

SEPTEMBER 30, 2019, 10 A.M. – 4 P.M.

TRIBAL CONSULTATION

On tribal broadband needs & solutions, and a proposed tribal land transfer policy

The CPUC is now considering a proposed land transfer policy requiring Investor Owned Utilities to notify the appropriate California tribe(s) at the time the utility determines it will dispose of surplus properties or retained land located in or adjacent to a tribe’s territory. This policy adopts a preference for the transfer of non-FERC jurisdictional surplus property, including retained land, to California tribes.

The broadband discussion will center tribal input on current broadband and voice service needs, and models (with funding) to meet these needs.

To request a group or individual consultation on Sep 30 between 2-4pm in the afternoon please email Michael.Minkus@cpuc.ca.gov.

The CPUC regulates privately owned electric, natural gas, telecommunications, water, railroad, rail transit, and passenger transportation companies.

You're Invited!

**September 30,
2019**

10 a.m. - 4 p.m.
