**NOTICE OF PUBLIC FORUMS (Public Participation Hearing)
SAN GABRIEL VALLEY WATER COMPANY
REQUEST TO INCREASE WATER RATES
LOS ANGELES COUNTY DIVISION
APPLICATION 25-01-001**

How can I participate?

San Gabriel Valley Water Company (SGVWC) and the California Public Utilities Commission (CPUC) would like to hear from you. You are invited to participate in a Public Forum, also called a Public Participation Hearing (PPH), about SGVWC's Application 25-01-001.

These Public Forums are part of a formal proceeding that will be documented and placed into the formal record so the CPUC can make a decision about SGVWC's request. You can make comments and raise concerns to the CPUC Administrative Law Judge overseeing this application.

You can also provide written public comments at any time during the proceeding at apps.cpuc.ca.gov/c/A2501001.

Where and when will this/these Public Forum(s) be held?

Tuesday July 8, 2025, at 2 p.m. and 6 p.m.

These remote PPHs can be accessed as follows:

To listen and/or comment publicly: 1-800-857-1917 Public Access: 1673482# Press *1 to alert the operator you want to speak.	To view online: www.adminmonitor.com/ca/cpuc/
--	---

Updates and further information are available at: www.cpuc.ca.gov/pph.

To participate and provide public comment, dial the toll-free telephone number and passcode noted above. When it is time for public comment, the Administrative Law Judge will make an announcement through the telephone line for those who wish to speak. Participants who wish to speak must then press *1 (star one) to alert the operator, who will line up the speakers one-at-a-time and announce each speaker's name at the allotted time.

The CPUC's court reporters will transcribe/record the statements made during the hearings and post the transcripts on the CPUC's website in the Docket Card for this proceeding, which may be accessed at apps.cpuc.ca.gov/p/A2501001.

Please note: If you need a language interpreter, please contact the CPUC's Public Advisor's Office using the contact information at the end of this notice at least five business days before the Public Forum.

Why am I receiving this notice?

On January 2, 2025, SGVWC filed General Rate Case (GRC) Application 25-01-001 with the CPUC. The application requests rate increases in SGVWC's Los Angeles County and Fontana Water Company divisions covering the fiscal years (July – June) 2026-2027, 2027-2028, and 2028-2029. If the CPUC approves this application, SGVWC will recover forecasted costs in rates over a three-year period beginning July 1, 2026. This will increase your bill.

Why is SGVWC requesting this rate increase?

The CPUC requires SGVWC to file a GRC application every three years. The purpose of this GRC is for SGVWC to recover its anticipated costs from July 2026 through June 2029. SGVWC projects that it will need to increase rates during this period as a result of the need to replace and upgrade aging infrastructure and to recover increases in employee labor, benefits, and other expenses as a result of wage inflation and rising operating costs.

How could this affect my water bill?

If SGVWC's rate request is approved by the CPUC, the average residential customer in the Los Angeles County division with a 5/8-inch meter using 10 Ccf (1 Ccf = 748 gallons) per month would see an increase of \$11.93 or 15.4%, from \$77.50 to \$89.43 in July 2026. In July 2027, the average residential customer in the Los Angeles County division would see a monthly bill increase of \$3.68 or 4.1%, from \$89.43 to \$93.11. In July 2028, the average residential customer in the Los Angeles County division would see a monthly bill increase of \$3.96 or 4.2%, from \$93.11 to \$97.07.

For qualifying residential customers enrolled in SGVWC's low-income customer rate assistance program, known as CAP, the average customer with a 5/8-inch meter using 10 Ccf per month would see an increase of \$9.90 or 15.4%, from \$64.12 to \$74.02 in July 2026. In July 2027, the average customer would see a monthly bill increase of \$3.68 or 5.0%, from \$74.02 to \$77.70. In July 2028, the average customer would see a monthly bill increase of \$3.96 or 5.1%, from \$77.70 to \$81.66.

Customers can reduce or even eliminate the impact of these increases by conserving water.

How does the rest of this process work?

This application has been assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SGVWC's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SGVWC's application, including the Public Advocates Office, which is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels.
