**NOTIFICATION OF
SAN DIEGO GAS & ELECTRIC COMPANY'S
REQUEST TO INCREASE RATES
ASSOCIATED WITH TREE TRIMMING
NO. A.20-07-003**

On July 1, 2020, San Diego Gas & Electric Company (SDG&E®) filed an application with the California Public Utilities Commission (CPUC) seeking to increase rates to recover funds recorded in the Tree Trimming Balancing Account (TTBA). SDG&E is requesting recovery of \$10.4 million (or 0.2%) associated with additional spending in 2019 recorded in the TTBA.

HOW WILL THIS AFFECT MY ELECTRIC BILL?

If the CPUC approves SDG&E's request for an electric rate increase for this application, the average bill for a typical bundled residential customer living in the inland climate zone and using 400 kWh per month would increase \$0.29 (or 0.3%) in 2021. Individual customer bills may vary. **New rates would become effective in January 2021.**

CPUC PROCESS

This application will be assigned to a judge, who will consider proposals and evidence presented during the formal hearing process. The judge will issue a proposed decision which may adopt SDG&E's application, modify or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners.

The Public Advocates Office may review this application. The Public Advocates Office is the independent consumer advocate within the CPUC with a statutory mandate to represent customers of investor-owned utilities to obtain the lowest possible rate for service consistent with safe and reliable service and the state's environmental policy goals. For more information please call (415) 703-1584, email PublicAdvocatesOffice@cpuc.ca.gov, or visit publicadvocates.cpuc.ca.gov.
