

January 2022

ENERGY DIVISION RATE CHANGE ADVISORY

Liberty Utility Advice Letters – The CPUC approved Liberty Advice Letter (AL) 180-E, authorizing Liberty to update the components in its Public Purpose Program (“PPP”) surcharge for its California Alternative Rates for Energy (“CARE”) program and the Energy Saving Assistance (“ESA”) program, pursuant to Decision No. (D.) 21-10-023 and D.14-05-004. Liberty electric rates will change on January 1, 2022, as detailed in the table below.

.....

Estimated Bill Impacts of All Requested Rate Changes Effective January 1, 2022:

Estimated Electric Bill Impacts¹	Liberty – January 2022
➤ Average Permanent Residential Non-CARE electric bill	\$101.44
➤ Average Permanent Residential Non-CARE electric bill decrease	-0.6%
➤ Average Non-Permanent Residential Non-CARE electric bill	\$91.24
➤ Average Non-Permanent Residential Non-CARE electric bill decrease	-0.5%
➤ Average Residential CARE electric bill	\$74.71
➤ Average Residential CARE electric bill decrease	-1.0%

¹ Based on a “typical” Liberty residential customer using, on average, 600 kilowatt-hours per month.
