INSIDE WIRE (IW) INFORMATION

Inside Wire (IW) is that portion of the telephone line that connects the jack at the customer's premises to Frontier's line at a demarcation point determined by Frontier in accordance with orders of the California Public Utilities Commission. In most cases, Frontier uses a Standard Network Interface (SNI) as its demarcation point.

IW is considered the property of the building owner. If the building owner is a landlord, he or she is responsible for installing one usable jack per rental unit, for placing and maintaining the IW in good working order, and for ensuring that the IW meets applicable industry standards. **Under state law, residential landlords—not tenants—are responsible for repairs to, and maintenance of, inside wire. You should always contact your landlord before authorizing any repairs.**

Frontier will install or repair IW. We will work with you to determine whether a malfunction in a telephone line is located with your IW or in the Frontier network and will inform you of your options if it is determined that your IW is at fault.

You are responsible for reporting malfunctions of the telephone line to Frontier. When you report trouble on your telephone line, you will be requested to perform a simple trouble isolation test of the IW at the SNI.

For customers who want to receive the peace of mind that Frontier will handle IW troubles, Frontier offers Wire Care for a small monthly fee. Frontier Wire Care is immediately available to new customers at the time service is installed or after a 30-day waiting period for existing customers. Existing customers may also elect to have the plan effective immediately by

subscribing to Frontier Wire Care Alternative Offer with a one-year commitment and a \$39.99 activation fee (no additional element fees apply).

Frontier Wire Care, per line, per month \$10.50

Frontier Wire Care Alternative Offer –

One year commitment, per line per month \$10.50

One time activation fee (no additional element fees apply) \$39.99

Early termination fee if you cancel this service in less than 12 months \$50.00

INSIDE WIRE SERVICES

When you report that your telephone line is malfunctioning, Frontier will ask you to unplug the IW at the SNI and plug a phone that you know to be in working order into the SNI. If you do not have an SNI installed at your location or premise, Frontier will perform the trouble isolation free of charge. If the phone doesn't work at the SNI, the trouble is assumed to be in Frontier's network. At your request, Frontier will arrange for repair as soon as practical, at no charge. If your presence is required you have the right, in accordance with state law, to a 4-hour appointment window, to commence at a mutually agreed upon time. Be advised that if you decline to perform the test at the SNI, Frontier will perform the test upon arrival. **If the trouble is in your IW, you will be charged \$86.64 premise visit fee for the time Frontier spent performing the appropriate isolation tests, including travel time. This charge will also apply even if you decline to have Frontier complete your repair work.**

You have options to repair your IW: you can fix it yourself or hire a provider of your choice. Frontier offers several repair options described below.

For customers without a Frontier Wire Care (maintenance) plan, Frontier will perform one-time repair or related work at rate schedules that vary by day and time. **During regular business hours, Monday through Friday from 8 a.m. to 5 p.m., repair or related work will be performed at your request for \$85.00 for the first hour, including travel time and locating the trouble. A fee of \$21.00 for each additional 15 minutes or portion thereof applies for the remaining work time. After Regular Business Hours, Monday through Friday from 5 p.m. until 8 a.m. and Saturday, fees are \$127.00 for the first hour or portion thereof, including travel time, locating the trouble and \$31.00 for each additional 15 minutes or portion thereof. Increased rates apply on Sundays and holidays. Travel time is included in determining all billing calculations.**

CALIFORNIA LIFELINE PROGRAM

The California Public Utilities Commission's California LifeLine program provides discounts on phone services to qualified residential households. Consumers must be approved before receiving the California LifeLine discounts. For more information on program eligibility, go to www.cpuc.ca.gov/LifeLine.

HOW TO APPLY FOR THE CALIFORNIA LIFELINE DISCOUNTS

If you think your household qualifies for the California LifeLine discounts, call Frontier at 800-794-4741 to review the program and eligibility rules. Should you choose to apply, we will inform the California LifeLine Administrator to mail you an application form in a **PINK** envelope, which will include a Personal Identification Number (PIN). You can apply online at www.californialifeline.com by using your PIN, or you can complete, sign, and mail the application

form and any required proof of eligibility by the response date indicated on the form. If you do not return the completed application form, or fail to provide the required documentation, your application will be denied and you will not receive the California LifeLine discounts. You will continue to pay the regular rates for your phone service. If you apply to be in California LifeLine, you will pay the regular rates for your phone service until your application is approved. To help you pay the up-front costs of establishing your phone service, like the service installation/connection fee, service conversion fee, or applicable deposits, you can request to be on an interest-free payment plan. After being approved by the California LifeLine Administrator, you will be refunded the difference between the regular rates and the California LifeLine discounted rates for your phone service. The refund and the California LifeLine discounts will be retroactive to the date your service began or the date you requested to be enrolled, whichever is later. If your bill has a net credit balance of \$10.00 or more, you may request a refund check from Frontier. Otherwise, the refund will appear as a credit on your account.

ONLY ONE CALIFORNIA LIFELINE DISCOUNTED SERVICE PER HOUSEHOLD IS ALLOWED

Each household must choose to get the discount either on a primary residence home phone or on a cell phone, but not on both. Households cannot get the discount from multiple phone companies. Only one California LifeLine discount per household is allowed, except for TTY users for Deaf and Disabled

Telecommunications Program participants, in which case a second phone line for use with the TTY equipment may be discounted. Households that do not follow the California LifeLine one-discounted-service-per-household rule will lose their discounts and may be prosecuted by the U.S. government.

Individuals can also be punished for giving false information to get the discounts. Penalties can include losing the discounts, monetary fines and/or being banned from the California LifeLine Program, or imprisonment. The discounts can only be for the primary residence. Discounts are non-transferable from one person to another. California LifeLine participants may transfer their discounts from one phone company to another, but you may NOT have more than one phone line active with the California LifeLine discounts. If you choose to transfer your California LifeLine discounts from Frontier to another California LifeLine provider, then Frontier will charge retail rates for you to continue using your phone service.

HOW TO KEEP YOUR CALIFORNIA LIFELINE DISCOUNTS

You must renew your California LifeLine participation annually. The California LifeLine Administrator will mail you a renewal form in a PINK envelope with a Personal Identification Number (PIN). You can renew online at www.californialifeline.com by using your PIN, or by mail, or by calling the California Lifeline Administrator. If you do not renew before the response date, you will lose the California LifeLine discounts and will be charged the regular rates. If you would like to renew by phone or have questions about your renewal, contact the California LifeLine Administrator at 877-858-7463 or 888-858-7889 (TTY) from 7 a.m. to 7 p.m., Monday through Friday. If you believe your household no longer qualifies for the discounts, or if your

household is getting more than one discount by mistake, you must inform Frontier or the California LifeLine Administrator within 30 days. If you do not follow this notification rule, you may be penalized.

DE-ENROLLMENT RULES

Your household may lose the California LifeLine discounts if your household no longer qualifies, is already receiving the discounts (except for TTY), violates the California LifeLine Program's rules, or does not renew the discounts on an annual basis.
