Re: Waymo AV Passenger Service (TCP0038152-A) - Quarterly Pilot and Deployment Data Reports

Director Curtis:

Waymo LLC ("Waymo"), formerly known as the Google Self-Driving Car Project, is an autonomous driving technology company with a mission to be the world's most trusted driver, making it safer, more accessible, and more sustainable to get around — without the need for anyone in the driver's seat.

The attached quarterly reports provide the data required pursuant to California Public Utilities Commission ("CPUC") Decisions ("D.") D.18-05-046, D.20-11-046 (as modified by D.21-05-017), and D.24-11-002. This submission covers the July 1 - September 30, 2026 reporting period (Q3 2026) and is based on a reasonable and diligent review of available data in the time provided. The enclosed reflects Waymo's participation in four CPUC autonomous vehicle ("AV") programs (driverless deployment; driverless pilot; drivered deployment; and drivered pilot).

Waymo seeks confidential treatment of certain data submitted herewith, as set forth in the declaration provided pursuant to General Order 66-D.

Sincerely,
