⁽¹⁾ Amounts consist of company 401(k) and deferred compensation plan contributions, health and welfare benefits, and certain executive benefits and perquisites. For Messrs. Martin, Bird, Barrett and Schwecke and Ms. Sedgwick, Winn, Brown and DeMontigny, amounts include the incremental cost to the company for security-related services, including the use of a car and security personnel, such as a security driver, for commuting and other transportation needs, physical and online assessments conducted by an independent security consultant for each of Messrs. Martin and Bird and Ms. Sedgwick, Winn and Brown, which is periodically commissioned to support the company's executive security programs, enhanced residential security for Mr. Martin and Ms. Winn and Brown on a temporary basis in response to specific heightened security threats, and personal use of the company's aircraft service for Mr. Martin, for Mr. Egan, relocation-related housing and/or associated tax gross-ups provided in connection with a work location transfer (these relocation benefits are consistent with the relocation benefits provided to salaried employees who relocate at the company's request). Amounts also include company contributions to charitable, educational and other non-profit organizations to match personal contributions on a dollar-for-dollar basis up to an annual maximum match or as a double-match under the special double-match program of the Sempira Foundation, which foundation is funded by Sempira and which double-match program was available to all employees.

The table above provides a breakdown of the amounts included in All Other Compensation. The amounts reported above are the amounts reported in the Sempira proxy statement and the SoCalGas information statements plus amounts related to regular employee benefits (medical, dental, vision, life, etc).

Southern California Gas Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2025

This narrative statement and the amounts reported herein generally follow the presentation included in the Sempra proxy statement and Southern California Gas Company (SoCalGas or the company) information statement prepared for their annual meetings of shareholders held on May 12, 2026 and May 14, 2026, respectively.

1. Base Salaries

SoCalGas' executive compensation program emphasizes performance-based pay. This includes annual cash bonuses and long-term equity-based incentives. However, base salaries remain a common and necessary element of compensation for attracting and retaining outstanding employees at all levels.

Base salaries for officers are reviewed annually and the following factors, among others, are considered:

- Market salary data from multiple surveys
- Individual contribution and performance
- Labor market conditions
- Complexity of roles and responsibilities
- Succession planning
- Retention needs
- Reporting relationships
- Internal pay equity
- Experience

Base salaries also may be reviewed and adjusted during the year (between annual reviews) for various reasons, including in the event of promotions or other job title changes, modifications to reporting relationships or job functions, or changes to any of the other factors described above or other circumstances considered relevant.

2. Performance-Based Annual Bonuses

Each year the SoCalGas Board of Directors establishes performance measures and dollar guidelines for performance-based cash bonus payments under the SoCalGas Executive Incentive Compensation Plan. The safety measures and measures related to safety management systems are also reviewed by the board's Safety Committee. Consistent with our pay-for-performance philosophy, the performance measures do not provide for any bonus payment unless the company meets the threshold (minimum) performance level for the year. Bonus opportunities increase from 12% of target for performance at the threshold level to 200% of target for performance at the maximum level. For a detailed description of individual bonus opportunities, performance measures and 2025 results, please refer to pages 54-57 and 104 of the Sempra proxy statement and pages 16-19 of the SoCalGas information statement.

Potential bonus opportunities at threshold, target and maximum company performance are expressed as a percentage of each officer's base salary. Extraordinary company or individual performance may result in the payment of bonuses above the guidelines.

3. Long-Term Equity-Based Incentives

Long-term equity-based incentives are a large component of each officer's target total direct compensation package. In 2025, the long-term incentive plan award was in the form of performance-based and time-based Sempra restricted stock units. This equity award structure was approved after considering many variables, including alignment with shareholder interests, retention, plan expense, share usage, market trends and feedback from Sempra's shareholder engagement.

Performance-based restricted stock units:

Each annual performance-based restricted stock unit granted in 2025 represents the right to receive between zero and two shares of Sempra common stock. The 2025 annual performance-based

Southern California Gas Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31,2025

restricted stock unit awards are based on two performance measures – relative total shareholder return and earnings per share growth.

Time-based restricted stock units:

Time-based restricted stock units granted in 2025 vest in equal installments of one-third over a 3-year period, subject to continued employment through each vesting date. The primary purpose of these awards is to promote retention.

For a detailed description of the 2025 awards and the results for the 2023-2025 award cycle, please refer to pages 57-61 of the Sempra proxy statement and pages 20-22 of the SoCalGas information statement.

Benefit Plans

Officers also participate in other benefit programs including: 1) Health, Life Insurance and Disability Plans, and Other Benefits; 2) Retirement Plans; and 3) Savings and Deferred Compensation Plans. These benefits are described on pages 61-63 of the Sempra proxy statement and pages 23-25 of the SoCalGas Information Statement.

Regular Employee Benefits

The SEC's proxy rules, for the most part, do not require reporting of broad-based employee benefit plans such as those providing medical, dental, life or disability coverage. However, amounts related to broad-based pension benefits and the 401(k) savings plan are discussed in the Compensation Discussion and Analysis and reported in the executive compensation tables.

