NOTICE OF ADVICE LETTER FILING SAN JOSE WATER COMPANY'S FILING TO INCREASE WATER RATES ADVICE LETTER 561

Effective July 1, 2021, Valley Water, the wholesale water supply agency to San Jose Water Company (SJWC), will increase rates for purchased water and groundwater extraction fees charged to SJWC. If the CPUC approves this advice letter, effective July 1, 2021, rates will be recalculated to reflect actual water consumption in 2021. This will impact your bill.

Why is SJWC requesting this increase?

SJWC pays fees to pump groundwater and to purchase treated water from Valley Water, Santa Clara County's wholesale water supply agency. On May 11, 2021, the Valley Water Board of Directors voted to increase wholesale water charges by 9.1% effective July 1, 2021 through June 30, 2022. SJWC purchases over 90% of its water supply from Valley Water and delivers it to homes and businesses. The cost of this water supply is passed through to customers at cost. SJWC is filing Advice Letter 561 to recover the pass-through increase.

How could this affect my water bill?

If SJWC's rate request is approved by the CPUC, the monthly bill for the typical residential customer with a 3/4-inch meter using 11 Ccf per month would increase by approximately \$4.18 (or 4.38%) from \$95.30 at present rates, to \$99.48 starting July 1, 2021. This amount will be reflected on customers' bills as additional surcharges. A comparison of the current rates and the rates proposed is as follows:

Tariff Schedules No. 1. General Metered Service, Schedule No. 1B General Metered Service With Fire Sprinkler System and Schedule No. 1C General Metered Service, Mountain District, and Schedule RW Raw Water Service

	Current Surcharge	Proposed Surcharge
Surcharge to offset Valley Water 2021 increase for Purchased Water per Ccf (100 cu. ft.):	\$0	\$0.2505
Surcharge to offset Valley Water 2021 increase for Ground Water per Ccf (100 cu. ft.):	\$0	\$0.1292

Tariff Schedules No. RCW Recycled Water Service

	Current Surcharge	Proposed Credit
Credit to offset SBWR 2021 decrease for Purchased Water per Ccf (100 cu. ft.):	\$0	\$0.2591

How does the rest of this process work?

This Advice Letter will be reviewed by staff in the Water Division of the CPUC. They will determine if the request is reasonable and determine if modifications are necessary.

Protests and Responses to Advice Letter #561

The deadline to protest this advice letter is June 16, 2021. Please include “Advice Letter #561” in any response or protest you submit.

The reasons for the protest can be one of the following:

- 1) The utility did not properly serve or give notice of the advice letter;
- 2) The relief requested in the advice letter would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies;
- 3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- 4) The relief requested in the advice letter is pending before the CPUC in a formal proceeding;
- 5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- 6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the CPUC).

If you would like to submit a protest or response about this advice letter, please write to:

California Public Utilities Commission
Water Division, 3rd Floor
