

California Public Utilities Commission

CPUC Wildfire Safety & Regulatory Oversight Wildfire Investigations, PSPS Compliance, and Wildfire Mitigation Plans

Please join the California Public Utilities Commission (CPUC) on **Wednesday, March 26, at 10 a.m.** for an in-depth webinar exploring the role of the CPUC in wildfire oversight and mitigation.

In this webinar staff will discuss wildfire mitigation plans, CPUC's role in oversight, and the tracking of implementation efforts. We will also provide an overview of CPUC's collaboration with other state agencies and the process of conducting Public Safety Power Shutoff (PSPS) and wildfire oversight. We will also review enforcement actions and present a real-life case study of a PSPS/wildfire investigation.

This session is essential for industry professionals, policymakers, and stakeholders involved in wildfire prevention and regulatory compliance. Don't miss this opportunity to gain valuable insights and stay informed on evolving wildfire mitigation strategies.

There will be a Q and A session after the presentation to provide attendees an opportunity to ask questions on the topics discussed.

Webinar Details

Wednesday, March 26, 2025

10 a.m. – 12 p.m.

Registration is required – register [HERE](#)
