusing Conflicts, and Effective Communication

Feedback

All Riders are encouraged to use our two-way rating feature. Passengers and drivers rate each other anonymously after every ride. Riders rating their experience less than four stars are automatically prompted to give more feedback about what could have gone better. Lyft takes user ratings and driver feedback very seriously, and reviews all rides with low ratings and concerning feedback to determine if action should be taken for the rider or driver involved.

Our Partner

Each year, First Transit provides state-wide and locally-managed paratransit services to more than 8 million passengers and call center support for more than 9.7 million trips – making them the natural choice for this partnership.

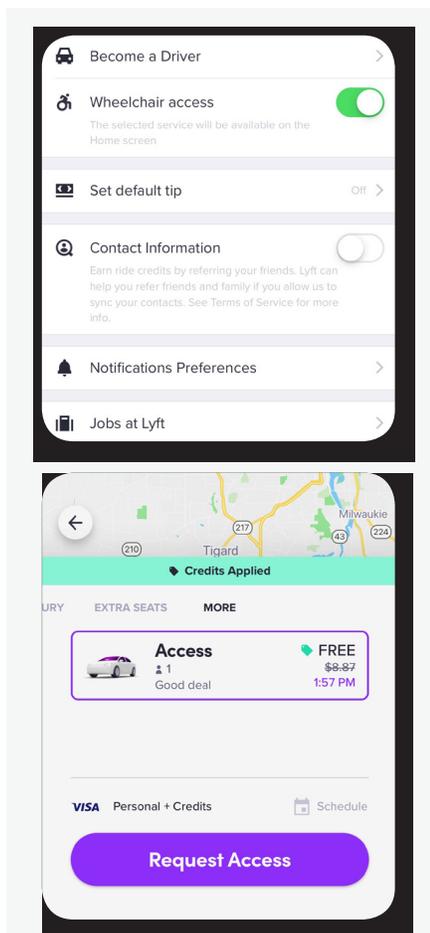

Alternative formats available upon request.
