Empowering Your Success: A Message from the State Treasurer

Dear Friends,

As your State Treasurer, I am honored to present this Resource Guide for Small Businesses and Families, which reflects my commitment to ensuring that all Californians have access to the resources, support, and financial tools needed to thrive in the Golden State. This guide is designed to help you navigate the many opportunities available for financial growth and resilience in our great state.

California has long been a state of innovation, diversity, and opportunity. In that spirit, this guide brings together an array of programs, financial products, and services tailored to meet your unique needs. Whether you are looking to expand your business, purchase a home, reduce energy costs, or plan for your family's future, you'll find valuable information to help you achieve your goals.

A strong and thriving economy begins with the success of small businesses and the families who fuel our local communities. Small businesses are the backbone of our state's economy, creating jobs and fostering economic growth for our local communities. Equally important are the families who make up those communities, striving every day to build a secure future. This guide is part of my office's ongoing effort to support you in these endeavors by providing access to affordable financing, grants, and resources that can make a tangible difference in your lives.

The California State Treasurer's Office is proud to be your partner in building a prosperous and sustainable future. Thank you for your hard work, dedication, and resilience. Together, we are building a brighter future for all Californians.

In Peace & Friendship,

Fiona Ma, CPA
