Integrated Resource Planning Workshop on the Reliable and Clean Power Procurement Program (RCPPP)

Following the workshop on the RCPMP Staff Proposal held on May 16th, 2025, Energy Division Staff is hosting another workshop to facilitate stakeholder discussion and understanding of RCPMP prior to the development of parties' comments on the Administrative Law Judge's Ruling Seeking Comments on RCPMP Staff Proposal. This will be a two-day workshop on June 23rd and June 24th, 2025, at the CPUC San Francisco Office (505 Van Ness Ave, San Francisco, CA 94102) with an option for virtual attendance. For this workshop, staff will act as facilitators, while stakeholders develop the content of the workshop and take on presentation roles.

Draft Agenda (Subject to Change):

Both days will be structured in several sections, with a group of party presentations on adjacent topics followed by periods of discussion and time for answering questions.

Monday, June 23rd, 10:00am – 5:00pm

- 10:00: Begin Workshop
- 12:00: Lunch
- 5:00pm: Adjourn

Tuesday, June 24th, 9:00am – 4:00pm

- 9:00: Begin Workshop
- 11:30: Lunch
- 4:00pm: Adjourn

Objectives of the Workshop:

- To aid in stakeholders developing a common understanding of the Staff Proposal.
- To provide an opportunity for stakeholders to discuss key aspects of the Staff Proposal and suggest alternatives to the main design elements of the proposal, if parties have identified places where that should be proposed.

Preparation:

- Parties' presentations will be posted on the [RCPMP webpage](#) before the workshop. Reminder for parties to please share slides to IRPDDataRequest@cpuc.ca.gov by June 18th in order for staff to review and post slides.
- The workshop will be recorded, and posted to the RCPMP webpage afterward.
- The comments and questions during this webinar will not be considered as submitted comments and Staff will not record them. Stakeholders will need to submit formal comments as a part of the Ruling process to be considered.
- Commissioners from the CPUC may be in attendance. The workshop has been noticed on the CPUC Daily Calendar.
