NOTICE OF ADVICE LETTER FILING SAN JOSE WATER COMPANY'S FILING TO INCREASE WATER RATES ADVICE LETTER 605

Why am I receiving this notice?

On November 21, 2023, San Jose Water Company (SJW) submitted Advice Letter 605 with the California Public Utilities Commission (CPUC).

If the CPUC approves this advice letter, effective January 1, 2024, rates will be increased to reflect actual water consumption during 2024. This will increase your bill.

Why is SJW requesting this rate increase?

SJW filed General Rate Case Application 21-01-003 with the CPUC requesting authority for an increase in revenues for the years 2022-2024. In Decision 22-10-005 of this application, the CPUC approved a revenue increase of \$25,074,000 or 6.0% for 2022 (approved via Advice Letter 583), and a revenue increase of \$18,417,577 or 4.0% for 2023 (via Advice Letter 586). This Advice Letter seeks a revenue increase of \$21,270,000 or 4.16% for 2024, the third year in this current General Rate Case cycle. These increases are necessary to fund the significant infrastructure improvements that ensure safe and reliable water service.

How could this affect my water bill?

If SJW's advice letter request is approved by the CPUC, the average residential bill with a 3/4-inch meter and using 11 CCF (1 CCF = 748 gallons) per month would increase by approximately \$4.719 or 4.14% per month, from \$113.96 at present rates, to \$118.67 in 2024.

All Other Usage	\$6.5194	\$6.7698	\$0.2504	3.8%

The amounts shown on your water bill may vary from the dollar amounts shown above due to temporary credits or surcharges in effect.

How does the rest of this process work?

This Advice Letter will be reviewed by staff in the Water Division of the CPUC. They will determine if the request is reasonable and determine if modifications are necessary.

Protests and Responses to Advice Letter 605

The deadline to protest this advice letter is **December 11, 2023**. Please include “**Advice Letter 605**” in any response or protest you submit.

The reasons for the protest can be one of the following:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the CPUC in a formal proceeding;
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the CPUC).
