What is Being Requested?

Golden State Water Company (GSWC) filed Application 26-01-015 with the California Public Utilities Commission's (CPUC) to request authorization to purchase the Artesia Service Area (ASA) and all of its associated public utility assets from the City of Norwalk. The proposed sale is valued at \$5,250,000.

How Would This Impact the Average Residential Ratepayer?

If the request is approved, **current GSWC customers will not see an immediate impact.** An average residential customer in the ASA with a 5/8 x 3/4" meter using 8 ccf (1 ccf = 748 gallons) per month would see a rate increase of approximately \$11.98 per month. The actual impact will vary based on usage and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.
