

California Public Utilities Commission

Integrated Resource Planning (IRP) Webinar on the Proposed 2026-27 Transmission Planning Process Portfolios and Preliminary Busbar Mapping Results

Energy Division staff will host a public webinar on the electricity resource portfolios proposed for use in the California Independent System Operator's (CAISO's) 2026-2027 Transmission Planning Process (TPP), along with an updated version of the busbar mapping methodology on Wednesday, November 12, 2025, from 9am – 12pm. Slides will be posted online at the [Assumptions for the 2026-2027 TPP](#) webpage before the webinar.

Objectives of the webinar:

- Familiarize stakeholders with proposed portfolios and busbar mapping process.
- Review the preliminary mapping results for the proposed base case portfolio.
- Provide an opportunity for stakeholders to ask clarifying questions about busbar mapping process and preliminary mapping results.

Agenda:

- Introduction
- Overview of Model Updates and Proposed Portfolios
- Busbar Mapping Methodology
- CEC Mapping Land Use Analysis
- Overview of the Preliminary Mapping Results

Preparation:

- Supporting documents for the [September 30, 2025 ruling](#) are available on the [Assumptions for the 2026-2027 TPP](#) webpage.
- During the webinar, there will be opportunities for stakeholders to ask clarifying questions. However, the comments and questions during this webinar will not be considered as submitted comments. Staff expect stakeholders will have an opportunity to submit formal comments soon after the webinar.
- Commissioners from the CPUC may be in attendance. The webinar will be noticed on the CPUC Daily Calendar.

Webinar Recording:

- The webinar will be recorded, with the recording posted to the [Assumptions for the 2026-2027 TPP](#) webpage afterward.