The companies' flexible benefits plan allows employees to select the types and levels of benefits that best meet their needs and those of their families. Benefit options include:

- Medical plans (choice of HMO's and a high-deductible health plan)
- Dental plans (choice of Delta Dental plan and dental HMO)
- Long-term disability coverage
- Life insurance
- Accident insurance
- Healthcare, dependent day care and transportation flexible spending accounts

Each benefit option has a price tag reflecting the employee's cost for coverage. The amounts shown in the All Other Compensation table in this report reflect the portion of the benefit costs paid by the company.

In addition to the flexible benefit plan, the company also provides short-term counseling and referral services under the employee assistance plans and various wellness programs.

In the Test Year (TY) 2024 General Rate Cases (GRC), Southern California Gas Company (SoCalGas) did not seek recovery of all compensation. Consistent with P.U. Code Section 706 and Resolution E-4963, SoCalGas did not seek recovery of forecasted compensation and benefits costs for SoCalGas' officers in the TY 2024 GRC. In addition, SoCalGas voluntarily excluded forecasted Long-Term Incentive Plan (LTIP) costs for all eligible employees and forecasted compensation and benefits costs for Sempra SEC Rule 240.3b-7 officers.

For employees of SoCalGas who are not Resolution E-4963 officers, in Decision (D.) 24-12-074, the California Public Utilities Commission resolved Southern California Gas Company's (SoCalGas') 2024 General Rate Case ("2024 GRC"), authorizing SoCalGas to recover the costs set forth below.

- **Base Salaries:** the costs for SoCalGas employee base salaries, except as expressly noted in D.24-12-074;
- **Spot Cash and Employee Recognition ("Bonus" column in schedule):** the costs for SoCalGas employee spot cash and employee recognition;
- **ICP/Variable Pay (Non-Equity Incentive Plan Compensation column in schedule):**
 - 31% of the forecast costs for SoCalGas Executive ICP;
 - 41% of the forecast costs for SoCalGas Non-Executive ICP;
- **Pension:**
 - The costs for SoCalGas' qualified pension plan;
 - 43% of the forecast costs for SoCalGas' nonqualified pension and nonqualified savings plan;
- **All Other Compensation:**
 - the costs for SoCalGas' qualified 401(k) retirement savings plan;
 - none of the costs for certain other executive benefits, such as financial planning, which were not requested in the 2024 GRC; and
 - a portion of the forecast costs for health and welfare benefits for employees.

**ADDITIONAL REPORTING REQUIRED BY ASSEMBLY BILL 1167 (PUBLIC UTILITIES CODE
§ 748.3)**

Additional Reporting Required by AB 1167 (Public Utilities Code 748.3)

Assembly Bill (AB) 1167 added Public Utilities Code § 748.3 (Section 748.3) requiring, among other things, utilities to include new disclosures in their GO 77-M reports, due May 31, 2026 and annually thereafter. GO 77-M reports are based on the prior year, making 2025 the record year for this report. Because Section 748.3 was not in effect until January 1, 2026, a tracking framework consistent with the requirements of AB 1167 did not exist in 2025. As explained in further detail below, SoCalGas nevertheless prepared the following reports in good faith using reasonably available 2025 data or estimates, unless no reasonably available data or estimates for 2025 could be provided.

Covered Business Units Report

Subdivision (a)(4)¹ defines a “covered business unit” as “a division, department, or other organizational employee group within a utility that performs activities specified in subdivision (b).” This definition of a covered business unit expressly ties to the performance of activities specified under Subdivision (b), which includes political influence activities, promotional advertising, investor relations² and activities (marketing, administration and customer service) related to products and services not regulated by the Commission³ (these activities collectively, “Subdivision (b) Activities”).

Because covered business units, as defined in Subdivision (a)(4), were not identified prior to or during the 2025 record year and the provisions of the statute (including subpart (b)) did not go into effect until January 2026, tracking of below-the-line (“BTL”) activities using the definitions in Section 748.3 did not occur in that year. In a good faith effort to comply with the reporting provision, the following report is based on organizational groups within the utility that are generally understood to engage in BTL activities comparable to Subdivision (b) Activities but does not include individual employees outside those groups who may have engaged in Subdivision (b) Activities.

¹ Each reference to a Subdivision is a reference to a Subdivision of P.U. Code Section 748.3.

² The investor relations group does not exist within SoCalGas and therefore is not a covered business unit as defined in Subdivision (a)(4); it is instead part of the Sempra holding company.

³ SoCalGas does not have unregulated activities which fit the definition in Subdivision (b)(7).

Participation in Commission Proceedings Report

Subdivision (e)(1)(C) requires a detailed accounting of expenses booked to an above-the-line account for employee and outside vendor participation in Commission proceedings to which the utility is a party. Participation is not defined in the statute. SoCalGas interprets participation to mean time spent appearing at hearings, workshops, oral arguments or other types of proceedings before the Commission or Administrative Law Judges. Since Section 748.3 did not go into effect until January 2026, SoCalGas did not track such employee participation in Commission proceedings in 2025, and no reasonably accurate report or estimate of such time is available.
